BOARD POLICY

A Program Statement shall be prepared to support the College's funding request for the design and construction of a project that is estimated to cost more than the limit established by the State Building Division for the requirement of a Program Statement (currently seven hundred five thousand dollars [$705,000] until January 1, 2022), excluding funds provided by the Task Force for Building Renewal for deferred repairs, energy conservation, ADA or fire-life safety projects. This document is generally prepared by an architect/engineering firm with input from College personnel on the programmatic need for the project on that campus and shall contain specific data to assist the Board in analyzing and approving the request. When preparing a program statement, refer to Board Policy 8036: Facilities; Planning for Technology.

Requests for appropriations will follow the procedures adopted by the State Building Division for Capital Construction projects:

1. Year one: request will be for planning funds (Program Statement)
2. Year(s) two, three, etc.: requests will be for design plans and construction funds

The Program Statement shall be submitted to the Board for review at least five (5) weeks prior to the request for approval of the document. Following review by the Board, System Office staff, personnel from the Governor's Budget Office, the Legislative Fiscal Office, the State Building Division and other designated persons, the document will be considered for approval, after which time it will be submitted to the Governor's Budget Office, Building Division, Legislative Fiscal Office and the Coordinating Commission for Postsecondary Education (CCPE). Revenue Bond documents are exempt from CCPE review. No contract for the design, construction of a new facility, major modification or repair of an existing facility may be initiated unless an acceptable Program Statement has been approved by the Board.

If more than two (2) years elapse after the Program Statement is approved by the Board, an update to the document shall be prepared. The update shall include a revised project budget and construction schedule.
