BOARD POLICY

Every student living in a State College residence hall shall be required to contract for the food service program. Other students may also participate in the food service program at the same fee schedule provided to college-housed students. Exemptions to this requirement may be approved in accordance with campus policies and procedures for students whose individual circumstances warrant such exceptions.

The President is authorized to provide waivers to students for food service contracts and shall submit an annual report to the Board of Trustees in April in the format established by the System Office.

Meal plans shall be developed and offered for full-time students living on campus, as well as those enrolled as part-time students.

Each college shall establish student board rates to be approved by the Board. The administration shall also require that all charges be paid in advance, either quarterly, monthly, or by a campus-developed installment plan. An administrative fee may be collected from students who do not pay board charges in full at the beginning of the semester.

Refunds of board payments will be in accordance with campus policies.

In case of non-compliance by a student in making board payments to the institution, the college shall suspend the delinquent student and withhold all records.
