ITEMS FOR INFORMATION AND DISCUSSION

Academic and Personnel

Non-Resident Scholars Reports

A summary of the 2003-04 non-resident scholars and student opportunity award reports were presented to the Board. (Summaries are attached to the official minutes.)

Board of Trustees Scholarship Report

The 2004 Board of Trustees scholarship report was presented to the Board.

Fiscal and Facilities

Review of Preliminary Operating Budget Requests

Budget preparation continues in the System Office and at the colleges. Budget requests will be presented to the Board for approval at the June meeting.

Potential Occupancy and Income Reports

The colleges provided potential 2004-05 occupancy and income projections. (Copies are attached to the official minutes.)

Peru, Majors Hall Lease Renewal

Peru's request to renew the A.D. Majors Hall lease agreement for July 1, 2004 through June 30, 2005 at a rate of \$1.13 per square foot for 26,514 square feet (for a total of \$29,960.82) has been approved by the Executive Director. The college is also authorized to use general funds to pay annual utility costs, with the cost not to exceed \$7,423.92.

Grant Applications and Award

The following grant applications and awards were presented to the Board for information.

Peru State College Application

 Environmental Monitoring Research Proposal (University of Nebraska – Lincoln) --\$5,975

Wayne State College Applications

- Communicate Open Source Development to K-12 Educational Institutions (Corporation for National Service through the Midwest Consortium for Service-Learning in Higher Education) -- \$2,000
- Developing Learning Communities with High School Teachers (Corporation for National Service through the Midwest Consortium for Service-Learning in Higher Education) -- \$1,100
- Earth Week Project 2004 (U.S. Environmental Protection Agency, Region 7) --\$5.000
- PC Hardware Needs Analysis, Construction, and Implementation (Corporation for National Service through the Midwest Consortium for Service-Learning in Higher Education) -- \$2,000

Wayne State College Awards

- Alternative Spring Break (Corporation for National Service through the Midwest Consortium for Service-Learning in Higher Education) -- \$2,000
- Cultivating the Arts in Nebraska (Nebraska Arts Council through the Nebraska Alliance for Arts Education (NAAE)) -- \$500
- Northeast Nebraska P-16 Council Meeting (Nebraska Department of Education) --\$5,000
- Sculpture Residency (Nebraska Arts Council) -- \$500

Contracts and Change Orders

The following contracts and change orders were presented to the Board for information.

Chadron State College Contracts

- Reta King Library (professional services—tie-in Library to the chilled water system)
 -- \$14.977
- Edna Work Hall (asbestos abatement) -- \$14,900

Peru State College Contracts

- Campus Steam Line near Jindra Fine Arts (emergency repair of condensate line) --\$5,000
- Al Wheeler Activity Center (refinish and paint portable wood floor) -- \$18,500
- Centennial Complex and Hoyt Science (door replacement) -- \$17,596
- Al Wheeler Activity Center (structural augmentation design work) -- \$9,880 plus reimbursables not to exceed \$1,200
- Al Wheeler Activity Center (site work modifications design work) -- \$13,400 plus reimbursables not to exceed \$1,200
- Campus Quad Area (provide and install and automatic sprinkler system) -- \$9,880 plus reimbursables not to exceed \$1,200
- Main Campus Area (prepare, plant and maintain flower beds) -- \$21,000
- Parking Area (lease of area) -- \$600

Wayne State College Contracts

- Hahn Administration (remodel business services area) -- \$20,552
- Education Building (convert storage area to offices) -- \$7,140
- Track/Stadium (press box improvements, repairs) -- \$39,579

Peru State College Change Orders

- Boiler (#1A steam piping add, steam drip repair, replace leaking flanges, 2 valves) \$0.00 (\$7,466.84 from Discovery Allowance)
- Boiler (#2A change 6" and 8" threaded pipe to welding pipe w/drip stations) --\$15,400.08 (\$2,533.16 from Discovery Allowance)
- Campus Quad Area (#1 grading and installation of sod) -- \$11,561 (plus \$800 if regrading is needed due to heavy rain)

Wayne State College Change Orders

- Track/Stadium (#6 additional soil testing costs) -- \$10,496.50
- Bowen Hall (#1 change fire sprinklers to recessed heads) -- \$8,320

Final Completion of Eliza Morgan Residence Hall Renovation-Phase I – Peru

The final completion inspection of the Eliza Morgan Residence Hall Renovation-Phase I project was held on March 10, 2004.

MISCELLANEOUS INFORMATION ITEMS

Executive Director's Report

Executive Director Carpenter was pleased to announce the one-half percent reduction to the NSC appropriation had held through the legislative process. Carpenter asked that all trustees provide reimbursement requests to the System Office by May 28. He thanked Sheri Irwin for her role in putting together the CASE workshop held April 6. The next meeting of the Board of Trustees will be held June 10 at Hillcrest Country Club in Lincoln. Jeff Pappa will be at the meeting to provide a report on the Branding/Marketing Initiative. Chair Lindau and Carpenter will discuss the establishment of the Tuition Task Force and the new Branding/Marketing/Enrollment standing committee.

Executive Director Carpenter noted the NSC would make its budget presentation to the Coordinating Commission July 27. He also asked the Board members to review the proposed schedule of meeting dates provided in the Board materials.

The following will provide greetings from the Board of Trustees at the NSC institution commencement ceremonies:

Willa Kosman – Chadron Bill Roskens – Peru Sheryl Lindau – Wayne

Presidents' Reports

President Johnson announced that Zoon Wood, PSC Director of Diversity Programs, had been asked to be the keynote speaker at a national diversity conference in Oakland, California. Members of the ARC staff presented Dr. Korinne Tande with an award for her dedication to completing the successful NCATE accreditation process.

President Krepel reported that Jim Krotz would be the speaker at May commencement, approximately 1900 students attended Scholastic Day recently, the CSC wrestling coach had been named president-elect of the NCAA Division II wrestling association and several meetings were being held to discuss the upcoming NCATE accreditation visit. Dr. Krepel distributed the schedule for the Post Playhouse, which CSC helps sponsor.

Interim President Frye noted that Dr. Richard Collings, WSC President designate, is anxious to begin his tenure at Wayne. Mr. Frye further noted the college would need to have an interim Vice President for Academic Affairs, as the current VPAA, Dr. David Fuller, had accepted the presidency at Minot State.

Chair Lindau thanked Curt Frye for his work as the Interim President at Wayne.

Student Trustees' Reports

PSC Student Trustee Koso reported that 'Spring Fling' activities would be beginning next week at PSC. She thanked the Board for the opportunity to serve as the student trustee from Peru.

CSC Student Trustee Ramsey announced many activities were occurring on campus. Additionally, she reported that the Student Senate had conducted

a smoking survey and certain dorms had since been designated as 'non-smoking'. She also thanked the Board for the opportunity to serve as the student trustee from Chadron.

WSC Student Trustee Arterburn reported on the many activities occurring at WSC this semester. She too thanked the Board for the opportunity to serve as the WSC student trustee.

Appointment of Board Nominating Committee

Board Chair Lindau appointed Trustees Halbert, Roskens and Teahon to serve as the nominating committee for the 2004-2005 Board officers.

Motion was made by Trustee Teahon and seconded by Vice-Chair Lewis to move into executive session at 12:15 p.m. to discuss personnel issues. No action was taken.

Motion was made by Trustee Kosman and seconded by Vice-Chair Lewis to move out of executive session at 1:10 p.m.

Next Meeting

The next regularly scheduled meeting of the NSC Board of Trustees will be held at Lincoln, Nebraska on June 10, 2004.

ADJOURNMENT -- The meeting was adjourned at 1:20 p.m.

Respectfully submitted,

Stan Carpenter Executive Director

Persons interested in source documents relating to the above agenda items may consult the Board Book for this meeting kept on file in the Nebraska State Colleges System Office in Lincoln.

Academic, Personnel & Student Affairs Committee

Willa Kosman, Chair Doug Christensen Richard Halbert Kari Daly

June 10, 2004

ACTION: Approve the 2004-05 salary recommendations as submitted by the Executive Director and College Presidents

The Executive Director and each State College President have submitted salary recommendations for the 2004-05 fiscal year.

The Board of Trustees is asked to approve the salary recommendations which resulted from the salary policy approved at the April 16 Board meeting and repeated below:

Unionized Faculty (SCEA): As per collective bargaining agreement (2.0% across the board for all bargaining unit members with satisfactory performance).

Unionized Professional Staff (NSCPA): As per collective bargaining agreement (2.0% across the board to all bargaining unit members with satisfactory or better performance).

Unionized Support Staff (NAPE): As per collective bargaining agreement (2.0% across the board to all bargaining unit members with satisfactory or better performance).

Non-unionized Professional Staff: Each college and the System Office is authorized to provide a salary increase of 2.0% over the existing 2003-04 salary base to each non-union professional staff employee with satisfactory performance.

Non-unionized Support Staff: Each college and the System Office is authorized to provide a salary increase of 2.0% over the existing 2003-04 salary base to each non-union support staff employee with satisfactory performance.

In addition to the salary increases specified above, Board Policy 5405 calls for the employer contribution to the retirement plan to remain at 7.5%.

Academic, Personnel & Student Affairs Committee

Willa Kosman, Chair Doug Christensen Richard Halbert Kari Daly

June 10, 2004

ACTION: Approve the Distinguished Service Award recommendation submitted by Chadron State College

Board Policy 4500 allows College Presidents to make recommendations to the Board for Distinguished Service Awards. A recommendation for a Distinguished Service Award has been received from Chadron State and will be provided to Board members in a separate mailing. Questions may be asked during the Executive Session.

BOARD POLICY

Any of the Nebraska State Colleges may confer a distinguished service award upon an outstanding person who has made a significant contribution to a State College or to an alumnus who has achieved distinction and recognition, which reflects favorably upon the image of the State Colleges.

PROCEDURE

The College President must bring recommendations for Distinguished Service Awards to the Board for approval.

Each institution will give no more than four awards in any one year.

Each College shall develop criteria and procedures for the conferral of such awards.

Policy Adopted: 01/28/77 Policy Revised: 10/28/83 Policy Revised: 06/05/93 Policy Revised: 06/19/98

June 10, 2004

ACTION: Approve the Honorary Doctorate Degree submitted by Wayne State College

Board Policy 4510 allows campus Presidents to make recommendations to the Board for Honorary Doctorate Degrees. A recommendation for an Honorary Doctorate Degree has been received from Wayne State College and will be provided to Board members. Any questions will be answered during the Executive Session.

POLICY:

ACADEMICS, NEBRASKA STATE COLLEGES

4510

Honorary Degrees

Page 1 of 1

BOARD POLICY

An honorary doctoral degree may be awarded by the Board upon recommendation of the institutional President. The following honorary degrees may be granted:

- 1. Doctor of Humane Letters (L.H.D.);
- Doctor of Pedagogy (Ped.D.);
- 3. Doctor of Letters (Litt.D.);
- 4. Doctor of Science (Sc.D.); and
- 5. Doctor of Laws (L.L.D.).

PROCEDURE

- 1. The President of each State College shall, in consultation with a campus committee composed of faculty, students and administration designated by the President, select the nominees of that campus for the honorary degrees.
- 2. Nominees are to be approved by the Board prior to their notification and selection. Each campus may grant up to four honorary degrees a year.
- 3. No degree shall be conferred in consideration of the payment of money or other valuable things.
- 4. The purpose of the degree is to offer academic recognition to individuals who have distinguished themselves nationally and/or internationally, and to establish a collegiate tie with such distinguished individuals who would not otherwise be actively associated with the College, its students and staff.
- 5. Candidates cannot be active staff members of the Colleges.
- 6. An honorary degree may not be given posthumously.
- 7. The award shall be made at College graduation exercises.

Policy Adopted: 9/16/83 Policy Revised: 6/5/93

ACTION: Final Approval of Proposed Changes to Board Policy 2015 Executive Selection Process

The following changes in the executive search and selection process are recommended.

- The Executive Director, in consultation with the Board chair, will appoint and chair the search committee.
- As a result of previous action by the Board to delegate authority to hire Vice Presidents to the Presidents, the Vice President clause should be eliminated in the current policy.

Attached is a copy of Policy 2015 with the proposed changes.

June 10, 2004

ACTION: Final Approval of Proposed Changes to Board Policy 5112 Granting of Tenure; Faculty

Policy 5112 requires updating to be consistent with granting of tenure requirements recently negotiated with the faculty union and outlined in the Board of Trustee's current Agreement with the SCEA.

The College Presidents are charged with making the final decision regarding tenure. The Presidents shall make the decision based upon the standards and criterion contained in the collective bargaining Agreement and/or any other pertinent documents. The Presidents shall submit to the Executive Director a list of his/her decisions each year. The Presidents shall inform the Executive Director if his/her decision differs from the recommendation of the Vice President for Academic Affairs and/or if the decision differs from the recommendation of the Dean and/or from the College Promotion and Tenure Committee.

Attached is a copy of Policy 5112 with the proposed changes.

POLICY: 5112 Granting of Tenure; Faculty Page 1 of 3

BOARD POLICY

The Award of Tenure

Tenure is the right to reappointment from appointment term to appointment term until such time as the faculty member resigns, retires, is discharged for adequate cause, or is terminated for reasons of financial exigency or program reduction, curtailment or discontinuance. Such reappointment shall be subject to the terms and conditions of employment which exists at the commencement of each contract term. Those terms and conditions of employment are as expressly set forth in the policies adopted or authorized by the Board, and the terms and provisions of this collective bargaining agreement.

Tenure is with the institution and resides within a specific academic unit in which the faculty member is employed and not with the Nebraska State College System.

Tenure to an academic unit is awarded by the <u>college PresidentBoard</u> following peer review and recommendations <u>submitted on March 15th by the appropriate Dean and the Academic Vice President. Tenure review will include a provision for peer review, appropriate administrative review and recommendations, and the opportunity for a faculty member to provide appropriate material to support the application. by the President and the Executive Director, and in accordance with Board policies and procedures established by each institution.</u>

Tenure will not be awarded to a specific academic unit without appropriate review and recommendation by peers and supervisors. Tenure is awarded for quality of current professional performance and promise of such future performance, not merely for completing a certain length of service. In the case of academic unit tenure, it is equally incumbent on the faculty member and the administration to ensure that a tenure review occurs at the proper time. In no event shall the failure to give any notice constitute an award of continuous tenure by default. None of the provisions stated herein shall diminish any substantive rights for the acquisition of tenure which the faculty member may have acquired prior to the adoption of this Agreement.

Faculty members denied tenure at the end of seven years may grieve such denial in accordance with Board Policy 5110 and this collective bargaining Agreement.

The terms and conditions of every faculty "Probationary/Tenure Track Appointment" shall be stated or confirmed in writing and a copy will be supplied to the faculty member. Any subsequent extensions or modifications of a faculty "Probationary/ Tenure Track Appointment," and any special understandings, or any notices incumbent upon either party to provide, will be stated or confirmed in writing and a copy will be given to the faculty member.

Only faculty members who have the rank of Assistant Professor or higher are eligible for tenure status. No one shall be hired into a rank who does not meet the promotion criteria for that rank. Special appointees are not eligible for tenure.

The contract term for all faculty "Probationary/Tenure Track" appointees shall be the academic year. Regardless of the term of any individual contract, no such person has, or shall acquire, a right to reappointment for a term in excess of the academic year.

Unless an individual contract expressly provides to the contrary, the contract term for all faculty "Probationary/Tenure Track" appointees shall be the academic year. Regardless of the term of any individual contract, no such person has, or shall acquire, a right to reappointment for a term in excess of the academic year.

Reappointment of faculty "Probationary/Tenure Track" appointees shall be at the discretion of the <u>college Presidentemployer</u>. Written notice of non-renewal of a "Probationary/Tenure Track" appointee shall be in accordance with <u>applicable Board Policy 5014</u>.

POLICY: 5112 Granting of Tenure; Faculty Page 2 of 3

The college President, following peer review and recommendations by the Dean and Academic Vice President, shall decide whether a faculty member's current professional performance and promise of such future performance, as outlined in the current SCEA Agreement, warrant the award of tenure.

The President shall notify the faculty member in writing by April 1st whether or not he or she has been awarded tenure. Should the President decide not to award tenure to a faculty member, the President's written notification shall contain the reasons for this decision and shall inform the faculty member that a terminal contract will be issued for the next academic year.

A faculty member may grieve the decision to deny tenure on the basis of discrimination, violation of academic freedom, failure to follow procedures outlined in the current SCEA Agreement, or if such action is challenged as arbitrary, partial, or prejudicial.

A decision to grieve the denial of tenure shall be processed in accordance with procedures outlined in the current SCEA Agreement.

Service Requirements for Tenure Eligibility

The maximum amount of full-time probationary service to the College prior to the acquisition of a "Tenured Appointment" shall not exceed seven academic years. Only in exceptional circumstances, such as, but not limited to, maternity or parental leave, family emergencies, or as an accommodation for faculty members with disabilities, may the seven-year academic probationary period be extended.

- a) The normal time a faculty member with no prior service credit may apply for tenure is in the sixth year of full-time service to the institution. Following campus review procedures and favorable campus recommendations, tenure shallmay be awarded with the seventh contract.
 - Probationary faculty members with exceptional performance evaluations at the institution may apply for early tenure in their fifth year of service to the institution, excluding any prior service credit, provided other criteria for tenure are met. Campus review procedures will be the same as for normal tenure review. Unsuccessful early candidates may reapply under the normal tenure time frame.
- Newly-hired faculty members who have served in an untenured rank position of Assistant Professor or above at regionally accredited institutions of higher education may be given up to three years of prior service credit toward the probationary period of six years. The prior service credit must be agreed to in writing at the time of employment. Such faculty will be reviewed for tenure when the combined prior service credit and the years of continuous service to the institution equals six years. Eligibility for a tenured appointment will be with the issuance of the seventh contract including the years of credit for prior service.
- c) Newly-hired faculty members who have previously attained tenure at another regionally accredited institution of higher education may be granted up to four years of full-time credit for the prior tenured service. Prior credit for tenured service at the rank of Assistant Professor or higher may be granted toward acquiring continuous tenure status by agreement among the faculty member, the academic unit chairperson, the dean or division head, the academic vice president and the campus President. Probationary credit for prior tenured service must be agreed to in writing between the faculty member and the President prior to the initial appointment at the institution.

When credit is given for prior tenured service, such credit will apply toward the six-year probationary period service requirement. In the event that four years of credit for prior tenured service are granted, the earliest time that the faculty member shall may apply for tenure consideration will be during the second year of probationary service to the institution with tenure to be awarded in this instance no sooner than the third year of employment with the institution, if the decision is made to approve the tenure application.

POLICY: 5112 Granting of Tenure; Faculty Page 3 of 3

Terminal Contract for Failure to Achieve Tenure

Except for early tenure review, Wwhen a faculty member fails to achieve tenure after undergoing the campus review, that individual will be issued a terminal contract for the following academic year.

Tenure Recommendations

The Board shall receive the list of those individuals recommended for tenure appointments at least one Board meeting prior to the meeting at which time action is to be taken.

The President shall inform the Executive Director if the recommendations of the President and the Academic Vice President differ from the recommendations of the College Promotion and Tenure Committee, dean, division head or director.

For an individual faculty member whose employment is continuous there shall be no substantive modification in the standards and procedures for granting of tenure from those outlined in written form at initial employment.

Initial employment contracts for faculty members will specify if the appointment is tenure track or non-tenure track.

Tenured faculty reassigned to another academic unit shall retain their tenure in the new unit.

The college President shall inform the Executive Director of his or her decisions regarding tenure applications and awards, and if the recommendations of the President and the Academic Vice President differ from the recommendations of the College Promotion and Tenure Committee and dean, the Executive Director shall be so informed.

For an individual faculty member serving with a probationary/tenure track appointment, there shall be no substantive modification in the standards and procedures for granting of tenure from those outlined in written form at the time of initial employment.

Initial employment contracts for faculty members will specify if the appointment is tenure track or non-tenure track, and if the appointment is tenure track, any special or unique requirements for the award of tenure that are not specified in the current SCEA Agreement.

Tenured faculty reassigned to another academic school on the same college campus shall retain their tenure in the new school.

ACTION: Final Approval of Proposed Changes to Board Policy 5113 Promotion Criteria and Process; Faculty

Policy 5113 requires updating to be consistent with promotion and process requirements recently negotiated with the faculty union and outlined in the Board of Trustee's current <u>Agreement</u> with the SCEA.

The College Presidents are charged with making the final decision regarding promotion. The Presidents shall make the decision based upon the standards and criterion contained in the collective bargaining Agreement and/or any other pertinent documents. The Presidents shall submit to the Executive Director a list of his/her decisions each year. The Presidents shall inform the Executive Director if his/her decision differs from the recommendation of the Vice President for Academic Affairs and/or if the decision differs from the recommendation of the Dean and/or from the College Promotion and Tenure Committee.

Attached is a copy of Policy 5113 with the proposed changes.

POLICY: 5113 Promotion Criteria and Process; Faculty Page 1 of 3

BOARD POLICY

Procedure for Promotions

Faculty rank at the time of initial hire shall be determined by recommendation of the President in accordance with negotiated principles outlined in the collectively bargained faculty contract, with Board approval. The criteria that shall be used to make promotion decisions are divided into two categories, Educational Criteria and Performance Criteria. Candidates for promotion in rank must qualify under both the Educational and Performance Criteria to be promoted. In order to be eligible for promotion, a faculty member must first meet the minimum Educational Criteria as listed below. Each State College, through its President, shall consider them as only minimums for promotion. After a candidate has qualified under the minimum Educational Criteria, each candidate should provide evidence of achievement in the Performance Criteria as listed below. Once the minimum Educational Criteria have been met, promotion shall be based on the principles of demonstrated consistent performance and high substantial achievement as outlined in the Performance Criteria.

Educational and Service Criteria for Promotions

The Criteria to be used are as follows:

- a) Professor
 - 1) An earned Doctorate, or other appropriate terminal degree.
 - 2) Ten years of experience at the college level with a minimum of five continuous years of service to the college at rank of Associate Professor is required. For example, an applicant may apply for promotion to the professor rank in his or her tenth year of experience at the college level, and be awarded the promotion, if granted, at the beginning of the eleventh year, assuming five continuous years of service to the college has been completed prior to the award. (Continuous service includes periods of leave paid by the institution and temporary non-teaching assignments that a faculty member may be requested to perform.)
- b) Associate Professor
 - 1) An earned Doctorate, or other appropriate terminal degree.
 - Five years of experience at the college level including credit for prior service which was agreed to in writing prior to initial appointment and a minimum of three years of continuous service to the college at rank of Assistant Professor is required. For example, the earliest an eligible faculty member may apply for promotion to the Associate Professor rank is in the third year of service to the college provided two years of credit for prior service was agreed to in writing prior to the initial appointment. In this instance, the promotion award would be granted at the beginning of the faculty member's fourth year of service to the college and sixth year of experience at the college level.

POLICY: 5113 Promotion Criteria and Process; Faculty

Page 2 of 3

c) Assistant Professor

- A terminal degree, or in academic disciplines where significant work experiences are essential for classroom performance, such as education, computer science, and business accounting, and earned Master's degree followed by thirty (30) semester hours of study applicable toward an advanced degree, or equivalent outstanding achievement in the appropriate field. An earned Master's degree followed by 30 semester hours of study applicable toward an advanced degree, or equivalent outstanding achievement in the appropriate field.
- 2) A minimum of three years of continuous service to the college at rank of instructor is required.
- d) Instructor
 - 1) An earned Master's degree, or equivalent outstanding achievement in the appropriate field.
- E) In rare and unusual circumstances, individuals with outstanding achievement and eminence, but without the required educational and service requirements, may be considered for appointment to an academic rank upon approval of the Board.

Criteria for Calculating Credit for Prior Experience

For purposes of determining eligibility for promotion in rank in the State College System, a year of experience at the college level may be credited for each full-time academic year teaching or research assignment completed at a regionally accredited institution of higher education. Such credit is to be granted at the discretion of the college in writing at the time of initial employment. Up to three years of credit for prior experience may be granted for purposes of promotion.

Part-time, adjunct, graduate assistant, summer, and high school teaching experience shall not count toward promotion in rank. Nor shall the candidate be allowed to aggregate any prior part-time college experiences to equal one academic year.

Post doctoral studies involving either teaching or research assignments at a regionally accredited institution of higher education will constitute relevant experience for purposes of promotion. Up to three years of credit for prior experience may be granted for purposes of promotion.

In those academic disciplines where significant work experiences are essential for classroom performance, such as education, computer science, and business accounting, credit for prior experience may be negotiated at the time of initial appointment. Up to three years of credit for prior experience may be granted for purposes of promotion.

Performance Criteria for Promotions

Once the minimum Educational Criteria have been met, promotion shall be based on the principles of demonstrated consistent performance and high achievement in the Performance Criteria.

The Performance Criteria to be used are as follows:

- a) Demonstrated ability to teach and contribute to students' academic growth and development.effectively.
- b) <u>Continual preparation and study through scholarly and creative activity, which may include but not be limited to professional peer-reviewed achievements and projects. Contribution to student growth and development.</u>
- e) Scholarly and creative activity relevant to the teaching field of the faculty member.

POLICY: 5113 Promotion Criteria and Process; Faculty Page 3 of 3

- <u>cd</u>) Service to <u>college</u>, <u>the</u> institution, community, and profession.
- **de**) Professional growth.
- **ef**) Collegial relationships.

Promotion Process

Each College shall have its own internal process for recommending tenure and promotion for Board approval to the college President. This process shall:

- a) Include provision for peer review.
- b) Include provisions for student evaluation of faculty.
- c) Include the opportunity for faculty members to provide appropriate material to support the application.
- d) Include the appropriate administrative review and recommendations.
- e) State clearly that the Educational Criteria for rank promotion are minimums only, and in addition to meeting the Educational Criteria, faculty members must provide evidence of achievement that meets the Performance Criteria.

The rank promotion procedures at each College will be organized so that recommendations for tenure and promotion will be sent to the Board in the spring in time for it to act prudently on the recommendations before the end of the academic year. In practice, the Board will act on tenure and promotion recommendations at the March or April meeting each year.

The rank promotion procedures at each College will be organized so that recommendations for tenure and promotion will be sent to the college President no later than March 15th of each academic year. The President shall decide whether the faculty member's performance meets the standards set forth in the current SCEA Agreement.

The college President shall inform the faculty member in writing by April 1st whether he or she has been promoted. Should the President not promote a faculty member, the President shall give the faculty member written reasons for his or her decision.

A copy of the rank promotion procedures for each College will be placed on file with at the Executive Director Board Office.

Effective Date of Promotions

All promotions shall take effect the fall semester for the academic year immediately following the <u>promotion</u>Beard's approval.

Policy Adopted: 1/28/77 Policy Revised: 4/28/78 Policy Revised: 3/3/89 Policy Revised: 6/5/93 Policy Revised: 4/1/99 Policy Revised: 6/10/04

Willa Kosman, Chair Doug Christensen Richard Halbert Kari Daly

June 10, 2004

ACTION: Approve Proposed Changes to Board By-Law Article X; Committees and the Addition of Article XIV; Revisor of Board By-Laws and Policies

Article X lists the standing committees of the Board of Trustees. The Board now seeks to create a new Enrollment and Marketing Committee to be chaired by a Board member and to eliminate the Legislative Affairs/Public Relations Committee as a standing committee.

The proposed new article of the by-laws recommends designation of the Executive Director as Revisor of the Board's By-Laws and Policies. The language prepared in a new Article XIV is largely derived from Section 49-705 of the Revised Statutes of Nebraska, which prescribes the powers of the Nebraska Revisor of Statutes. The language prepared in Article XIV would delegate to the Executive Director, with respect to the Board's By-Laws and Policies, powers similar to the powers delegated by the Legislature to the Revisor of Statutes.

If Article XIV is adopted by the Board, the Executive Director will have authority to make (a) non-substantive editorial changes to the By-Laws and Board Policies in the process of preparing corrections and clarifications of these regulations for publication and distribution and (b) changes by the removal of obsolete matter from within a section, and removal of provisions that have been rendered unlawful by state or federal statutes and regulations, or as a result of controlling court decisions.

Attached is a copy of the proposed changes.

GOVERNANCE AND ADMINISTRATION, NEBRASKA STATE COLLEGES

BY-LAWS Page 1 of 2

ARTICLE X -- COMMITTEES

All committees of the Board shall be appointed by the Chair. Committees shall serve one year commencing July 1, and thereafter until the committees are reconstituted or discharged.

Academic, Personnel & Student Affairs

Business Affairs Fiscal & Facilities

Legislative Affairs/Public Relations Enrollment and Marketing

Committees shall have at least three members, and the Board Chair shall be an ex-officio member of all committees. Other regular committees may be created as the Board directs. The first named member of each committee shall act as Chair, call the meeting and direct the proceedings, but shall not otherwise have greater power or authority than other members.

Special committees may be created to take charge of subjects specifically referred to them. Such committees shall be appointed as ordered by the Board at the time they are created, and shall cease to exist when their work has been completed or when discharged by Board action.

ARTICLE XIV - REVISOR OF BOARD BY-LAWS AND POLICIES

The Executive Director is hereby designated as the Revisor of Bylaws and Policies adopted by the Board of Trustees. The Executive Director shall, from time to time as he or she shall deem necessary, prepare amendments, corrections or clarifications to Board bylaws and policies for publication and distribution. Publication and distribution is to be accomplished in such manner as the Executive Director determines to be most appropriate. In preparing any amendment, correction or clarification for publication and distribution, the Executive Director shall not alter the sense, meaning or effect of any act of the Board of Trustees, but may:

- 1) renumber sections and parts of sections;
- 2) rearrange sections;
- 3) change reference numbers to agree with renumbered sections or subsections;
- 4) change capitalization for the purpose of uniformity;
- 5) correct manifest clerical or typographical errors;
- 6) remove obsolete matter within any section;
- 7) remove within any section language that conflicts with any lawful and controlling statute or regulation of the State of Nebraska or of the United States, or that has been determined to be unlawful as a result of a controlling decision of a court of the State of Nebraska or of the United States, when the same can be accomplished without impairing the sense or legality of the remainder of the section;
- 8) omit any section or sections that conflict with any lawful and controlling statute or regulation of the State of Nebraska or of the United States, or that have been determined to be unlawful as a result of a controlling decision of a court of the State of Nebraska or of the United States;
- 9) correct faulty internal references, and
- 10) harmonize provisions with former acts of the Board of Trustees in these By-laws or former policies adopted by the Board.

GOVERNANCE AND ADMINISTRATION, NEBRASKA STATE COLLEGES

BY-LAWS Page 2 of 2

Changes under the authority of this section shall be effective only upon publication by the Executive Director. No change made under authority of this section shall effect any change in the substantive meaning of any section of these By-laws. If the Executive Director is in doubt whether or not a specific change is authorized by this Article, he or she shall not make the change, but shall propose the same as an agenda item for consideration by the Board of Trustees as required in Article XII of these Bylaws.

Changes made under this authority are to be reported to the Board on the information agenda.

ACTION: Approve Proposed Changes to Board Policy 2001 Committees; Board of Trustees

Attached is a copy of Policy 2001 with the proposed changes to eliminate the existing Legislative Affairs/Public Relations Committee and add a new Enrollment and Marketing standing committee.

GOVERNANCE AND ADMINISTRATION, NEBRASKA STATE COLLEGES

POLICY: 2001 Committees; Board of Trustees Page 1 of 2

BOARD POLICY

All committees of the Board shall be appointed by the Chair. Such committees serve for one year commencing on July 1, and thereafter until the committees are reconstituted or discharged. The standing committees of the Board are:

Academic, Personnel & Student Affairs

<u>Business AffairsFiscal and Facilities</u>

<u>Legislative Affairs/Public Relations</u> Enrollment and Marketing

Special committees may be created to take charge of subjects specifically referred to them. Such committees shall be appointed as ordered by the Board and shall cease to exist when their work is completed or when discharged by Board action.

Academic, Personnel and Student Affairs

This subcommittee is responsible for recommending action to the Board in such areas as:

- 1. Admission guidelines
- 2. Institutional role and mission
- 3. Academic program changes
- 4. Effectiveness of institutional programs
- 5. Scholarships
- 6. Teaching Excellence Awards
- 7. Personnel appointments
- 8. Employee compensation and benefits
- 9. Collective bargaining
- 10. Student policy issues

Business AffairsFiscal and Facilities

This committee has responsibility for recommending decisions and courses of action related to budgeting, finance, physical plant construction and facilities management:

- 1. Physical planning policies for buildings and equipment
- 2. Priorities for construction, renovation and maintenance
- 3. Management of Revenue Bond programs
- 4. Budgeting and financial policy for Board consideration
- 5. Financial reports and audits to assure effective and efficient use of resources

GOVERNANCE AND ADMINISTRATION, NEBRASKA STATE COLLEGES

POLICY: 2001 Committees; Board of Trustees Page 2 of 2

Legislative Affairs/Public Relations Enrollment and Marketing

This committee develops and recommends to the Board strategies to:

- -1. Communicate the needs and concerns of the State College System to the Legislature and Governor's Office.
- 2. Create a positive image of the State College System to the public at large through media interaction and direct communication
- 3. Foster a sense of belonging to the System among faculty and staff of the State Colleges
- 1. Broaden the general awareness of our Colleges and the entire System.
- 2. Strengthen enrollment, retention and graduation rates at the Colleges.
- 3. Create a positive image of the System to the public through media interaction and direct communication.
- 4. Communicate needs and concerns of the System to the media, legislature, and Governor's Office.
- 5. Foster a sense of belonging to the System among all employees and students.

June 10, 2004

ACTION: Approve Proposed Changes to Board Policy 2010 Executive Director/Secretary of the Board

Attached is a copy of Policy 2010 that has proposed changes to accommodate the Board's recent revisions of 2100 (Presidents Duties) and 5020 (Search and Selection Procedures), as well as a change to include the duty of revisor of Board by-laws and policies, and a change to permit the Executive Director to establish programs and otherwise adjust the terms and conditions of employment for employees not covered by collective bargaining agreements when appropriate.

GOVERNANCE AND ADMINISTRATION, NEBRASKA STATE COLLEGES

POLICY: 2010 Executive Director/Secretary of the Board Page 1 of 2

BOARD POLICY

The Board shall appoint an Executive Director/Secretary of the Board of the Nebraska State Colleges and prescribe his or her terms and duties in accordance with Board policy. The Executive Director/Secretary shall report directly to the Board on matters of policy and administration in academics and operational areas for the System.

The Executive Director is responsible for policy implementation and System administration by providing vision, leadership, planning, advocacy, coordination and management for the System with a commitment to quality management and with particular attention to maintaining and strengthening the colleges' services to Nebraska citizens. The Executive Director:

- * functions as the Chief Administrative Officer for the Board and Board Staff, and as the Chief Executive Officer of the Nebraska State College System;
- * assists the Board in policy making and to oversees, directs, and leads policy implementation through planning, fiscal management, educational program development and overall operations of the System;

The Executive Director shall have broad delegated authority to carry out the duties and responsibilities enumerated herein, including the authority to interpret and secure implementation of Board Policy and to establish administrative regulations and policy for the proper governance of the System. The Executive Director:

- * Chairs the Executive Council which is responsible for providing leadership for the general direction and operation of the System;
- * Maintains and distributes, as appropriate, minutes and records of Board proceedings and operations; makes reports as required by law; arranges Board meetings in accordance with the law; and signs contracts on behalf of the Board in accordance with Board Policy;
- * Acts with certain powers and duties in regard to publication and distribution of amendments, corrections or clarifications of the Board's adopted by-laws and policies in accordance with Article XIV of the Board's By-Laws;
- * Executes and administers the policies, decisions and rules of the Board;
- * Prepares and presents Board meeting agenda items and recommendations to the Board in a meaningful, manageable way for decision-making; acts as the person through whom matters are presented to the Board and committees of the Board, including reports, recommendations and suggestions from the colleges, their faculty members, employees and students, and agents of the executive and legislative branches of state government.
- * Makes recommendations to the Board, in which final authority resides, concerning the selection, appointment, promotion, salary, transfer, suspension, and termination of appointments of all full time faculty and professional staff in accordance with Policy 5021; Reviews and approves prior to the effective date all personnel appointments made by College Presidents that represents a new full-time position, a previously unfunded position, or an increase in budgeted FTE, and reports such changes to the Board on a regular basis.
- * Advises the Board on the recommendations of the campus presidents regarding appointments, transfers, resignations, leaves of absence, changes in tenure status, promotions, establishment of emeritus status, fixing of salaries, or termination of faculty members and other employees of the colleges and other entities governed by the Board;

GOVERNANCE AND ADMINISTRATION, NEBRASKA STATE COLLEGES

POLICY: 2010 Executive Director/Secretary of the Board Page 2 of 2

- * Coordinates Collective Bargaining within the System and implements the approved contracts;
- * Coordinates Conducts Collective bargaining within the System and implements the approved contracts.
- * Establishes programs and otherwise adjusts the terms and conditions of employment for employees not covered by collective bargaining agreements or otherwise addresses changes in policies or procedures necessary to correspond to changes provided to employees covered by collective bargaining agreements if, in the judgment of the Executive Director, the further or uniform application of such policy or benefits is appropriate.
- * Serves as the official representative of the Board and the colleges and entities it governs to the general public, the Legislature, the Office of the Governor, the Executive Branch, and to other state and federal governmental entities;
- * Acts on behalf of the Board during the interim between meetings consistent with Board Policy;
- * Takes immediate action on behalf of the Board when necessary to preserve state property or to continue operations and programs of a college;
- * Organizes and executes, under the direction of the Board, inter-institutional studies and activities between and among the State Colleges of Nebraska;
- * Reviews and analyzes the academic program recommendations and plans of the State Colleges, and submits recommendations to the Board on such programs and plans;
- * Reviews and analyzes the budget recommendations of the State Colleges, and submits recommendations on the budgets to the Board;
- * Prepares the fiscal year and biennial budget requests of the State Colleges which are submitted to the Governor and the Legislature;
- * Acts on behalf of the Board as the sole authority authorized to request opinions from the Attorney General's Office, the Department of Administrative Services, the Legislative Fiscal Office, and coordinate legal services and proceedings of the colleges and entities governed by the Board;
- * Acts as the official designee of the Board to perform any duty or hold any office required by state or federal law not otherwise assigned by the Board; and
- * Exercises such other authority and performs such other responsibilities as may be assigned directly by the Board or is implied to be necessary to carry out the above noted tasks.

ACTION: Approve Proposed Changes to Board Policy 3401 Non-Resident Scholars

Attached is a copy of Policy 3401 with proposed changes to remove the full-time enrollment requirement to allow qualified part-time undergraduate and graduate students, as well as student soldiers, to participate in the program on a part-time basis.

STUDENT AFFAIRS, NEBRASKA STATE COLLEGES

POLICY: 3401 Non-resident Scholars Page 1 of 1

BOARD POLICY

The Board has authorized a special tuition rate for nonresident scholars enrolled full or part-time. Entering freshmen must have ranked in the upper quartile of their high school class, or have a cumulative 3.25 GPA, or have a 25 ACT or 1130 cumulative SAT. Transfer students are required to hold a 3.0 cumulative GPA from previous college work.

To continue in the program, <u>undergraduate</u> students are required to maintain a cumulative 3.0 GPA.

Entering graduate students must have a cumulative GPA of 3.5 for all previous work attempted at all colleges attended prior to their enrollment at a Nebraska State College. To continue in the program, graduate students are required to maintain a 3.5 cumulative GPA.

Students who are called to active military duty while enrolled in the Non-Resident Scholars program may continue in the program either on-line or by the correspondence program.

History: The Chadron State College nonresident scholars program was implemented during the 1988-89 academic year. The Peru State and Wayne State College programs were initiated in 1990-91.

ACTION: Approve Proposed Changes to Board Policy 5007 Anti-Harassment Policy

Attached is a copy of Policy 5007 with proposed changes to develop a better focus on the prohibition of unlawful conduct in the work and learning environment. The proposed changes will also accommodate recommendations by the Boards' liability underwriter for renewal purposes.

POLICY: 5007 Anti-Harassment Policy Page 1 of 1

BOARD POLICY

It is the policy of the Nebraska State College Board of Trustees to provide a workplace free of tensions involving matters which do not relate to the System's business. In particular, an atmosphere of tension created by <u>unlawful</u> non-work-related conduct, including ethnic, racial, sexual, age, disability, or religious remarks, animosity, unwelcome sexual advances, or requests for sexual favors and such other conduct does not belong in the State College workplace <u>or learning environment</u>.

<u>Unlawful</u> <u>Hh</u>arassment of students, employees, job applicants, or any visitors to a campus by other employees or students is prohibited. <u>Unlawful</u> <u>Hh</u>arassment includes, without limitation, verbal harassment (derogatory comments and/or slurs, negative stereotyping, intimidating behavior), physical harassment (assault or physical interference), visual harassment (posters, cartoons, drawings, or improper written or graphic material), and innuendo.

Sexual harassment is a violation of state and federal law. It includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct, and other verbal or physical conduct, or visual forms of harassment of a sexual nature when submission to that conduct is either explicitly or implicitly made a term or condition of employment or is used as a basis for employment decision. Further, other forms of <u>unlawful</u> harassment include actions that have the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.

The purpose of this policy is to establish clearly and unequivocally that the Nebraska State College System prohibits unlawful harassment in any form by and of its employees and students and requires the Colleges and System Office to set forth explicit criteria and procedures by which allegations of such harassment may be filed, investigated, and adjudicated. Such criteria and procedures are to be consistent with federal regulations pertaining to employees and students as well as the principles stated in this policy.

Such campus procedures shall provide that if any employee or student has reason to believe that they or another employee or student has been <u>unlawfully</u> harassed, that person should report the violation to a supervisor or any administrative employee. If the reporting person feels that the supervisor does not give satisfactory results or if the supervisor is considered to be part of the problem, any other administrative employee should be contacted.

Any complaints reported will be kept confidential to the extent possible and the reporting person shall be assured that no negative consequences will be suffered as a result of bringing concerns to management attention in good faith. All complaints are to be promptly and thoroughly investigated. If the investigation reveals that unlawful harassment at work or on campus has taken place, disciplinary action is to be immediately taken against the appropriate person or persons.

In addition to having an explicit policy prohibiting <u>unlawful</u> harassment of any type and clearly and regularly communicating this policy to employees and students, the colleges should train and sensitize their employees and students on the issues of <u>unlawful</u> harassment, <u>sexual abuse</u>, <u>and child molestation</u> as well as their rights and the procedure to use to raise these issues. The Colleges should also develop and implement an effective complaint procedure by which employees and students can make their complaints known.

Policy Adopted: 10/26/84 Policy Revised: 3/11/94

Policy Revised:

Willa Kosman, Chair Doug Christensen Richard Halbert Kari Daly

June 10, 2004

ACTION: Approve Proposed Changes to Board Policy 5401 Early Retirement Incentive Program; Tenured Faculty

Attached is a copy of Policy 5401 with the proposed changes which extend the program from June 30, 2005 to June 30, 2007 (through the next biennium) to provide additional opportunities for tenured faculty to retire prior to age 65 and retain their health insurance benefit until Medicare eligibile.

POLICY: 5401 Early Retirement Incentive Program; Tenured Faculty

Page 1 of 2

BOARD POLICY

A voluntary early retirement incentive program is available to eligible tenured faculty as hereafter provided. This program shall exist separate and apart from, and as a supplement to, all other employee benefit programs provided in the Nebraska State College System. The goals of the program are to provide flexibility for tenured faculty to consider new or alternative career opportunities and for the State Colleges regarding their academic staffing needs and associated costs for academic programs.

In order to encourage the early retirement of tenured faculty members, the Board will provide an incentive in the form of paid premiums in the appropriate Board's group preferred provider medical and/or dental health insurance programs until the retired faculty member becomes eligible for coverage under the federal Medicare program, at which time the paid premiums shall cease.

This program will become effective July 1, 1999 and shall remain in effect for a temporary period of six fiscal years ending on June 30, 20057. This program is to remain operative through the time period indicated, with no assurances that the program will be extended or reopened beyond June 30, 20057. For the first year of this program, eligible faculty must indicate their intention to participate by May 1, 1999 for an early retirement to take effect on July 1, 1999. For retirement dates thereafter, eligible faculty must have at least 180 days from the time of the faculty member's election to retire before the retirement can take effect unless the faculty member waives that period.

Terms and Conditions of Tenured Early Retirees Program

- 1. **Eligibility.** Beginning with the effective date of this Policy, a tenured faculty member who (1) has completed at least ten (10) years of continuous service within the State College System, and (2) is sixty (60) years of age or older, will be eligible for this benefit program. Periods of approved paid leave shall not constitute an interruption of continuous service.
- 2. **Request for and Approval of Early Retirement Benefit.** Any full-time member of the faculty who is eligible for the early retirement benefit may, with the approval of the appropriate dean and academic vice president, request approval for early retirement. Faculty members wishing to apply for this benefit must provide a notice of intention to retire at least one semester ahead of time. The decision to request such a benefit is voluntary and at the sole discretion of the faculty member. No faculty member shall, in any manner, be coerced by any College officer or employee to request or accept an early retirement. Approval of a request for an early retirement is not automatic, but shall be approved or denied as the campus president in the reasonable exercise or his or her discretion shall determine is in the best interest of the College. Early retirement requests approved by the campus president must also be approved by the Board.
- 3. **Incentive Benefit.** Eligible faculty members who request and are approved for the early retirement benefit program after adoption of this policy shall retire and surrender tenure on an agreed upon date which shall not be less than 180 days after the faculty member's request, unless the faculty member elects an earlier date, in exchange for the opportunity to continue thereafter to enroll in the appropriate Board-sponsored preferred provider health and dental plan available for retired faculty members with the Board paying the full amount of the retiree's annual medical and/or dental insurance, including the portion previously paid by the faculty member, until the retiree is eligible for coverage under Medicare, at which time payments will cease.

POLICY: 5401 Early Retirement Incentive Program; Tenured Faculty

Page 2 of 2

In the event of the faculty member's death prior to becoming eligible for coverage for Medicare, the Board's obligation to pay the cost of health coverage shall cease on the first day of the month following the date of death. The faculty member's surviving spouse may elect under the Plan's continuation of coverage provisions to continue his or her health insurance coverage by paying the cost for such coverage normally paid by the spouse of a deceased retired employee.

- 4. **Early Retirement Incentive Agreement.** The specific terms and conditions of each early retirement must be approved in accordance with this Policy by the responsible campus president and shall be reduced to writing in an Early Retirement Incentive Agreement. Each Early Retirement Incentive Agreement shall include a waiver of rights and claims by the faculty member under the Federal Age Discrimination in Employment Act (29 U.S.C. Sec 621 et seq.), as amended by the Older Workers Benefit Protection Act (Oct. 26, 1990, P. L. 101-433). Such waiver shall comply with the requirements for knowing and voluntary waivers provided in 29 U.S.C. Sec. 626 (f) (1).
- 5. **Amendment and Termination.** The Board may amend or terminate this program effective as of a date specified by the Board which shall not be less than one year after notice of the amendment or termination is provided to faculty members who have met the eligibility requirements as of the date of such notice. Notwithstanding the foregoing, the Board may amend or terminate the program at any time to the extent required by applicable law.

Policy Adopted: 4/1/99 Policy Revised: 4/11/03

ACTION: Accept Report of Personnel Actions

Board Policy 5021 states that all full-time (0.75 FTE or more) and part-time (less than .75 FTE) personnel appointments, overload assignments and summer school contract extensions be approved by the Presidents and reported to the Executive Director. The information is provided to the Board for review and acceptance to establish a record of such action.

Enrollment and Marketing Committee

Bill Roskens, Chair Sheryl Lindau Wendy Alexander

June 10, 2004

ACTION: Accept Phase One of Brand and Competitive Positioning Assessment

At its November meeting, the Board decided to hire a marketing consultant to conduct a twophase program of brand research and planning for the system. At the February meeting, the Board approved hiring Carnegie Communications, LLC of Boston.

Dr. Jeff Papa of Carnegie Communications, LLC will present the survey research he and his staff have been compiling since February. This research was collected in several ways including:

- 1) Face-to-face discussions with current students
- 2) On-line surveys to all current students
- 3) Face-to-face discussions with prospective students
- 4) On-line surveys to all prospective students
- 5) Phone surveys with Nebraska guidance counselors
- 6) Phone surveys with community members
- 7) On-line surveys to college-bound students in contiguous states

Since this is the first part of two phases, the Board is asked to accept Dr. Papa's report and research at Phase I.

Enrollment and Marketing Committee

Bill Roskens, Chair Sheryl Lindau Wendy Alexander

June 10, 2004

ACTION: Approve Carnegie Communications Continuing to Phase Two of Brand Marketing Campaign Planning

The Board agreed that Carnegie Communications would first present the findings of Phase I: Brand and Competitive Positioning Assessment before approving the consulting firm to continue with Phase 2.

In Phase 2: Brand Marketing Campaign Planning, Carnegie Communications will create a written marketing campaign plan for the system. When developing the plan, Carnegie will utilize the research and conduct workshops for faculty and staff at each college.

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve the NSC Operating Budget Request for the 2005/06 – 2006/07 Biennium

The Colleges and the System Office have prepared their operating budget requests for the 2005-2007 biennium as indicated below. The requests will be submitted to the Coordinating Commission in July and to the Governor and the Legislature in September.

2004-05 Base	2005-06 Request	2006-07 Request
\$35.159.799	\$37,990,672	\$40.514.942

The requests were prepared using the guidelines approved by the Board in February and include Core Needs and Areas of Emphasis.

Core Needs include:

Oole Needs Include.		
	2005-06	2006-07
Health insurance rate increase	14%	14%
Utilities increases	10%	10%
Property, liability, and other insurance increases	10%	10%
LB1100 depreciation assessments - 1% of cost of		
renovations and new building since 1999	1%	1%
Other operating cost increases	3%	3%

The Areas of Emphasis include:

Strengthen recruitment and retention efforts

Meet the changing needs of our students and the state

Provide a stimulating, caring and enriching learning experience.

The level guiding areas of emphasis requests was 3.5% in FY 06 and 3% in FY 07.

The total increase is \$2,830,873 in 2005-06, and an additional \$2,524,270 in 2005-06.

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve Capital Construction and LB 309 Budget Requests for the 2005/06 and 2006/07 Biennium

With guidance from the Board, the Colleges have prepared capital construction requests for the 2005-2007 biennium. The capital request formally includes two parts: the capital projects being requested through the appropriations process and projects that are being requested through the Task Force for Building Renewal (LB 309 Task Force). The projects being requested through the appropriations process include:

	FY2005-06	FY2006-07	Future
CSC - Academic(Administration Bldg.)/			
Sparks Hall renovation	\$2,680,450	\$4,375,100	\$
WSC - Facilities Services Building			
renovation/addition	1,070,000	978,108	
PSC - Fire/Life Safety Issues			
Emergency Power Generator/			
replace Bleachers	750,000	157,000	
WSC - Carhart Science Building			
renovation/addition	1,458,393	7,244,441	6,454,317
PSC - Health & Fitness Complex planning money		100,000	4,799,044
WSC - Campus Commons (street repair portion)			1,513,922
CSC - Armstrong P.E. Building program statement			20,000
Total - Requests through appropriations process	\$5,958,843	\$14,388,571	\$11,153,361

4.2.-2

The listing of Building Renewal requests is divided into four categories and further divided into three classes based on the immediacy of the need. The NSC request is shown below, broken out by the defined categories and classes.

	FY2005-06	FY2006-07
Fire/Life Safety - Class 1 Deferred Repair - Class 1 ADA - Class 1 Energy Conservation - Class 1	\$2,261,000 3,398,750 1,627,000 2,631,000	
Fire/Life Safety - Class 2 Deferred Repair - Class 2 ADA - Class 2 Energy Conservation - Class 2		1,332,600 827,000 330,000 575,000
Fire/Life Safety - Class 3 Deferred Repair - Class 3 ADA - Class 3		135,000 752,500 1,552,270
Total - Building Renewal Requests	\$9,917,750	\$5,504,370

Not included in the discussion above information, but very much a part of the NSC capital requests are what are called "reaffirmations." These include requesting new biennium funding for on-going projects; in our case, these are the payback of the LB 1100 deferred maintenance bonds (at \$400,000 each year), and the LB 1 bonds for the PSC – Library/ARC and WSC Power Plant (at \$2,009,360 each year).

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve the 2005-2007 Biennium NSC Capital Construction Budget

Request Priority Listing to Include the LB309 Categories and Other

General Fund Requests as Shown

Nebraska State Colleges 2005-2007 Biennium Capital Construction Request Prioritization

The budget request process requires a prioritization of capital projects, including Building Renewal requests. The System Office and the Council of Presidents recommend the following prioritization:

Priority	
1	Fire/Life Safety - Class 1
2	Deferred Repair - Class 1
3	ADA - Class 1
4	CSC - Sparks Hall/Academic (Administration) Bldg. renovation
5	WSC - Facilities Services renovation/addition
6	PSC - Fire/Life Safety issues (emergency power generator/bleachers)
7	WSC - Carhart Science Bldg. renovation/addition
8	PSC - Health & Fitness Complex planning money
9	WSC - Campus Commons (street repair portion)
10	CSC - Armstrong P.E. Building program statement
11	Fire/Life Safety - Class 2
12	Deferred Repair - Class 2
13	ADA - Class 2
14	Energy Conservation - Class 1
15	Fire/Life Safety - Class 3
16	Deferred Repair - Class 3
17	ADA - Class 3
18	Energy Conservation - Class 2
19	Energy Conservation - Class 3

The reaffirmation requests are separate and are assumed to be a top priority.

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve Final Project Cost for LB 1 Projects

The PSC Library/ARC project and the Wayne Power Plant project were both funded to completion using bond funds issued in response to LB 1. We are at the point where the final amounts for the bonded portion of these projects can be approved. Due to the low interest rates we obtained, interest earnings on construction funds, and prompt completion of the projects avoiding the costs of arbitrage, it was not necessary to use the \$84,335 capital improvement fee approved at both PSC and WSC by the Board to use if needed to finish out these projects.

The final costs funded through the bond issue are as follows:

PSC Library/ARC \$6,723,600 WSC Power Plant \$4,124,885.

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve the Preliminary 2004-05 Operating Budgets as Submitted by the System Office and the Colleges

The System Office, Chadron, Peru and Wayne have prepared recommended operating budgets for FY 04-05. The General Fund distribution was approved by the Board in April. The cash fund amount includes the net increase from the tuition rate set by the Board. The federal and revolving funds are estimates included in the appropriations bill that can be adjusted at a later date with Board approval to reflect a more accurate level of anticipated spending.

ACTION: Approve the preliminary 2004-05 revenue bond operating budgets as submitted by the colleges

The colleges have submitted their preliminary revenue bond operating budgets for the 2004-05 fiscal year.

As required by the master resolution, these budgets will be submitted to the bond trustee, Wells Fargo, as information. The bond resolution requires at least 1.10% debt service coverage for each of the colleges. The preliminary budgets indicate the colleges anticipate exceeding those required coverages as follows:

Chadron State College 1.27% Peru State College 1.35% Wayne State College 1.63%

ACTION: Approve the Revised Operating Budgets 2003-04

The colleges have provided revised 2003-04 operating budgets. Each has revised its cash fund allocations to reflect cash fund adjustments approved by the Board of Trustees during the fiscal year. The budgets have also been revised to reflect additional federal funds received during 2003-04 in the form of grants and encumbrances carried over from FY 2002-03.

The auditors will be examining the 2003-04 expenditures against the Board-approved fiscal year budgets. A table comparing the preliminary budgets along with the revised budgets follows.

ACTION: Approve the Program Statement for Carhart Science Renovation/Addition at Wayne State College

On December 4, 2003, the Board approved hiring The Clark Enersen Partners to provide professional services for the development of a Program Statement for the Carhart Science Building Renovation and Addition project at Wayne State College. The Clark Enersen Partners were at the Board meeting on April 16, 2004 to present the Program Statement to the Board of Trustees. The program statement was accepted at that meeting. Since the acceptance of the report by the Board, the College has worked closely with state reviewers, the LB309 task force, and the system office to respond to questions regarding the program statement. Approval of the Program Statement is requested.

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve Financing Plan for Sparks Hall Renovation/Addition at

Chadron State College

At its April meeting, the Board discussed allowing Chadron to request funding for Sparks Hall both through the Capital Construction request and also using the Facilities Corporation for a bonding proposal. The Legislature passed LB 1071 in the 2004 session, stating that if the Board of Regents or the Board of Trustees intended to use any state funding to repay a bond issue through the Facilities Corporation, it would be necessary to have the financing plans approved by the Coordinating Commission and the Legislature or the Executive Board of the Legislative Council. The Board has authorized CSC to request State General Fund for the purposes of repaying a bond issue. CSC has provided its Financial Feasibility Plan for Board approval so that the project can move forward for the next reviews.

Sparks Hall Renovation FINANCIAL FEASIBILITY PLAN

Sparks Hall has been a significant structure on the Chadron State College campus since its construction in 1914 and has served primarily as a housing facility. Structurally the building is sound and the historic architecture remains an asset to the campus. It is the intent of the College to develop the historic Sparks Hall as the new location for central campus administrative functions. This project will completely renovate the interior of the existing building and construct an adjacent building addition. The renovations will provide efficient office facilities to serve the college and extend the useful life of this building. The Board of Trustees accepted the Program Statement for the renovation of Sparks Hall at the November 15, 2002 meeting and approved same at the April 2004 meeting.

Estimated project cost is \$2,680,450. The renovation will include mechanical and electrical upgrades, data/communications wiring, ADA improvements, lighting improvements, an elevator tower, and the addition of air conditioning.

Construction costs will be provided by bond funds. Furnishings and movable equipment costs will be provided by State Funds. Debt service funds for this space renovation will result from utility savings from the closure of Hildreth Hall, existing operating dollars, and requested base funding adjustment beginning in the 05-07 biennial budget.

TOTAL ESTIMATED PROJECT BUDGET FOR NEW FUNDS

SCHEDULE A

Schedule A provides a proposed breakout of assigned costs. This schedule assumes \$2,680,450 in total project costs. \$674,992 are moved from bond consideration to be paid by first year requested revenues, one time operation costs, one-time capital improvement fund dollars, and previously paid planning expenses. This funding combination leaves a bonding balance of \$2,023,484.

SCHEDULE B

Schedule B is a presentation of a projected debt service schedule provided to the System Office by Ameritas Investment of Omaha. The 20-year amortization provides construction dollars of \$2,050,000, adequately covering construction needs as identified on Schedule A and requiring an annual debt service payment of approximately \$153,000.

Additional funding consideration in the form of energy conservation and building preservation grants will be pursued for the purpose of minimizing the required construction bond and ultimately reducing debt service load.

SCHEDULE C

Schedule C illustrates revenue sources identified to provide required debt service based on a \$153,000 annual expense.

SCHEDULE C

Revenue Sources

Ì			l							

Proposed Breakout of Assigned Costs (page 2)

1. Bonded Costs/Debt Service Schedule

CSC recommends a 20-year amortization (Schedule B) of \$2,050,000. Debt service for this bond is proposed to be a combination of funds illustrated on Schedule C of this plan. Components of this debt service plan include a \$120,000 annual revenue request, utility savings from the closure of Hildreth Hall, and the investment of operating funds.

2. Revenue Request, Building Closure, State Savings

CSC has requested \$120,000 allocation beginning in the 2005-06 fiscal year to be earmarked to service debt and for first year project costs. Balance of first year costs, estimated to be \$54,500, will be provided through institutional cash funds.

Utility savings from the closure of Hildreth Hall will make \$26,000 available per year for debt service and first year project costs.

3. Operations

Costs reflected in the operations column are shown as total project costs but will be the responsibility of individual offices scheduled to occupy the building. The exception is an estimated \$20,000 expenditure for materials abatement, which will be contracted directly by the institution and handled as a facilities expense.

4. CIF Match

CIF to provide \$110,000 per year for three years if full amount of request is necessary.

5. Previously Paid

Program planning for this project is complete and has been paid in the previous fiscal year.

6. Revenue Bond Loss

Assigning the Sparks Hall structure from Revenue Bond to the State building inventory will interrupt the traditional revenue flow realized by the Revenue Bond program from this apartment building.

Annual rental income from this unit has averaged \$34,000 per year for the past four years.

Utility/Grounds costs for this structure were approximately \$20,000 last year.

Replacement income for Revenue Bond of approximately \$14,000 will be realized from the reopening of Edna Work Hall.

ACTION:

Approve Use of \$13,800 in Capital Improvement Fee Funds for the Following LB 309 Project at Chadron State College and \$240,000 for the Following LB 309 Projects at Peru State College

LB309 funds have been awarded to Chadron State College to extend the chilled water lines to the Library. This project will allow the Library to tap into the chilled water system and bypass the existing chiller which is becoming a maintenance concern. Chadron State College is required to provide a 15% match on this project to receive the funding. The use of Capital Improvement Fee funds will allow the College to move forward with this project.

CSC Project	Capital Improvement Fee
Library Chilled Water Tie-In (\$78,200 LB 309	
Funds)	\$13,800

The LB 309 Task Force for Building Renewal has funded the Al Wheeler Activity Center structural augmentation and roof replacement. The college is required to match these projects with \$90,000.

In 2003 the Task Force funded the design of a new HVAC system for the Administration Building at Peru. That design is almost complete and we expect to go to bid soon. Early estimates are that this project will cost approximately \$600,000, including a \$90,000 match. The college hopes the Task Force will fund the project. PSC is requesting Capital Improvement Funds to match the anticipated LB309 allocation for this project.

Since the work for this project involves extensive demolition in the building, it will require that the building be completely vacated. This would be the best time to do some limited remodeling on the second and third floors in conjunction with the project. PSC requests authorization to spend an additional new amount of \$60,000 Capital Improvement fees, along with the reallocated \$84,335 not used for the Library/ARC project for the Administration Building renovation. The PSC Foundation and some cash will be used to complete the approximate \$400,000 project.

PSC Project	Capital Improvement Fee
Al Wheeler Activity Center Structural	
Augmentation and Roof Replacement	\$90,000
Administration Building HVAC LB 309 Match	\$90,000
Administration Building Remodeling	\$60,000
Release of Funds for Library Project and	
reallocate to Administration Bldg Remodeling	\$84,335
TOTAL	\$324,335

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve Use of \$14,750 of LB 1100 Depreciation Funds

Since 1999, the NSC has been assessed and has been paying into a depreciation reserve fund originally established in LB1100. An amount equal to (at first) 2%, now 1% of the cost of any major renovation or new building project is set aside annually to help with repair and renovation of all state buildings.

By law, 2004-05 is the first year that we are allowed to access funds in this reserve (which is under the supervision of the LB 309 Task Force). At the end of 2003-04, the NSC has \$726,588 in its fund; however, in 2004-05, we are restricted to using no more than half of the amount paid in during 2002-03 (half of \$294,492, or \$147,246). Each college has its own "kitty," based on amounts contributed. CSC will be allowed to spend up to \$65,234 in 2004-05; PSC may spend up to \$23,074; and WSC has \$58,938.

This is a new process; and the possibility of using depreciation funds for matching LB 309 projects had not yet been considered. At our request, the Department of Administrative Services researched the possibility, and we have received permission to make such a request.

In response to an urgent need to proceed, CSC is requesting permission to use \$14,750 to match an LB 309 allocation of \$280,250 to replace the roof on the Nelson Physical Activity Center. The match established in this case is 5%. To expedite the project, CSC has begun negotiations to provide design services for the roof at the institution's cost.

The Council of Business Officers will continue to review this source of funding and prepare a coordinated plan for use of the available amounts for the Council of Presidents' review and Board action in the fall.

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Accept 2003 Operating Audit

The Auditor of Public Accounts' office has released the NSC operating audit for the year ending June 30, 2003. This is the first time we have done a system-wide audit. The results are an unqualified audit. The audit document and the management letter are included for the Board's review.

The Auditor of Public Accounts will also be conducting the 2004 NSC audit and has already held its entrance conference with system staff.

Steve Lewis, Chair Larry Teahon Norman Small

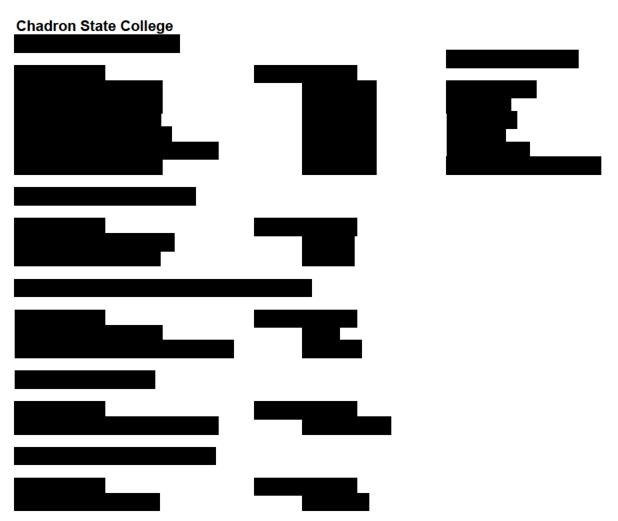

June 10, 2004

ACTION: Approve the depositories and signatories submitted by the colleges

Board policy #6006 states: "All cash receipts shall be deposited in banks to the credit of the individual colleges or to the Board, as appropriate. The Board of Trustees shall approve such depositories, the designation of account, and the authority for withdrawal.

The approved depositories, accounts, and authorized signatories to each account shall be recorded with the System Office.

Recommendations for depositor designation and withdrawal of such funds shall be presented to the Board each year at the last meeting of the prior fiscal year for approval."

Steve Lewis, Chair Larry Teahon Norman Small

June 10, 2004

ACTION: Approve the Following Contracts and Change Orders Submitted by the Colleges:

Chadron Contract

 Administration Building, Memorial Hall, Nelson Physical Activity Center, Armstrong Gym, Math/Science Building, and Burkhiser Technology Complex (tuckpointing) -- \$318,000

Peru Contracts

- Al Wheeler Activity Center (roof structural upgrade) -- \$262,900
- Al Wheeler Activity Center (roof replacement) -- \$299,650

Chadron Change Orders

- Edna Work Hall/Wing Renovation (data/phone cabling/distribution equipment, replace floor in restrooms) -- \$33,169
- Chilled Water and Distribution System (additional 10" piping in tunnel; add cross-brace; add isolation & control valves) -- \$62,132
- Edna Work Hall/Wing (additional chases, masonry restoration, soffit piping) --\$33, 938
- Andrews Hall (suite renovation) -- \$76,550

Wayne Change Orders

- Bowen Hall (add locks to stairwell doors that release when fire alarm is activated) -- \$TBD
- Bowen Hall (add back-up generator to project) -- \$TBD

Board policies 7016 and 8065 require that the following types of contracts and change orders be submitted to the Board for approval.

CONTRACTS -- a) construction contracts or land purchases amounting to \$50,000 or more; b) architect/engineer fees exceeding \$40,000; and c) consultant contracts exceeding \$25,000).

CAREER: TAXONOMY AND EVOLUTION OF THE NEARCTIC NEOECHINORHYNCHUS

Project Summary

This project integrates taxonomic, evolutionary and biogeographical research on a widely-distributed, abundant, but poorly understood group of parasitic organisms (acanthocephalans) and their hosts (turtles, fishes and ostracods) with mentored undergraduate research, greatly expanded regional, national, and international collaboration, and substantial enhancement of the infrastructure for science education at Peru State College, a small liberal arts college. The project will survey the acanthocephalans (Acanthocephala: Ecoacanthocephala: Neoechinorhynchus) of freshwater turtles and fishes in North America, utilizing existing and new collections for the description of new species (estimated 4-6 new species), redescription of the known species in the group (32 species in the Nearctic), phylogenetic analysis of the North American species of Neoechinorhynchus, and testing of 4 hypotheses of evolutionary diversification within the genus in the Nearctic. The project will produce a comprehensive specimen base (for both morphological and molecular uses) that integrates taxonomic information with geographical distributions, host use, and tests of evolutionary theory.

The project will train up to 15 undergraduate students as full participants in the proposed research. The project produces technically and conceptually well-rounded graduates by integrating diverse research activities (such as biodiversity inventory, species description/redescription, and traditional and modern phylogenetics) around the target organisms with curriculum enhancement, national and international collaboration, and student-led dissemination of the results of the project and their significance to local, regional and national communities. The project supports the departmental mission by emphasizing handson, student-led discovery, and it enhances the research and teaching capabilities of the Department of Natural Science and Peru State College by providing the physical resources required for the use of modern molecular methods in answering ecological and evolutionary questions and the implementation of a new field course in the Department of Natural Sciences.

Microbiological Survey And Inventory Of Gregarines Parasitizing Aquatic And Riparian Insects Of The Texas Big Thicket

Program Summary

The fundamental questions of biology remain "What is it?"; and, "What does it do for a living?" These questions are answered by studies of biodiversity that survey the organisms of a region and try to understand how these organisms contribute to the stability and diversity of the system. This project is a study of biological diversity that targets an understudied group with profound scientific implications: the most common parasites (gregarine protozoans) of the planet's most common animals (insects). Although scientists estimate that over 5 million species of gregarine parasites exist, less than 2,000 species are currently known, thus the project will discover a large number of new parasitic species that play an important ecological and evolutionary role in the stability and diversity of aquatic and riparian (shoreline) habitats in the Big Thicket of eastern Texas. The project focuses on the Big Thicket, sometimes called the "Biological Crossroads of America" because plants and animals from 3 distinct life zones all occur in the region, because no thorough survey of the insect life in the Big Thicket exists. The Big Thicket is a permanently endangered habitat whose biodiversity is preserved in a series of corridor parks forming the Big Thicket National Preserve. The project will provide a robust estimate of aquatic and riparian insect diversity in the Big Thicket predicated on a public specimen base yielding both ecosystem and community data for theoretical studies and management decisions in this fragile and broadly impacted federal preserve. The project will produce host and parasite specimen collections, preserved tissue specimens for future genetic analysis, and taxonomic descriptions and identification documents in both electronic and printed form. Electronic descriptions, digital images, and project databases are available through the project's WWW site http://science.peru.edu/gregarina. This project will more than double the existing gregarine specimen base, providing data to support meta-analysis of gregarine diversity patterns and provides a skeleton for future systematic revision of the Nearctic gregarines.

This project is important in a larger societal context for both scientific and infrastructural reasons. Scientifically, the project provides important information no only about insects and their parasites, but about the factors that create and maintain parasite diversity. Thus the scientific implications extend from the theoretical ecology of emerging disease to the design and evaluation of federal, state, and local biodiversity management strategies in America's parks and reserves. Perhaps more importantly, the project places a premium on undergraduate training through all phases of the research. These training opportunities will increase diversity within science: historically over 50% of our undergraduate researchers are from underrepresented groups. The project is designed to train a new generation of scientists to meet the needs of American science in the new millennium while developing and providing new Internet resources for public education and the public at large. Biological indicator data is made available for download and use in formulating public policy and resource management strategies.

ACTION: Approve the Acceptance and Retrieval of LB 309 Allocations

The following items are submitted by the colleges for Board approval.

Chadron

Acceptance of \$10,000.00 for replacing steam coils/controllers and pressure reducing 1.

valve in Armstrong Gymnasium.

Allocation Date/Amount 2/25/04 \$10.000.00 College Contribution Amount Labor Estimated Project Cost \$10,000.00

2. Acceptance of an additional \$9,350.00 for tuckpointing on Memorial Hall.

Allocation Date/Amount 5/12/04 \$9.350.00 College Contribution Amount 0.00 Estimated Project Cost \$9,350.00

3. Acceptance of an additional \$5,525.00 for tuckpointing on Nelson Physical Activities

Center.

Allocation Date/Amount 5/12/04 \$5,525.00 College Contribution Amount 0.00 \$5,525.00 Estimated Project Cost

4. Acceptance of an additional \$21,250.00 for tuckpointing on Armstrong Gym.

Allocation Date/Amount 5/12/04 \$21,250.00 College Contribution Amount 0.00 \$21,250.00 Estimated Project Cost

5. Acceptance of an additional \$4,250.00 for tuckpointing on Math & Science Building.

5/12/04 Allocation Date/Amount \$4,250.00 College Contribution Amount 0.00 \$4,250.00 Estimated Project Cost

6. Acceptance of an additional \$7,650.00 for tuckpointing at Burkhiser.

Allocation Date/Amount 5/12/04 \$7.650.00 College Contribution Amount 0.00 Estimated Project Cost \$7,650.00

Peru

1. Acceptance of \$40,000.00 for ADA accessible restroom in the Administration Building.

Allocation Date/Amount 3/29/04 \$40,800.00
College Contribution Amount 7,200.00
Estimated Project Cost \$48,000.00

2. Acceptance of an additional \$21,500.00 for envelope repair on T. J. Majors Hall.

Allocation Date/Amount 4/8/04 \$21,500.00
College Contribution Amount
Estimated Project Cost \$21,500.00

3. Retrieval of \$12,304.00 for emergency repair of condensate line.

 Allocation Date/Amount
 1/27/04
 \$12,750.00

 Retrieval Date/Amount
 4/9/04
 12,304.00

 Estimated Project Cost
 \$ 446.00

4. Acceptance of \$3,000.00 for emergency replacement of 20 hp motor on the air handler

in Wheeler Center.

Allocation Date/Amount 4/28/04 \$3,000.00
College Contribution Amount <u>Labor</u>
Estimated Project Cost \$3,000.00

5. Acceptance of \$2,000.00 for emergency repair of condensate return tank and pump

assembly at AV Larson.

Allocation Date/Amount 2/25/04 \$2,000.00
College Contribution Amount <u>Labor</u>
Estimated Project Cost \$2,000.00

Wayne

1. Retrieval of \$36,937.81 for FLS – fire alarm system in Carhart Science.

 Allocation Date/Amount
 3/8/01
 \$79,560.00

 Retrieval Date/Amount
 4/9/04
 36,937.81

 Estimated Project Cost
 \$42,622.19

2. Retrieval of \$18,530.21 for FLS – campus network/control and monitoring system.

 Allocation Date/Amount
 3/8/01
 \$70,550.00

 Retrieval Date/Amount
 4/9/04
 18,530.21

 Estimated Project Cost
 \$52,019.79

3. Acceptance of \$600.00 for replacing electrical panel in Hahn Administration.

Allocation Date/Amount 2/25/04 \$600.00
College Contribution Amount <u>Labor</u>
Estimated Project Cost \$600.00

Academic, Personnel & Student Affairs Committee

Willa Kosman, Chair Doug Christensen Richard Halbert Kari Daly

June 10, 2004

Peru Progress Report on Benchmarks

On December 1, 1998, the Coordinating Commission submitted its study entitled, "Postsecondary Education Needs in Southeast Nebraska" to the Governor. The report included a recommendation that would "keep an improved Peru State College campus in the town of Peru and add collaborative learning centers throughout southeast Nebraska."

One of the key elements of this recommendation was that the Board of Trustees, Peru State College administrators, faculty and staff would establish benchmarks and appropriate timelines for the accomplishments of needed improvements at Peru. The Commission determined that the success of this recommendation depended on the College making substantial progress toward various key objectives and benchmarks, including:

- ✓ Improvements to campus facilities
- ✓ Improved facility utilization
- ✓ Improved retention of students
- ✓ Improved academic programming and assessment processes
- ✓ Improved community amenities
- ✓ Improved faculty, staff and student diversity
- ✓ Improved support from the community and surrounding area
- ✓ Improved Foundation/alumni support
- ✓ Development of learning centers in other communities in Southeast Nebraska
- ✓ Improved recruitment of students, especially those students from urban areas who could benefit from Peru's admission policies and ability to provide more individualized attention to students; and transfer students, particularly students form the two community college systems in the Peru service area: Metropolitan Community College and Southeast Community College.

By April 1, 1999, a set of benchmarks to be achieved, the methods of measuring progress toward their accomplishment, and a reasonable timetable for their achievement within the next three biennia was to be submitted to the Commission for its consideration. Peru developed a strategic plan and presented it to the Board of Trustees at their April 1, 1999 meeting prior to submission to the Coordinating Commission.

Annual reports of progress toward these benchmarks are to be provided to the Board of Trustees by July 1 of each year through 2005. The report for year 2004 will be forwarded to the Coordinating Commission.

Peru State College Annual Report--May 2004

This is the fifth annual report in response to tasking from the Nebraska Coordinating Commission for Postsecondary Education established after the formal 1998 study of *Peru State College and the Educational Needs of Southeast Nebraska*. The College has continued the very positive trends that have been established since the completion of the study and the associated campus strategic plan. The College continues to conduct strategic planning reviews to revise the existing strategic plan in consideration of the progress that has been made and in response to changes in the operating environment, especially budget pressures imposed by the economic situation in Nebraska and the surrounding states. The new Strategic Plan incorporates the broad Key Outcome Planning Areas (KOPAs) that were identified in the previous plan, and this report uses the same KOPA-oriented format as the previous reports. Specific details or expanded information on any portion of this summary report can be obtained by contacting the Office of the President of Peru State College.

KOPA 1 Educational Service to Southeast Nebraska:

Peru State College continues to provide courses at the main campus and at Offutt Air Force Base, the Graduate Center in LaVista, and the Lincoln Center. Enrollment at all locations remains strong. Additionally, the College continues to expand the on-line course offerings, which makes classes easily available throughout the service area. The College continues to expand the number of on-line courses in all academic areas and in general education. The following table provides basic information regarding the growth of the on-line course schedule during the past several years.

Peru State College Registrations for Internet Courses

				All Internet	Mixed ¹	
	Number of	Number of	Number of	Number of	Number of	Number of
	Courses	Sections	Registrations	Students	Students	SCHP
Fall 1999	16	28	84	58	73	564
Fall 2000	16	29	210	89	125	1107
Fall 2001	25	43	547	112	178	1641
Fall 2002	22	36	533	127	148	1619
Fall 2003	30	30	696	141	232	2043
Fall 2004	41	41	(Registration currently taking place)			

¹Mixed: taking both on-line courses and face-to-face courses

The campus initiatives related to on-line education include opportunities for professional development for faculty, combining low enrolled on campus courses with on-line courses, courses at both the graduate and undergraduate levels and increased use of the Blackboard system for instructional use.

The College has continued to refine its academic program to enhance the quality of the educational experience for our students. The College's newly implemented General Studies program has retained the commitment to a broad intellectual foundation, but has also added more flexibility for students. Additionally, adjustments to academic programs were developed to better meet student needs and to enhance the effectiveness of campus efforts. The former computer science program was merged into the Computer Management Information Systems Option within the Business program. This reflected the path that most of our students in this field were already following and it created a more efficient program. A faculty member was hired this past year to teach in the School

of Professional Studies in the area of computer management information systems and is busy recruiting students into the program. The College also developed an option within the existing Art program that responds to student demand and allows students to study the rapidly growing field of graphic design. Faculty and students continue efforts to increase the enrollment in that program and in the graphic design courses. A special internship course in graphic design will be offered during the summer 2004 to provide students an opportunity to apply their skills in developing a marketing plan for the College. This practical experience will be invaluable to the students and will benefit the College's marketing plans with a minimal investment of dollars.

Students have begun to enroll in the College's new Liberal Arts Major. The major is designed to provide a broad liberal arts education and a flexible degree structure for our students. Based on discussions with students and potential students (especially the transfer students that are a significant component of our student body), the College has identified a need and interest in this type of broad and flexible major. This major will also appeal to pre-professional students, such as those in Pre-Law. With no increase in resources required, this new major will add another education option for students at Peru State College.

KOPA 2 Student Enrollment and Retention:

Although facing the economic challenges common to all institutions of higher education, Peru State College has sustained, and in some cases strengthened, its existing recruitment and retention efforts, resulting in an on-campus enrollment increase of five percent. One of the challenges Peru faced this past year was the reduction in the number of high school students enrolling in the Early Entry Program. This decline in enrollment was due to the competition that came into the area from private institutions that were able to offer similar early entry courses at much lower tuition rates than Peru. Conversations with K-12 school personnel indicated a high degree of satisfaction with the Early Entry Program at PSC; however, their bottom line in making the courses available to the students rests with the cost to the students and their families. Peru State College cannot compete with an institution offering courses at \$50 per credit hour.

The construction projects at Peru State College have played an important role in reshaping the image of the campus and in drawing students to the campus and encouraging them to remain at the College. Student and potential student reaction to the Hoyt Science building continues to be very positive. This has been matched by excited reactions to the new Library and the Academic Resource Center (ARC). The dedication ceremony for the new Library and the ARC took place in April 2004 and was well attended by people committed to the success of the institution. The Academic Resource Center (ARC) continues to evolve as a centerpiece of recruiting and retention efforts – all geared for student success. Students have responded well to the upgrades in Morgan Hall and look forward to the additional work that will be completed in the future. The new water filtration system was installed and has made a dramatic difference in improving the quality of life issue for students and will help make the campus much more appealing for students.

The College has improved the student tracking processes, and has developed a better understanding of the nature of the student body. Interpretation of the data has helped clarify the extensive transfer dynamic at Peru State College. The initial assessment effort indicates that a number of trends—which are similar to national patterns, especially in terms of nontraditional students—are clearly present within Peru State College's student population. Key realities of the student body are:

- 1. Peru State College attracts many students who enroll and fully intend to transfer. Because of convenience and cost, many students <u>plan</u> to attend Peru State College for only a year or two but also plan to transfer to another college or professional school that has the major or professional training they desire, e.g. nursing, physical therapy, or pharmacy. Traditionally, these students have been counted in the drop out numbers. These students are not dropouts and the College academic program includes a series of pre-professional programs specifically designed to support this transfer need. Far from failing to serve them, Peru State College provides a critical start to their educational career.
- 2. Additionally, many other students also seek a starter school, like Peru State College, because they lack initial confidence and want to strengthen their academic ability in a traditionally supportive environment. These students may also feel intimidated by a large university and they may be forced by family and financial circumstances to attend a less costly institution closer to home. Or, they may have an academic deficiency that brings them below admissions standards at other schools and that requires the type of assistance and personal attention that Peru State College can provide. A portion of these students will also eventually transfer to other schools to finish their degrees.
- 3. Approximately two-thirds of our graduates choose to transfer *from* other colleges—both two and four year institutions—so they can graduate from Peru State College.
- 4. A high proportion of Peru State College students are nontraditional students and often have limited options for higher education due to family and work responsibility and/or financial considerations. These students tend to "stop out" for periods of time and then return later, picking up where they left off. This may occur several times before they complete their degrees. The majority of these individuals are place-bound and time-limited and are unable to travel to the University campuses for coursework. When these students stop out, they are counted in the drop out (not retained) category.
- 5. As an open admissions institution with a mission of providing accessibility and affordable education, Peru State College is the only four-year institution in Southeast Nebraska that provides an opportunity to obtain a four-year degree for students who do not meet the eligibility requirements of the University or cannot afford expensive private colleges.

The important fact is that dynamic enrollment patterns—including many transfers *into* and *from* Peru State College each year—result in a highly successful graduation total each year, even with the loss or transfer of many original freshmen. The traditional freshman-to-sophomore *success* rate is over 70 percent at Peru State College. The *success* rate is the rate at which students either stay at Peru State College or transfer to another college. The basic freshman-to-sophomore *retention* rate (return rate) at Peru State College has historically held at 55 percent, with a 33 percent graduation rate of students who start as freshmen. This generally matches national averages for similar institutions. The freshman-to-sophomore retention rate this year increased to 60 percent, a jump that can be attributed to many of the initiatives included in this report.

A result of the student enrollment patterns is that graduating classes at PSC each year total approximately the same number (sometimes more) as the number of freshmen entering four years earlier. This reflects the transfer dynamic and the nontraditional nature of our student body. In the summer of 2002, Peru State College staff members conducted a survey of students who had not registered for the Fall Semester and were therefore potential non-returning students. The data collected from those students confirmed the general trends in the student body that were described above. Of those students responding who indicated that they were not planning to return to Peru

State College, 79 percent indicated that they were transferring to another college. Nineteen percent of the non-returning students indicated that they would be working—many of this group indicated that they had to work due to financial circumstances—and that they intended to return to school at some point in the future. Two percent of the respondents indicated that they would not be returning due to family issues.

In response to the large numbers of non-traditional students attending Peru State College, the College staff studied the existing academic schedule and developed a modified format that will provide more flexibility for students, especially those students who need to work while attending college. This modified schedule shifted courses from the existing Monday-Wednesday-Friday and Tuesday-Thursday format, to a schedule that will offer courses in a Monday-Wednesday, Tuesday-Thursday, and Friday (lab and longer sessions) format. Initial reaction to the plan by students has been generally positive, especially by those who indicated they would be working or commuting to campus. The new schedule provides options for students and faculty that were not available with the former schedule. For example, the courses offered on Friday that are in a 3-hour block. Many students have indicated that they prefer having a course on Friday as opposed to one evening per week. Academic and student support staff continue to evaluate the new schedule as we move into the second year of implementation.

Recruitment of minority students continues to be an area of emphasis for Peru State College. In a new initiative, the College has begun to designate transfer scholarships for minority students as part of our minority recruitment program. Foreign students continue to provide an important source of cultural diversity within the student body. Peru State College currently has students from Zimbabwe, Sudan, Ecuador, Macedonia, and Japan (as well as Canada). Several of the international students graduated and walked across the stage to receive their diplomas at the graduation ceremony conducted May 8, 2004.

KOPA 3 Efficient and Effective Operations:

The area of efficiency and effectiveness has been dominated by efforts of the Peru State College leadership team to develop courses of action in response to the budgetary realities in state funding. This has intensified the emphasis on program efficiencies. Support areas on the campus have been cut to a bare minimum as part of the response, and the core teaching functions have been sustained with limited reductions. The academic programs have significantly reduced the use of adjuncts and have revised scheduling patterns to improve the productivity of full time faculty. Improved efficiency was also a major consideration in the Strategic Planning effort during the year.

One indicator of improved operations for Peru State College is the average class enrollment number. For Fall Semester 2000, the average class size for on-campus courses was 19 (nineteen), with the average class size for on-campus courses for Fall Semester 2003 at 22 (twenty-two). Several efforts have contributed to the increase in the average over the past several years, including the reduction of sections offered for some courses, decisions to cancel courses with low enrollments, and the implementation of the new 2+2+1 schedule for Fall Semester 2003. PSC personnel will continue examining the wide variety of factors that contribute to increased productivity for the campus and academic programs in the months and years ahead. With changing demographics and delivery systems affecting delivery of educational programs, new initiatives are also essential to the continued vitality of Peru State College.

The administrative structure at Peru State College was modified this year with a reassignment of personnel. The Vice President for Academic Affairs (VPAA) position was combined with the Vice President for Student Affairs (VPSA) position to form a newly created Vice President for Academic

and Student Affairs (VPASA) position. The former VPSA has been appointed as the Director of the Academic Resource Center in response to the completion of the new facilities and the centralization of services provided through the ARC. At the time of this writing, a search for an Academic Dean and three faculty are underway as it is vital that program integrity be maintained to ensure educational quality throughout the academic programs.

The pre-registration process for PSC has been modified to provide the "One-Stop Shop" opportunity for students. This process better serves the students, faculty, and staff who work during the pre-registration as the needed resources and contact people are in one location during the pre-registration sessions. Students may, of course, register any time following the pre-registration session; however, students are more likely to return for the following semester if they are pre-registered before the current term is finished. The following identifies a sampling of the services that are available in one location during the pre-registration sessions:

- Personnel from the Office of Student Records
 Staff members are available to (1) verify addresses, phone numbers, e-mail addresses, and
 academic majors; (2) register students; and (3) work with students who have holds on
 registration, for example, Library holds, Academic Contract (Advising) holds, or parking
 tickets.
- VA Certification Officer
 This staff member is available to collect forms and answer questions regarding VA benefits.
- Personnel from the Admissions Office
 Staff members are available to work with students who have Admission holds as well as
 Health Center holds in addition to working with the Office of Student Records to verify
 addresses, phone numbers, e-mail addresses, and academic majors.
- Personnel from Residence Life/Housing
 Staff members are now conducting the Room Draw at this time and developing housing contracts with the students.
- Personnel from the Business Office
 Staff members are available to collect money for parking tickets, library fines, and past due balances resulting in the ability to clear holds on-the-spot.
- Academic Advisors
 Academic advisors representing the various majors on campus are available to work with students to develop appropriate schedules and sign registration cards as necessary. Staff members assigned to advise students who have not yet declared an academic major are also available to work with students during pre-registration.

These efforts combine to encourage a registration process that prevents students from experiencing difficulties in contacting the appropriate personnel involved in the registration process. Improving the registration system in order to better serve the students also leads to better planning for course sections, adjunct needs, and enrollment patterns.

KOPA 4 Faculty and Staff Development:

Although the budget reductions have limited the available resources, Peru State College has continued to provide opportunities for professional development for faculty and staff members. The focus of much of the formal funded efforts had been on preparation for upcoming accreditation visits, especially in the Teacher Education program. The NCATE accreditation review took place in October 2003 and PSC received continuing accreditation. Accreditation efforts continue as faculty and staff prepare for the Higher Learning Commission focus visit scheduled for February 2005. The college supported on-campus workshops and training opportunities in a variety of topics, including distance education methods and electronic portfolios.

The Honors Chair faculty recognition program, which is funded by the PSC Foundation, was implemented in 2002 and continues this year. The faculty award winners are recognized for their accomplishments and receive an annual stipend. Additionally, they are tasked to serve as mentors for less experienced faculty members. Peru State College continues to recognize excellence in teaching by awarding the annual Peru State College Teacher Excellence Award to a faculty member who is recognized at the spring graduation ceremony.

KOPA 5 Campus Governance:

The College leadership continues to emphasize broad involvement in the planning and decision making processes. The challenges of budget reductions have amplified the importance of this involvement and the various senates representing components of the campus community have been actively involved in providing input for the budgeting process. Additionally, the strategic planning process involved a committee composed of members from across the campus, and all members of the College community. All of the various constituent groups, including Faculty Senate, Student Senate, Professional and Classified Staff Senates, were invited to provide input to the planning process.

KOPA 6 Alumni and Foundation Support:

Alumni support for the College remains strongly positive. Although major donor giving has been affected by the national economic situation, financial donations remain strong and continue to provide an important element of enhanced quality for the campus. The Foundation continues to provide important scholarship support, including the expanded scholarships for transfer students that target minority students. Additionally, several programs and the new Library have benefited by equipment purchased with Foundation donations. The Honors Chair Program for faculty recognition—funded by the Foundation—has been a significant success and has resulted in recognition for excellence. The Honors Chair Faculty members also contribute by making a presentation on campus during the year. Campus and community members alike attend the presentation. The Foundation has also enjoyed continued success in establishing planned giving commitments from alumni and supporters. The Foundation is responding to alumni interest and is leading the creation of a national alumni association to enhance communications and to better focus alumni support for Peru State College.

KOPA 7 Community Relations:

Peru State College's relationships with the surrounding communities remain strong. The College-Community Coordinating Committee continues to provide a vital link between the College and the region. The College continues to host events that provide opportunities for cultural, economic, and academic growth in the area. Additionally, the College hosts many events that enhance the educational, musical, and athletic development of primary and secondary students in Southeast Nebraska and beyond. Peru State College continues to emphasize collaboration and partnership with K-12 schools and districts, especially in the area of Teacher Education. Many college personnel also serve as leaders and as key resources in local governments, community and state organizations, and special events. Examples include topics such as Lewis and Clark, Child Abuse, Literature, and Botany.

Academic, Personnel & Student Affairs Committee

Willa Kosman, Chair Doug Christensen Richard Halbert Kari Daly

June 10, 2004

Report on Peru Experimental Class Schedule

For the 2003-2004 academic year, Peru State College modified its existing academic daily schedule for offering courses. The modified schedule provided for courses to be offered in three formats during the week (MW, TTH, and Friday), rather than the former two formats (MWF and TTH). Key components of the schedule included:

- Two seventy-five minutes course periods for a regular 3-credit course. Adjustments were made for varying credit courses. The adjustments maintained an equal time allotment as the former schedule.
- The courses offered during the day on Friday were offered in a 150-minute format as are the courses offered once per week in the evenings.
- The schedules were developed to avoid as much conflict within the majors as possible.
- Courses with multiple sections were offered at varying times, including during the evening hours, when possible, to provide alternatives for students.

The academic staff has examined the impact of the schedule change on a variety of factors, including students, faculty, campus life, program completion, and athletics. Examining the courses and the possibilities for scheduling has provided an impetus for additional program review among many of the campus programs. The new schedule provided a format in which fewer scheduling options were available on a daily basis, enabling a natural reduction in the number of course sections offered. This resulted in an increase in course enrollments for many courses, helping to increase the average class size from 19 (Fall 2002) to 22 (Fall 2003). The new schedule has resulted in faculty examining academic degree programs in terms of the number of credits required, and in some cases, faculty have made decisions to combine courses or eliminate others in order to ensure that students can complete their degree programs in a timely manner. The new schedule is now one of the factors taken into consideration in program and course review.

Key Points

- Reduced number of courses/sections offered resulting in decreasing the reliance on adjuncts
- Increased the number of work hours available for many students. In many cases, students are able to work in concentrated time periods.
- Decreased the number of days some students are required to commute
- Revealed opportunity for program and course review by faculty
- Reduced number of courses and course sections offered
- Provided concentrated course time on Fridays, which some students and faculty prefer
- Many students are enrolled in schedules that result in taking both on-line courses and on-campus courses. This combination often results in less traveling to campus for those students who can't get all their courses on-line and may desire to do so.

- Adjustments will most likely continue in areas affected by the new schedule that are non-academic, for example, housing, food service, and campus activities.
- Course delivery methods will continue as faculty members adjust their presentations and class activities to meet the lengthened time frame.
- Absenteeism, particularly for student athletes, has been reduced due to the reduced number of courses offered on Fridays. In addition, it appears that students are skipping fewer classes since there is, perhaps, awareness that more material is covered in each class so that an absence for one class results in missing more of the material covered in class.
- As more new students arrive at Peru State College to enroll in courses offered by the 2+2+1 schedule, the element of "change" will eventually be eliminated since some students were skeptical of the new schedule primarily because it was a new way of doing things.

The above key points will be explored further in the months ahead as PSC continues offering courses in the new schedule format. A survey instrument will be developed during the next academic year to encourage feedback on the schedule from students, faculty, and staff members.

Chadron Update on Athletic Gender Equity

President Krepel will provide an update on this issue as requested at the December Board meeting.

Enrollment and Marketing Committee

Bill Roskens, Chair Sheryl Lindau Wendy Alexander

June 10, 2004

Enrollment and Marketing Committee Charge

This Enrollment and Marketing committee develops and recommends to the Board strategies to:

- 1. Broaden the general awareness of our colleges and the entire system
- 2. Strengthen enrollment, retention and graduation rates at the colleges
- 3. Create a positive image of the system to the public through media interaction and direct communication
- 4. Communicate needs and concerns of the system to the media, legislature, and Governor's Office.
- 5. Foster a sense of belonging to the system among all employees and students

Enrollment and Marketing Committee

Bill Roskens, Chair Sheryl Lindau Wendy Alexander

June 10, 2004

Enrollment and Marketing Committee Membership

The Enrollment and Marketing committee consists of the following:

Bill Roskens Sheryl Lindau Wendy Alexander, PSC Student Trustee

The committee will work very closely with the newly developed Council of Admissions and College Relations Officers to develop a marketing plan and to increase enrollments at the Nebraska State Colleges.

Modification Budgets for Information

A requirement of the September 15 budget submittal is a priority list indicating how the NSC would choose to restore requested and reduced programs and funding if requests and current operating budgets cannot be fully funded. In 2002, the instructions asked us to determine priorities to add back from an assumed 10% reduction to the existing base. The budget instructions have not yet been received for the 2004 submittal to indicate the level of the reduction we will be asked to prepare.

In discussion with the Finance Officers and Council of Presidents, a system-wide prioritization approach was agreed upon. The colleges and the system office will list reductions to arrive at the reduced base applicable for each unit. Items to be added back will be in the following order:

Priority 1	Health insurance increase request
Priority 2	Reductions made from the existing base
Priority 3	LB 1100 depreciation assessment request
Priority 4	Continuation request items (Operations, utilities, insurance)
Priority 5	Budget adjustment requests (areas of emphasis)

Occupancy/Income Reports for Spring 2004

As required by the master resolution, the colleges have provided information on occupancy and the income earned by their revenue bond facilities during Spring 2004. These figures show improvement at all three colleges in terms of percentage of residence hall income over spring 2003. CSC had 82% of potential income last year, PSC had 44%, and WSC had 57%. The room occupancy measure was not used in 2003, but a comparison of bed occupancy for Spring 2004 with last year shows stable occupancy at CSC and improved percentages at PSC and WSC. It is evident that students are finding our updated residence halls attractive and comfortable.

In summary, the following ratios are noted:

	% Residence Hall Occupancy Spring '04*	% Residence Hall Income Spring '04
Chadron State	86%	94%
Peru State	83%	61%
Wayne State	85%	66%

^{*}Room Occupancy Percentage

Grant Applications and Awards for information only

Chadron State College Applications

- 2004/05 Chadron State College Service-Learning Program (Midwest Consortium for Service-Learning in Higher Education) -- \$10,000
- Mari Sandoz Festival (Nebraska Humanities Council) -- \$1,500
- Newblom Disability Grant (Newblom Foundation) -- \$2,117.67

Wayne State College Applications

- Siouxland Unified Early Childhood Educator (Nebraska Children and Families Foundation Family Preservation & Support Funds Planning & Development Grants) -- \$10,000
- Wayne State College Fitness Trail Repairs (Lower Elkhorn Natural Resources District Recreation Area Development Program) -- \$3,250

Wayne State College Awards

- Around the World in 180 Days (U.S. Dept. of State through NAFSA: Association of International Educators) -- \$6,765
- Solid Phase Reactions (EPSCoR/Nebraska Academy of Sciences) -- \$1,100
- Synthesize Aluminum/Ligand Complexes and Measure Their Stability Constants (EPSCoR/Nebraska Academy of Sciences) -- \$1,150

Board policy 6024 requires that grant applications and awards, which exceed \$25,000, or have as part of the agreement the obligation to accept fiscal responsibility in future years, or require maintenance of effort shall be approved to the Board. Grant applications and awards less than \$25,000 are attached for information only.

Capital Construction Progress Reports for information only (January - March)

As required by Board Policy, Chadron, Peru and Wayne have submitted the following capital construction progress reports on their campus construction projects.

Chadron

- 1. Burkhiser Technology Complex Renovation Interim report
- 2. Memorial Hall Renovation Interim report
- 3. Sandoz High Plains Heritage Center Renovation/Construction Final report

Peru

- 1. Hoyt Science Building Addition/Renovation Interim report
- 2. Eliza Morgan Hall Renovation Phase I Interim report
- 3. Library/Old Gym Renovation Interim report

Wayne

- 1. Energy Plant Purchase/Renovation Interim report
- 2. Neihardt Hall Renovation Interim report
- 3. Ramsey Theatre Renovation/Addition Interim report
- 4. Rice HVAC Improvements Interim report
- 5. Stadium Entry Plaza, Track and Restroom Project Interim report

The State Building Division requires quarterly reports on all capital construction projects funded with state funds. Copies will be forwarded to that office for their files.

CHADRON STATE COLLEGE - President's Report – June 2004

- 1. The Eagle, Chadron State's student newspaper, claimed third place for general excellence and two first-place awards among colleges at the recent Nebraska Press Association's annual convention. The newspaper won first-place honors in the editorial and news series categories. The editorial, written by Eagle editor Amber Vrana of Linwood, encouraged area residents to keep their money at Chadron State while the University of Nebraska at Lincoln was conducting a statewide tour to raise funds for its new \$40 million athletic facility project. The winning news series was about civil rights activist Morris Dees, who spoke at Chadron State last fall. It included work by Vrana, Mari Olson of Mitchell, Josh Russo of Derby, Vt., and Shaun Evertson of Bayard. LaVida Dickinson, the Eagle's adviser, said the students are worthy of the recognition. "The students who volunteer for the Eagle put in a lot of long hours and deserve credit for their work," Dickinson said. "To be honored for general excellence is a testament to their commitment."
- 2. Chadron State's Children's Theatre Workshop class presented its touring production of the play "Stage Magic" for Chadron elementary and middle school students at Memorial Hall on Friday, April 30. The class has presented the production in elementary schools throughout northwest Nebraska each Friday in April, with showings in two communities per day. The group completed its traveling schedule Friday, April 23, with showings in Hemingford and Alliance. It also traveled to Hay Springs, Gordon, Crawford and Harrison this spring. At each of the locations, the students had to assemble and disassemble the set and lighting, as well as perform. The production's director, Roger Mays, said the rigorous schedule of two shows at different locations per day helps students learn what it takes to work for commercial touring theatres. "If a traveling theatre company can schedule two or three performances in a day to make more money, they'll do it," Mays said. Mays said "Stage Magic" is a highly educational and entertaining production that tells the story of five young actors and their struggle to cast, rehearse and finally perform their own "fractured fairy tale" version of Peter Rabbit. The play was written by Marie Mertzinger. Students involved in the course are Karin Baca, Pine Ridge, S.D.; Heath Draney, Omaha; Danny Giffee, Dawson; Brian Griffith, Chadron; Phil Lockwood, Chadron; Robert Maurer, Dix; Kalyn Mead, Wood River; Lars Monson, Benkelman; Crystal Neitzel, Gregory, S.D.; Brian Shafer, Ord; Pam Smith, Chadron; Elisabeth Saunders, Gillette, Wyo. The course is being sponsored in part by the Nebraska Arts Council and the Nebraska Alliance for Arts Education.
- 3. The Indian Child Welfare Act 2004 Workshop was held at Chadron State in April for those who work, or plan to practice, in the field of child welfare. Featured speakers were attorney Sherri Eveleth of Bancroft, Native American Program project director for Nebraska Legal Services, and Belva Morrison, Rosebud, S.D., an Indian Child Welfare Act specialist. Topics of the workshop included an overview of the Indian Child Welfare Act, practitioner dos and don'ts, legal implications of non-compliance, custody proceedings, and other federal and state laws. The Indian Child Welfare Act was adopted by Congress in 1978 and applies to child custody proceedings in state courts involving children of American Indian ancestry. Chadron State cosponsored the workshop with Nebraska Legal Services, Nebraska Health and Human Services and Chadron Youthbuild.
- 4. Twenty-two youths from ages three through 18 participated in the third annual Round Robin Showmanship Contest hosted by the agriculture program at Chadron State. In conjunction with the competition, eight Chadron State students were involved in a judging contest. Layne Sievers of Randolph won the livestock portion and Myra Hipke of Stuart won the plant identification contest.

- 5. Forty-one Chadron State students have been accepted to attend professional schools in the health professions beginning this fall. Fifteen of the students have been participating in the Rural Health Opportunities Program that is a joint venture with the University of Nebraska Medical Center in Omaha. One student will begin studying occupational therapy at Creighton University in Omaha after finishing her pre-professional studies at CSC in the High Plains Health Opportunities Program. The remaining students have been in what Chadron State calls its "traditional program," and have been accepted by several medical schools. Four of them will attend veterinary colleges. One of the first participants in RHOP at Chadron State, Dr. Jeff King, received the Nebraska Young Physician of the Year award in April. He is a native of Gordon and now practices in Grand Island.
- 6. A Chadron State geoscience student is changing the focus of her research this summer from the tortoise to the hare. Amanda Dopheide of Alliance is returning to the Toadstool Park area north of Crawford, thanks to help from the Nebraska Geological Society. She is one of two winners of the 2004 Yatkola-Edwards Undergraduate Research Grant to support geological studies. Her work, part of a senior thesis under the supervision of geoscience professor Dr. Mike Leite, is on the fossil rabbits in the Toadstool Park area. Dopheide began work on her project in the summer of 2003 while helping Leite and Dr. Joe Corsini, CSC biology professor, collect data on fossil turtles in the Toadstool Park area of western Dawes and eastern Sioux counties. Dopheide said she is eager to continue researching the fossils, which derive from the Oligocene period 25-32 million years ago. This is the first time a student from Chadron State has won the Yatkola-Edwards grant.
- 7. Chadron State has received approval from the National Executive Council of Delta Mu Delta Honor Society for a chapter at CSC. Delta Mu Delta is an honor society for students in business administration. Chadron State business faculty, Dr. Barb Limbach and Dr. Wendy Waugh, will serve as advisors to the chapter.

PERU STATE COLLEGE - President's Report June 2004

- 1. President Johnson received word recently that the National Council for Accreditation of Teacher Education (NCATE), following a review visitation in the fall of 2003, has approved continued accreditation for the professional education unit at Peru State.
- 2. Beginning in Fall 2004, Peru State will offer online certificate programs with courses in several key areas: Accounting, Retail Management, Criminal Justice, Office Management, Retail Management, Human Services, Writing for Publication and Human Resources Management. Advanced graduate courses aimed at professional teachers and trainers will include Classroom Behavior Management and Instructional Technology. The courses, and certificate program, are designed to enhance the skills or knowledge of participants, which can help them advance at work, improve personal satisfaction and increase productivity.
- 3. Dr. Stephen Sylvester accompanied a group of eight Peru State students to the Western Collegiate Model United Nations in Ventura, CA April 14-18th. The nations assigned to them for representation were China and Brazil. Issues discussed included world peace, health issues, international diplomacy, poverty, gender issues a wide variety of issues currently under debate in the United Nations. Delegates write resolutions and debate these issues. This is the second year PSC students have participated in the conference.
- 4. The Music Department and student Music Educators National Conference (MENC) hosted the thirty-first annual Jazz Band Festival at PSC on March 24th. This year's clinician was internationally recognized trumpeter Bob Montgomery.
- 5. Professor of English Dr. Bill Clemente has been elected to serve a four-year term as secretary/treasurer of Alpha Chi, Region IV, the national college honor scholarship society.
- 6. The Nebraska Coordinating Commission on Postsecondary Education met on Peru State's campus May 13th. The meeting was held in the Academic Resource Center conference room. President Johnson gave members and attendees a brief update on campus activities, and a tour of the newly renovated Library and ARC.
- 7. The twenty-second annual Quiz Bowl was held on campus March 29-31. This competition was the largest yet, attracting more than 150 teams from 70 area schools over the three-day period. Assistant Professor Dr. Druann Durbin served as coordinator for the event.
- 8. Michelle Bonifas and Jennie Gooley have been elected to lead the Student Senate as president and vice president respectively during the 2004-2005 school year. Michelle, a junior from Juniata, is a Secondary Education major in Social Sciences. Jennie, a junior from Omaha, is majoring in Business Administration with Marketing and Management options.
- 9. Peru State Phi Beta Lambda chapter members earned the following awards at the State Leadership Conference: Chris Lindner-1st place in both Accounting for Professionals and Future Business Executive; Dustin Bents-1st place in both Networking Concepts and Quantitative Methods; Trevor Taylor-2nd place in Networking Concepts; Jennifer Arnold-3rd place in both Business Communications and Management; Emily Jantzen-3rd place in Future Business Executive. Chris, Dustin and Trevor qualify to compete in the National Leadership Conference in Denver, CO in July. Emily was elected State President for the coming year.

- 10. The Peru State Commencement took place May 7-8 along with the 50-year class reunion activities. Three hundred twenty-three students received their masters or bachelor's degrees as part of the graduating Class of 2004. Mr. Ken Anderson, Professor of Art, has been named the recipient of the George and Lillian Schottenhamel Honors Chair in the Humanities, and received recognition for such during the Commencement ceremony. Also recognized was Associate Professor of Science Dr. Richard Clopton for receiving the Peru State College Teaching Excellence Award. PSC alumnus Fred Robertson was the featured speaker, and Mr. William Roskens delivered greetings from the Nebraska State College Board of Trustees.
- 11. District One legislative candidates were invited to attend a question and answer forum at Peru State on April 29th. Five accepted the invitation and participated. They were Joe Zager, Ron Zieger, Walt Hamilton, Mike Powers, and Lavon Heidemann. The purpose was to allow area residents an opportunity to get to know the candidates. Current Senator Floyd Vrtiska was on hand for the discussion, and was presented with a plaque of appreciation and recognition by Student Senate President Dustin Bents.
- 12. Twenty-five Peru State students earned Midlands Collegiate Athletic Conference Scholar Athlete recognition. To be a scholar athlete, students have achieved sophomore status, a 3.5 cumulative grade point average or higher, and have completed at least two semesters at their school. Two students were recognized for more than one sport: Anna Tennal, senior Biology major from Morrill, KS and Rochelle Davitt, junior Pre-med major from Gallatin, MO.
- 13. Peru State hosted the 11th Annual Greater Southeast Nebraska Mathematics Challenge on April 21st. High school students from twelve area high schools competed. The Peru State chapter of the mathematics society Alpha Mu Omega prepared the testing materials.
- 14. The Lincoln Capitols arena football game on April 16th was designated "Peru State College Night." President Johnson performed the coin toss, and the Bobcat Kickers Dance Team and Peru State pep band were guest performers at halftime. Students, alums, faculty and staff all received VIP treatment that evening.

WAYNE STATE COLLEGE - President's Report June 2004

- 1. A total of 427 undergraduate and graduate students received degrees on May 8 at Wayne State spring commencement ceremonies. Congressman Doug Bereuter, who has represented the First District since 1978, was presented with the Wayne State College Distinguished Service Award. He also gave the commencement address. Gordon Godfrey, a 1973 WSC graduate who is a superior court judge in Washington, received the Alumni Achievement Award. Dr. James Paige, mathematics professor at Wayne State since 1968, was recognized upon his retirement. Sarah Bates, graduating Magna cum Laude in Speech Communication/Corporate and Community Relations, gave the invocation.
- 2. While commencement was going on, the Wayne State baseball team was winning the Northern Sun Intercollegiate Conference baseball tournament championship being held on the Wayne State campus. The Wildcats defeated Winona State twice in the double-elimination tournament to capture both the conference regular season and tournament titles. They advanced to regional competition at Warrensburg, Missouri where they finished second to nationally ranked number one team, Central Missouri State, who went on to the NCAA Division II College World Series.
- 3. Dr. Robert McCue has been named interim vice president for academic affairs, effective June 1. He replaces Dr. David Fuller, who has accepted the presidency of Minot State University in Minot, North Dakota. McCue, who had been dean of the School of Natural and Social Sciences for the past year, has been at Wayne State since 1978, serving as professor of biology, graduate dean, assistant vice president for academic affairs/graduate dean, associate vice president for academic affairs/graduate dean, and interim vice president for academic affairs in 1999-2000.
- 4. The Wayne State madrigal singers, concert choir and wind ensemble traveled to Ireland in May for an eight-day tour and concert schedule. While in Ireland, the groups performed six times in Dublin, Killarney and Galway, including a performance in Christ Church Cathedral. They also participated in a choral workshop.
- 5. Vietnam veteran and Purple Heart recipient Dr. Marty Ramirez of Lincoln was the speaker at the "Tearing Down the Wall" concluding activity on campus on May 3. The project, sponsored by the Wayne State office of residence life, called attention to eliminating the discrimination and shame caused by oppressive stereotypes. Students, faculty and staff knocked down a cinder block wall that had been decorated by students to represent moments in history or terms that oppress people.
- 6. Mike Barry, associate athletic director/director of sports and recreation facilities, was named interim director of athletics effective May 15. Barry, who has been at Wayne State since 1989, replaces Todd Barry, who has been named the head men's basketball coach at Briar Cliff University in Sioux City.
- 7. An apricot tree was planted in front of Connell Hall as part of the campus Arbor Day celebration on April 30. The ceremonial tree planting capped off a week-long landscape renovation project south of Connell that included other plantings where several aging trees had been removed. The Arbor Day program included speakers, live music and entertainment. Dr. Charles Maier, retired Wayne State arboretum director, introduced the updated Willow Bowl Trail and gave a tour of the campus arboretum. Pat Meehan, Wayne State arboretum/landscape manager, coordinated the activities and program.

8. A six-foot by six-foot sculpture, "Time Sails," was delivered to Wayne State on April 22 for a year-long stay in the Hoffbauer Plaza at the Student Center. Sculptor Les Bruning of Omaha was on hand to meet with faculty, students and staff members. The selection of this sculpture was made with input from students, faculty, staff and administrators. It was previously on display at the Market North Sculpture Park in Omaha.

June 10, 2004

ACTION: Nominating Committee Report and Election of Officers

At the April 15-16 Board meeting, Board Chair Lindau appointed Trustees Halbert, Roskens and Teahon to serve as the nominating committee for the 2004-2005 Board officers.

The Committee will be asked to give their report at the June 10 meeting.

June 10, 2004

ACTION:

Approve the appointment of Bruce Cutshall to serve as Lobbyist through June 30, 2006 for the Nebraska State College System at a fee of \$27,440 per fiscal year

Bruce Cutshall has served as the registered lobbyist for the State College System since the 1991 Legislative year. The appointment commencing July 1, 2004 through June 30, 2006 will continue Mr. Cutshall's services for the Nebraska State College System.
