MISCELLANEOUS ACTION AND INFORMATION ITEMS

Chancellor's Report

Chancellor Carpenter noted several items of interest including:

- The Higher Education Opportunity Act (HEOA) transfer agreements would be signed May 12.
- Sheri Irwin-Gish had secured Danny Woodhead as a speaker at the April 15, 2011 Scholarship Luncheon prior to her accepting a position with the University. With Sheri's departure, Vice Chancellor Tande has continued to work with Danny's agent to finalize the details of his attendance at the luncheon.
- The grand opening of the College Center in South Sioux City will be held Wednesday, April 20, 2011. The Governor will be the key note speaker. Trustees will be receiving invitations from WSC Interim President Frye soon.
- Interviews of firms for the NSCS Campus Master Plan development were conducted Wednesday, March 23. Negotiations have begun with the top candidate.
- Chancellor Carpenter will participate in a panel discussion at the College Access and Success Conference to be held Thursday, May 12 at the Cornhusker Marriott in Lincoln.
- Chancellor Carpenter and President Hanson plan to travel to Washington DC April 11-13,
 2011. Chancellor Carpenter indicated that President Park and Interim President Frye would also be traveling to DC in the near future.
- The September Board meeting will be held at Peru in conjunction with the grand re-opening and dedication of the Jindra Fine Arts Building.
- The 2012 Senator's Reception would be held Wednesday, January 18 not Tuesday as indicated in the Board materials.
- The Legislature remains in session and all are hoping that the proposed level funding for the NSCS appropriation will hold. The Nebraska Forecasting Board is scheduled to meet again Thursday, April 28.

Appointment of Board Nominating Committee

Trustees Bieganski, Breed and Suarez will serve as the nominating committee for the 2011-2012 Board and Facilities Corporation officers.

Chair Teahon presented certificates of appreciation to Student Trustees Dietrich, French and Keenan for their service to the Nebraska State College System Board of Trustees during the 2010-2011 academic year.

Chair Teahon reminded the following that they would be providing greetings from the Board of Trustees at the May 7, 2011 NSCS institution commencement ceremonies:

Gary Bieganski – Chadron Bill Roskens – Peru Cap Peterson – Wayne

Board of Trustees' Meeting Schedule

Board members were asked to review the following 2011-2012 meeting schedule, that had been approved at the June 3, 2010 meeting, and the additional calendars for 2012-2013 through 2015-2016. Chancellor Carpenter asked all to review their personal schedules and let him know if there were any conflicts.

Chancellor Carpenter reported the June meeting would be held only one day, June 2, 2011, and no Board retreat would be held. The September 8-9, 2011 meeting would be held in Peru rather than in Chadron.

Presidents' Reports

PSC President Hanson reported on the current strategic planning process. The complete plan presented to the Board at its June meeting will prioritize initiatives, refine the themes, present an implementation timeline, identify potential resources and outline an assessment and evaluation plan.

CSC President Park discussed the current landscape improvements being implemented at CSC including the new flag plaza and a new entrance with new pillars and a digital sign. CSC is working to permanently light the "C" on the hillside near the football stadium. It is hoped a lighting ceremony can be held at the Fall 2011 Homecoming festivities.

WSC Interim President Frye reported on the partnership between the College and the Wayne State Foundation. The report outlined many of the projects that were completed because of the fundraising conducted by the Foundation including the renovation of Carhart, the commons area and the Willow Bowl project to name a few. Interim President Frye communicated that this is a dynamic and rewarding partnership.

Student Trustees' Reports

The student trustees, led by PSC Student Trustee Keenan, discussed ways that student trustees might be more involved in Board processes. Chancellor Carpenter indicated he would welcome a further explanation of these ideas. He said he would ask Vice Chancellor and General Counsel Petersen to research statutory limitations that would affect the role of student trustees.

PSC Student Trustee Keenan thanked the Board for the opportunity to serve. She noted several activities were slated at PSC for the spring semester. One of the events held recently was the presentation by Arun Gandhi, grandson of Mahatma Gandhi, which Keenan described as "fabulous"!

CSC Student Trustee Dietrich also thanked the Board for his opportunity to learn from the Board and serve as student trustee. He noted several activities were scheduled for the spring semester at CSC which included the Band and Music Festival and various club activities.

WSC Student Trustee French thanked the Board for allowing him to serve as student trustee for Wayne State. He further reported that ten girl's track records had recently been broken at WSC. French reported that Curtis McCardy, an individual who had served 21 years in prison for a crime he did not commit, would be speaking at WSC in the near future.

Next Meeting

The next regularly scheduled meeting of the NSCS Board of Trustees will be held at Hillcrest Country Club in Lincoln on June 3, 2010.

ADJOURNMENT -- The meeting was adjourned at 9:52 a.m.

Respectfully submitted,

Stan Carpenter Chancellor

ACTION: First & Final Round Approval of Revisions to Board Policy 5010; Categories of Personnel; State College Employees

Priority: Educational Excellence Throughout the System

Goal: 3. Recruit, retain and invest in excellent faculty and staff

This policy has been revised to appropriately identify the categories of NSCS employees. Policy guidance has been added for how Colleges may hire students and temporary employees. The System Office recommends approval of the revisions to this policy. Attached is a copy of Board Policy 5010.

POLICY: 5010 Categories of Personnel; State College Employees

State College Employees Page 1 of 2

BOARD POLICY

Personnel employed in the State College System shall be placed in one of the following personnel categories:

- 1. **Faculty**. This category includes persons serving in faculty positions as the Board may designate. The faculty of the Nebraska State College System includes all persons holding academic rank of instructor and above, or formally approved equivalent ranks.
- 2. **Non-Ranked Faculty**. This subcategory includes all persons employed under a special appointment as a with the rank of graduate assistant, teaching assistant, research assistant, lecturer, teaching fellow, part-time faculty, or adjunct faculty and other positions as designated by the Board.
- 3. **Professional Staff.** This category includes all personnel who are not included in the faculty, non-ranked faculty, or support staff, student or temporary employee categories and who have a general scope of duties and responsibilities requiring educational qualifications and professional training that generally exempts their positions from the Federal Fair Labor Standards Act. Persons in this category have assignments requiring primary and major responsibility for management of the institution, or a customarily recognized department or subdivision thereof. Assignments require the performance of work directly related to management policies or general business operations of the institution, department or subdivision. It is assumed that assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgment, or to direct the work of others. Included in this category are all employees officers holding titles such as Chancellor, Vice Chancellor, President, Vice President, Dean, and Director, as well as other administrative, professional and managerial staff. or the equivalent, as well as officers subordinate to any of these administrators with such titles as Associate Dean, Assistant Dean, Department Head if their principal activity is administrative. Also includes supervisors of professional employees. Persons holding Professional Staff positions are issued annual contracts or letters of appointment and includes the following subcategories as designated by the Board:
 - Executive Staff. This subcategory includes persons serving as a campus President or Chancellor of the State College System.
 - b. Administrative Staff. This subcategory includes persons serving in administrative professional positions on each campus and in the System Office as the Board may designate, including campus administrators such as vice presidents, deans or division heads, librarians, counselors, assistant directors, and System Office staff such as directors, associate directors and assistants.
 - c. Managerial Staff. This subcategory includes persons serving in non-academic professional positions on each campus and in the System Office as designated by the Board including directors and officers not included in executive, administrative or academic staff, and departmental managers, and coordinators. Part time employees in this subcategory may be subject to the provisions of the Federal Fair Labor Standards Act.
 - d. Other Professional Staff. This subcategory includes persons employed for the primary purpose of performing academic support, student services and institutional support activities whose assignments require either college graduation or experience such kind and amount as to provide a comparable background. Includes employees such as librarians, accountants, student personnel workers, counselors, systems analysts and coaches.

POLICY: 5010 Categories of Personnel; State College Employees

Page 2 of 2

- 4. **Support Staff**. This category includes all persons who are not included in the faculty, non-ranked faculty, or professional staff, student or temporary employee categories; who are employed in positions listed in the State College Classification Plan for Support Staff; and who may perform duties that by custom in business, industry, and other institutions of higher education is managed on an hourly basis with such work compensated according to hours worked or earned, including clerical, and office, employees, custodial, and or maintenance personnelduties and are compensated on an hourly basis.
- 5. **Student Employees**. This category includes all employees whose primary occupation or involvement is that of student, except those qualifying under the Non Ranked Faculty category. Regardless of the funding source, student employees may not work more than one thousand five hundred fifty (1,550) hours during a twelve (12) month period.
 - a. International students or non-resident alien student employees who are on F-1 Visas are not allowed to work more than twenty (2) hours per week during the regular academic year. These students can work a maximum of forty (40) hours per week during the summer.
 - b. Work study student employees may not work more than twenty (20) hours per week during the academic year in which they receive work study funds.
- 6. **Temporary Employees**. This category includes hourly employees such as seasonal, special events, short term replacements, and other employees who are hired into non-budgeted positions. Temporary employees shall not work more than twenty-four (24) hours in any given week. An exception to that limitation may be allowed by the Vice President of Administration and Finance, so long as the total number of hours worked in a year does not exceed one thousand two hundred forty-eight (1,248). Temporary employment opportunities may be posted at the discretion of the College. Temporary employees shall receive a letter at the time of hire explaining the limited nature of their position. Temporary employees shall be paid through bi-weekly payroll.

Goal: 3. Recruit, retain and invest in excellent faculty and staff

The policy is being revised to outline the process whereby the Chancellor may offer a two (2) year contract to Vice Chancellors. System Office recommends approval of the revisions to this policy. Attached is a copy of Board Policy 5014.

POLICY: 5014 Types of Appointments;

Notice Requirements;

Faculty and Professional Staff

Page 1 of 3

BOARD POLICY

Each person appointed to a faculty or professional staff position shall be designated as having one of the following types of appointments:

- 1. **Special Appointment.** Appointments that are not "Specific Term Appointments," "Probationary/Tenure Track Appointments," or "Tenured Appointments," shall be "Special Appointments." The following types of appointments to faculty or professional staff positions shall be filled by Special Appointment only:
 - a. Temporary or interim appointments for less than one (1) academic year;
 - b. Appointments to part-time positions;
 - c. Appointments to volunteer status;
 - d. Appointments to the rank of assistant instructor, lecturer, or "visiting" academic faculty rank;
 - e. Appointments of graduate assistants (up to an academic year); and,
 - f. Appointments supported by funds over which the College does not have control or which the College cannot reasonably expect to continue indefinitely.

A "Special Appointment" shall terminate in accordance with the time stated in the written contract or with ninety (90) days written notice by either party. If no time is stated in the written contract, the appointment may be terminated by either party giving the other at least ninety (90) days written notice of the date of termination. Special Appointments may also be terminated prior to the expiration of the contract term for adequate cause, discontinuance, reduction or curtailment of a program or department, or financial exigency according to Board Policies.

Every "Special Appointment" is a non-tenure position and carries no presumption of reappointment beyond the termination date. Time in a special appointment position shall not count toward years of service in qualifying for a tenured appointment or promotion in rank.

A member of the faculty may hold a "Special Appointment" coincident with a "Specific Term Appointment," "Probationary/Tenure Track Appointment," or a "Tenured Appointment," and the terms of the "Special Appointment" may be independent of the terms of the other appointment status as a faculty member.

2. **Specific Term Appointment**. A "Specific Term Appointment" is a professional staff or faculty appointment for a term of one academic or fiscal year. The Chancellor has the discretion to offer Vice Chancellors" Specific Term "contracts for a period of two (2) years with a salary level which is determined annually. Contracts may be renewed at the discretion of the Chancellor. Such renewal shall be for an additional one (1) year period with a salary level determined for the upcoming year. Written notice of non-renewal shall be given by June 30 prior to the final contract year. No advance notice shall be required in the event of dismissal for cause. A "Specific Term Appointment" for faculty members shall be a non-tenure track appointment and shall not count toward years of service in qualifying for a tenured appointment or promotion in rank. Faculty appointed to a "Specific Term" professional staff position do not have tenured status with respect to such position, the salary of the position, the term (AY/FY) of contract, or any other provisions or perquisites of that position.

A "Specific Term Appointment" shall carry no presumption of reappointment, and will terminate at the end of the stated term, if written notice of non-reappointment is given in accordance with the following requirements:

POLICY: 5014 Types of Appointments; Notice Requirements;

Faculty and Professional Staff

Page 2 of 3

- a. Written notice of intent not to renew appointments shall be given at least thirty (30) days prior to expiration during the first year of employment, three (3) months prior to expiration during the second year of employment, or six (6) months prior to expiration during the third or subsequent years of employment in a full-time position. Specific Term Appointments may also be terminated prior to expiration of the contract term for adequate cause, discontinuance, reduction or curtailment of a program or department, or financial exigency according to Board Policies.
- b. A written notice of intent not to renew may be signed by the department chair, immediate supervisor, Dean or Director, President, Chancellor or the Chair of the Board of Trustees. Notice shall be deemed to have been properly given if mailed to the employee's home address, as reflected by the records of the College or System Office, by certified mail, with sufficient postage attached.
- c. Failure to provide the required notice period shall not result in automatic reappointment or create any right to reappointment for an additional term. The employer shall have the option of providing employment or severance pay in lieu of any portion or all of the notice to which the employee is entitled, so long as the extension of employment or severance pay is commensurate with the notice to which the employee is otherwise entitled.

As of 6-1-2008, professional staff members who hold a contract that includes a term regarding the right to retain tenure and/or the right to return to faculty status shall retain such right for a period of four (4) years during which time they can exercise the right, as long as he or she remains employed by the College. During the four (4) year period, if a vacant faculty position at the employing College occurs for which the professional staff member is qualified; the College may offer the vacant position to the professional staff member in writing. Qualifications will be determined by the College. If the professional staff member does not accept the vacant faculty position, he or she will be deemed to have relinquished all future rights to return to a faculty position and/or tenured faculty employment.

At the end of four (4) years, a professional staff member may remain in their non-faculty appointment according to the terms of employment found in the NSCPA Bargaining Agreement and/or applicable Board Policies but shall relinquish all future rights to return to a faculty position and/or tenured faculty employment. In the event a professional staff member exercises a right to return to a faculty position and/or tenured faculty employment in a timely manner, he or she will be employed according to the terms of the current SCEA Bargaining Agreement and/or applicable Board Policies.

Consistent with the terms outlined above, professional staff members hired from College faculty positions after 6-1-2008 may contractually be allowed to retain a right to retain tenure and/or the right to return to faculty status for a period of four (4) years.

At a President's approval and subsequent request to the Chancellor, an extension of the four (4) year time period may be granted by the Chancellor due to extenuating circumstances.

POLICY: 5014 Types of Appointments;

Notice Requirements;

Faculty and Professional Staff Page 3 of 3

3. **Probationary/Tenure Track Appointments.** A "Probationary/Tenure Track Appointment" is a probationary appointment as a faculty member with the rank of instructor or above for a term of one year. A "Probationary/Tenure Track Appointment" shall carry no presumption of renewal, and will terminate at the end of the stated term, if written notice of non-reappointment is given in accordance with the terms of the SCEA Bargaining Agreement.

4. **Tenured Appointment.** A "Tenured Appointment" is an academic appointment terminable only for adequate cause; program or department reduction, curtailment or discontinuance, or financial exigency. No person shall have a "Tenured Appointment" until notice has been received that such an appointment has been reported to and accepted by the Board. The President shall inform the Chancellor if the recommendations of the President and the Academic Vice President differ from the recommendations of the College Promotion and Tenure Committee and dean.

ACTION: First & Final Round Approval of Deletion of Board Policy 5015;
Types of Appointments; Notice Requirements; Support Staff

Core Value: Recruit and retain quality faculty and staff Priority: Financial Strength of the System Goal: 4. Improve efficiency of operations

The System Office recommends this policy be deleted as the terms and conditions of support staff employment have already been addressed in Board Policy 5104. Attached is a copy of Board Policy 5015.

POLICY: 5015 Types of Appointments;

Notice Requirements;
Support Staff Page 1 of 1

BOARD POLICY

Every appointment to a Support Staff position shall be assigned to one of the classification titles authorized by the System Office.

Support Staff employees are not issued written contracts or letters of appointment. Support Staff employees excluded by the NAPE/AFSCME Bargaining unit serve at the pleasure of the Board and are at will employees who are employed on an hourly basis and may be terminated at any time with or without cause and with or without notice.

Nothing in this policy or in other Board policies may be construed as a contract or guarantee of employment for a definite period of time. Notwithstanding the foregoing, a reasonable effort will be made to give Support Staff employees, whose employment is being terminated for reasons other than misconduct, two (2) weeks notice if employed full time and one (1) week notice if employed part time; provided, however, that if an employee has been employed in excess of five (5) years consecutive, a reasonable effort will be made to give at least four (4) weeks' notice.

Classification titles, general work responsibilities, and qualifications are detailed in the Nebraska State College System Classification Descriptions.

ACTION: First & Final Round Approval of Board Policy 5701; Veterans Preference; Employment

Priority: Educational Excellence Throughout the System

Goal: 3. Recruit, retain and invest in excellent faculty and staff

This new policy provides guidance for the Colleges to adhere to veteran's preference statutes relating to employment. The System Office recommends approval of this policy. Attached is a copy of Board Policy 5701.

| POLICY: 5701 Veteran's Pro | eference; Employment | Page 1 of 1 |

|----------------------------|----------------------|-------------|

BOARD POLICY

The Nebraska State College System shall apply the following standards to comply with the requirements set forth in the Revised Statutes of Nebraska, Sections 48-225 to 48-231, with respect to veterans seeking a preference in employment as provided in said sections.

The State Colleges do not select or qualify applicants on the basis of an employment examination. Therefore, in order to apply the veteran's preference, the State Colleges will recognize the preference upon determining qualified applicants for employment. Those who are "preference eligible" shall be entitled to employment over other persons of equal qualifications in the final selection process.

ACTION: First & Final Round Approval of Revisions to Board Policy 5503; Injury Leave and Workers' Compensation

Priority: Educational Excellence Throughout the System

Goal: 3. Recruit, retain and invest in excellent faculty and staff

Policy 5503 has been revised to acknowledge the transfer of the workers compensation case management from the State Office of Risk Management to a third party provider. The policy identifies more leave options and limits to the Colleges' reinstatement obligations. The System Office recommends approval of the revisions to this policy. Attached is a copy of Board Policy 5503.

POLICY: 5503 Injury Leave and Workers' Compensation Page 1 of 1

BOARD POLICY

All employees, as defined by the workers' compensation insurance carrier, including temporary, who are disabled unable to work as determined by a medical provider, as a result of a job-related injury or disease, may be granted injury leave. Injury leave shall not exceed five (5) of the employee's normal working shifts (no more than a maximum of forty (40) hours) for any particular injury. Such leave is not to be charged against accumulated vacation or sick leave. If, after these five (5) leave days, the employee's injury or disease prohibits working, he or she may elect to use any accumulated sick leave in conjunction with workers' compensation benefits. For details of workers' compensation benefits, employees are to inquire at the campus College or System Office, as appropriate, responsible for such matters.

Reporting Job-Related Injuries/Disease

Any job-related injury or disease shall be reported to the proper campusCollege or System Office—authority, as appropriate, as soon as possible and the College or System Office, as appropriate, shall have the responsibility to supply all the necessary information to the State-Office-of-Risk Managementa appropriate workers' compensation insurance carrier. Copies of all such reports shall be filed with the Chancellor of the System Office.

No employee shall receive a salary (workers' compensation plus regular pay) in excess of his or her normal wage.

Use of Sick and/or Vacation Leave to Supplement Workers' Compensation Payments

Employees being paid Workers' Compensation for job-related injuries or disease may use <u>compensatory time or</u> sick, <u>and/or</u> vacation, <u>FMLA or crisis</u> leave <u>(as available)</u> to supplement the payment up to, but not to exceed, their regular rate of pay. While using paid vacation, <u>sick</u>, <u>or crisis</u> leave <u>donations</u> to supplement earnings, vacation and sick leave will continue to accrue, but once exhausted, the employee <u>will-may be</u> converted to a non-paid status with workers' compensation benefits only, <u>and no further accrual of vacation or sick leave will be earned during such leave</u>.

If the employee declines to use <u>compensatory time or sick</u>, <u>/vacation, FMLA or crisis</u> leave to supplement workers' compensation pay, the employee shall not be entitled to any leave or pay benefits or additional accrual of sick or vacation leave except as authorized under workers' compensation. <u>and shall be carried in a leave without pay status</u> while on Workers' Compensation. No service date adjustment is necessary for this unpaid leave, with the exception of FMLA leave.

For a period of one year after the date of disability and upon termination of Workers' Compensation, and after a physician has released the employee to return to work, the employee shall be reinstated to his or her former position with no salary reduction. If the employee's former position is not available, the campus or System Office authority, as appropriate, shall place the employee in a similar position, and at the discretion of the appropriate authority, may have their salary reduced.

For a period of one year after the date of disability and after a physician has released the employee to return to work, if disabled and unable to return to the former position, the employee shall be reinstated to a vacant position, if available, for which the employee is qualified and physically suited, and at the discretion of the appropriate campus or system authority, as appropriate, may have their salary reduced.

After one year from date of disability, if the employee has not or is not able to return to work, the employing agency is relieved from any re employment obligation and the employee may be terminated.

ACTION: First & Final Round Approval of Revisions to Board Policy 5002; Conflict of Interest; Employment Requirements

Priority: Educational Excellence Throughout the System

The revisions to this policy are to establish guidelines for faculty teaching immediate family members. The System Office recommends approval of the revisions to this policy. Attached is a copy of Board Policy 5002.

POLICY: 5002 Conflict of Interest;

Employment Requirements

Page 1 of 2

BOARD POLICY

General Requirements

No employee shall engage in any activity that conflicts or appears to conflict with his or her duties and responsibilities at a College or the System Office.

Employees shall:

- a) Be informed of conflict of interest perils and remain alert to them in personal activities;
- b) Make certain that no outside activities interfere with the employee's discharge of his or her College or System Office obligations;
- c) Freely and without delay disclose outside activities to the Chancellor regarding situations that could involve, or be construed as, conflicts of interest;
- d) Not use, or authorize the use of public resources, personnel, property or funds under their official care, custody, or control for personal financial gain or the financial gain of an immediate family member; and,
- e) Take action according to Neb. Rev. Stat. §49-1499.02 to disclose potential conflicts of interest when they would be required to take any action or make any decision in the discharge of official duties that may cause financial benefit or detriment to the employee, a member of the employee's immediate family, or a business with which the employee is associated.

Contracts

No employee, a member of the employee's immediate family, or business with which the employee is associated shall enter into a contract valued at two thousand dollars or more, in any one year, with a governmental body unless the contract is awarded through an open and public process in compliance with Neb. Rev. Stat. § 49-14,102.

Nepotism

Nepotism means the act of hiring, promoting or advancing a family member within the Nebraska State College System or recommending the hiring, promotion, or advancement of a family member in the Nebraska State College System, including initial appointment and transfer to other positions. Employees are prohibited from engaging in nepotism.

Further, no employee shall act as a supervisor to his or her family member. Acting as a supervisor means having authority to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline employees, responsibility to direct them or to adjust their grievances, or effectively to recommend any such action. Employees are prohibited from supervising family members within the Nebraska State College System.

The Chancellor may, upon a written showing of good cause, grant an exception to these prohibitions. The written showing of good cause shall be filed with the Accountability and Disclosure Commission and shall be considered a public record.

POLICY: 5002 Conflict of Interest;

Employment Requirements

Page 2 of 2

An employee who becomes a supervisor to his or her family member other than by means of nepotism shall notify the Chancellor within seven (7) days of such occurrence and may continue to act as a supervisor until the Chancellor remedies the situation or grants an exception to the prohibition. The Chancellor shall act as soon as practicable.

Teaching Immediate Family Members

Faculty members are discouraged from teaching immediate family members (parents, siblings, spouses, children, or grandchildren). If an immediate family member enrolls in his/her assigned class, the faculty member shall report the situation to the Vice President for Academic Affairs. Due to the potential conflict of interest and potential appearance of impropriety, the Vice President for Academic Affairs has the authority and discretion to make alternative arrangements for the immediate family member to take the class from another faculty member or have the immediate family member's graded work reviewed by a qualified, independent third party.

For purposes of this policy, family member shall mean spouse, child, parent, brother, sister, grandchild, or grandparent, by blood, marriage, or adoption.

GOVERNANCE AND ADMINISTRATION, NEBRASKA STATE COLLEGES

POLICY: 2800 Standards of Conduct of Employees and
Students Regarding Alcohol and Drugs Page 1 of 1

BOARD POLICY

The illegal possession, use or distribution of drugs or alcohol by students and employees is a violation of College rules as well as State and Federal laws. Officers of the State Colleges are to cooperate with State and Federal agencies in the prevention of drug abuse. In satisfaction of this mandate and in order to fulfill its obligations under the Drug Free Workplace Act of 1988, 41 U.S.C. ss701, and the Drug Free Schools and Communities Act of 1989, 20 U.S.C. ss1145g, the Board has formulated standards of conduct for both its employees and its students which prohibit the following acts:

- 1. Use, possession, manufacture, distribution or sale of illegal drugs or drug paraphernalia on College premises or while on College business or at College activities, or in College supplied vehicles either during or after working hours;
- 2. Unauthorized use or possession or manufacture, distribution, or sale of a controlled substance as defined by the Federal Controlled Substances Act, 21 U.S.C. 801 et seq, or Nebraska Drug Control Laws, Neb. Rev. Stat. 28 401 et seq., on College premises, or while engaged on College business or attending College activities, in College supplied vehicles, either during or after working hours;
- 3. Unauthorized use, manufacture, distribution, possession or sale of alcohol on College premises while on College business or at College activities, in College supplied vehicles either during or after working hours;
- 4. Storing in a locker, desk, vehicle, or other place on College owned or occupied premises, any unauthorized controlled substances, drug paraphernalia or alcohol;
- 5. Use of alcohol off College premises that adversely affects an employee's or student's work or academic performance, or an employee's or student's safety or the safety of others;
- 6. Possession, use, manufacture, distribution or sale of illegal drugs off College premises that adversely affects the employee's work performance or the student's academic performance, or an employee's or student's safety or the safety of others;
- 7. Violation of State or Federal laws relating to the unauthorized use, possession, manufacture, distribution or sale of alcohol, controlled substances or drug paraphernalia;
- 8. In the case of employees failure to notify an employee's supervisor of an employee's arrest or conviction under any criminal drug statute as a result of a violation of law which occurs at the State College workplace.

The provisions of this policy shall be communicated to all students and employees by each State College president. It is recommended that each campus administration develop an appropriate drug and alcohol abuse awareness training program that can be presented periodically to students and employees.

BOARD POLICY

The authority for approval of all <u>employment</u> appointments resides with the Board. Except in the case of the appointment of a new President or Chancellor, such authority shall be exercised by the persons to whom the Board has delegated such responsibility.

PROCEDURE

- 1. Advisory committees for the positions of Chancellor or President shall be determined by the Board and will follow equal opportunity hiring requirements. The Chancellor will serve as a non voting member of the advisory committee established by the Board for Presidential searches.
- 2. Whenever a vacancy occurs in a position at the System Office or College levels, and assuming the position is to be refilled, a committee may be appointed to serve in an advisory capacity. Such committee, if appointed, will be selected and function within the Board's equal opportunity hiring requirements.
- 3. Nothing in this section shall be construed as restricting the authority of the President, Chancellor or the Board, as appropriate, to make acting or interim appointments to vacancies in senior administrative positions.

BOARD POLICY

APPOINTMENTS

The Chancellor for the Nebraska State College System shall be appointed by the Board of Trustees. When appointing the Chancellor, the Board may take into consideration recommendations from any advisory search committee(s) comprised of College and other System constituent groups appointed by the Board. The selection process shall follow equal opportunity hiring requirements. Acting or interim appointments to the position of Chancellor may also be made by the Board.

CONTRACT

<u>Initial Contract.</u> An initial contract for the Chancellor shall be for a period of two (2) years with a salary level which is determined annually.

Contract Renewal. Contracts may be renewed at the discretion of the Board. Such renewal shall be for an additional one (1) year period with a salary level determined for the upcoming year. Written notice of non-renewal shall be given by June 30 prior to the final contract year. No advance notice shall be required in the event of dismissal for cause.

Nonrenewal. If the Chancellor is given a non-renewal notice, the Chancellor may be reassigned administrative or other duties in the System Office. An alternate arrangement may be negotiated which is mutually agreeable to the Chancellor and the Board that may involve relinquishing the office, with the Board purchasing the remainder of the contract, up to a maximum of six (6) months. This provision shall not apply where dismissal is a result of malfeasance or gross neglect of duty

<u>Termination</u>. The Chancellor may be dismissed for cause during the contract period by the affirmative votes of four (4) Board members.

Prior to voting, the Board shall provide the Chancellor with a written recommendation regarding the proposed dismissal and shall afford the Chancellor an opportunity to request a hearing before a hearing officer appointed by the Board. The Chancellor must submit a written request for such a hearing to the Board Chair within five (5) calendar days of receipt of the written notice.

A hearing officer shall conduct a hearing and provide written findings and recommendations to the Board regarding the proposed dismissal. A copy of the findings and recommendations shall be provided to the Chancellor. A hearing officer shall admit and consider evidence submitted by the parties in the form of documents or the testimony of witnesses. The Chancellor shall have the right to attend the hearing, to present evidence, to examine documents, to question witnesses, and to otherwise present any relevant evidence with respect to the statement of reasons for dismissal. The Chancellor shall also have the right to be represented by an attorney at his/her own expense. After considering a hearing officer's findings and recommendation, the Board shall make a decision regarding the dismissal. The Board's decision will be final.

DUTIES

The Chancellor is responsible to the Board for administration and oversight of the Colleges according to Board Policy and the laws of the state and federal government. The Chancellor shall report directly to the Board on matters of policy and administration in academics and operational areas for the System and shall act as the Secretary for the Board of Trustees.

PERFORMANCE EVALUATIONS

The performance of the System Chancellor will be evaluated annually by the Board. The objectives of the evaluation are to (1) determine that the system is well managed, (2) improve the performance of the person holding the position, (3) ensure effective governance, and (4) ensure that sound System goals are being pursued. The evaluation provides the Chancellor with an evolving understanding of his/her role, rights and responsibilities; the plans, goals and expectations mutually agreed to by the Chancellor and from the Board; and the criteria against which progress will be measured. The review is also to provide an opportunity for open and frank discussion of the conditions or state of accomplishments; desirable courses of action, progress, and ideas for improvement or redirection of effort. A written summary of the evaluation will be placed in the Chancellor's file.

PROCEDURE

A. Frequency of Review

1. Newly Appointed Chancellor

<u>New Appointees.</u> The newly appointed Chancellor <u>will</u> meets with the Board <u>Chair</u> after six <u>(6)</u> months in office to provide his/her assessment of the state of the <u>systemColleges</u>, goals and objectives and possible plan(s) for their implementation. During this meeting the Chancellor makes an assessment of the needs of the <u>sS</u>ystem and proposes plans and priorities for action.

2. Annual Evaluation

Annual Evaluation. The Chancellor has an evaluation conference with the Board once a year prior to employment contract renewal. The <u>meetings-conference will</u> focus on progress toward meeting missions and goals, program accomplishments, <u>College activities</u>, problems and proposed solutions, <u>and</u> the state of the <u>sSystem_, and The conference</u> will supplement the continuing <u>interex</u>changes about <u>sSystem</u> events between the Chancellor and the Board.

POLICY: 5100 Chancellor Page 4 of 4

B. Background Information and Its Collection

The annual evaluation is primarily based upon information compiled by the individual being evaluated. In preparation for the evaluation, the Chancellor will prepare a report for the Board which states-includes the previous year's plans and priorities and progress toward meeting them. The report will also state-include the plans and priorities which are intended to be accomplished in the future. Other material should be included as appropriate to assure the Board's understanding of ssystem issues which address the important circumstances of the individual being evaluated evaluation.

C. Evaluation

In addition to the review of plans and priorities, the general guidelines for evaluation will include consideration of the leadership and management effectiveness of the Chancellor.

The Board Chair works with the Chancellor to set a date and two hour time frame for individual evaluations. The individual being evaluated prepares the background information outlined in Section B and mails it to the Board members two weeks prior to the evaluation date.

The voting Board members participate in the evaluation with the Board Chair leading the discussion.

The interview with the Chancellor shall be structured using the report submitted and the evaluation guide. Upon completion of the interview, the individual will be asked to leave the room and the Board will discuss the overall evaluation. The individual will then be asked to return and the Board Chair will go over the Board evaluation. A written summary of the evaluation will then be placed in the Chancellor's file.

The name of the policy has been changed to Academic Program and Degree Requirements to better reflect the contents of the policy. This policy outlines the descriptions and definitions when prescribing degree, program and graduation requirements for completion of baccalaureate degrees within the Nebraska State College System. Discussion has primarily focused on reducing the number of credits required for a baccalaureate degree from 125 to 120 and reducing the number of credits required for general education. Modifications to the policy will necessitate curricular review at the three colleges. As a result the following schedule is proposed:

- a. November 2011 Board of Trustees meeting: deadline to request exceptions to 120 credit hours for existing programs. Included as exceptions to the 120 credit hour degree requirement are the Certified Public Accountant program and a limited number of teacher education programs i.e., those that currently require more than 125 credit hours. All other programs must meet the 120 credit hour requirement or seek approval as an exception to Board policy.
- b. Fall semester 2012: revised academic programs are offered at the Colleges.

Executive Summary

For the past eight months Chadron state College has been involved in strategic planning within each of the three basic units of the institution: academic affairs, student affairs, and administrative affairs. Intentional initiatives that will significantly re-imagine the college's operations have been developed. These initiatives address internal reorganization and initiatives that will streamline operations, make better use of personnel and resources through functional reorganization, and create new high impact learning environments led by well qualified and pedagogically trained full and part-time faculty members. These activities are aimed at discarding long-held procedures that no longer make sense given the changing landscape of higher education, and that dramatically increase recruitment and retention through high quality service and learning opportunities.

The intentional initiatives have been developed in response to three key drivers in higher education:

- Rapidly developing technology What long-held assumptions about teaching, learning, and about the role of the professor still have resonance in this age of the Internet? And, which assumptions regarding the academic enterprise must be discarded?
- **Rising expectations** Student expectations are changing, along with government and tax-payer expectations for accountability which are intensifying.
- **Declining revenue** Declining state revenue is the "new normal" along with escalating costs of higher education to taxpayers and students.

In addition the twenty initiatives are categorized into four groups based on outcomes as follows:

- Streamlined, relevant, high impact learning experiences for students
- Competitive, customer-focused delivery of services in support of teaching and learning
- Optimal use of limited human and physical resources
- Increased revenue

In terms of priorities for the twenty initiatives, the college needs to focus initially on those that deal with reorganization in support of scalability and functionality. This must be accomplished in an environment of fewer resources and done with regard to efficacy and efficiency. In short, we must strive to do a better job for more students and with fewer resources. This reorganization is

budget neutral and seeks to re-focus the sphere of work, not increase it. It also seeks to build on the robust technology of the NeSIS system by streamlining service delivery and eliminating individual silos of turf and expertise in favor of strong cross-training. All recommendations in this process will comply with Board Policy, the negotiated agreements, and the designations of the professional staff study that was recently completed. The details of the CSC strategic planning process and initiatives are described in the pages that follow. The Board of Trustees is provided this information to facilitate its review of our reorganization of functions, job descriptions, and titles, and for which the College seeks Board approval.

Strategic Planning for 2011 - 2014

Strategic Planning Background:

For the past year Chadron State College has been involved in the renewal of its strategic planning process, as the current document, Vision 2011, expires in this centennial year. The guiding parameters for this process were put forth in a document by George Mehaffy entitled "Medieval Models, Agrarian Calendars and 21st Century Imperatives." Dr. Mehaffy maintains that "it is time to go beyond marginal tinkering or reductions of core functions and services and begin to identify long-term strategies to create scalable, high quality education models for the 21st century." The premise of his manifesto is that "all of us together are smarter than any one of us alone."

This idea was demonstrated by the Defense Advanced Research Projects Agency (DARPA). DARPA created the Internet and is known for its groundbreaking experimentation. To celebrate the 40th anniversary of the Internet, DARPA created a competition to "explore the roles the Internet and social networking play in the timely communication, wide-area team-building, and urgent mobilization required to solve broad-scope, time-critical problems." The network challenge they chose for the competition involved finding ten 8-foot high bright red weather balloons placed at fixed, random locations around the United States. The first team to find all ten balloons won a \$40,000 prize. The winning team from M.I.T. found all ten red balloons in eight hours and 52 minutes by creating a network of over 40,000 people from just five members of the core team. Social networking and a pyramid scheme with incentives for everyone, allowed the M.I.T. team to build the prize winning team. No one individual could have found all ten balloons in record time, no matter how much expertise he or she possessed.

The DARPA competition demonstrated the new adaptive, networked knowledge which is profoundly different than the individual expert knowledge that is typical of universities and colleges. This important message was not lost on the American Association of State Colleges and Universities (AASCU) and George Mehaffy, Vice President for Academic Leadership and change at AASCU. The organization has organized the *Red Balloon Project* to create a network of public colleges and universities that will collaboratively re-imagine education systems in light of the three drivers in the 21st century that will profoundly challenge public higher education: declining funding, rising expectations, and rapidly developing technology. This network of institutions will focus on new models for: institutional organization and design; enrollment management; faculty work; curriculum; and course and instructional design. Through these collective efforts the Red Balloon Project aims to:

- Successfully educate an increasing numbers of students, with fewer resources;
- Utilize educational technologies to better engage students in authentic learning experiences;
- Provide students with 21st century knowledge, skills, and abilities needed for careers and thoughtful engagement in global society.

Chadron State College's Strategic Plan 2011-2014:

Each of the three basic units of the institution: Academic Affairs, Enrollment Management and Student Affairs, and Administration and Finance have brought forward recommendations for paradigm changing, intentional initiatives that will significantly re-imagine the college. Some of these initiatives address internal reorganization and internal initiatives that will streamline operations, make better use of personnel and resources through functional reorganization, and create new high impact learning environments led by well qualified and pedagogically trained full and part-time faculty members. These activities are aimed at discarding long-held procedures that no longer make sense given the changing landscape of higher education, and dramatically increase recruitment and retention through high quality service and high impact learning opportunities.

Vision

Chadron State College aspires to be a premiere institution of higher education in the western high plains states, innovatively pursuing excellence in teaching, scholarship, and service.

Mission

Chadron State College will enrich the quality of life in the region by providing educational opportunities, research, service, and programs that contribute significantly to the vitality and diversity of the region.

Drivers of Change in the 21st Century

- Rapidly Developing Technology What long-held assumptions about teaching, learning, and about the role of the professor still have resonance in this age of the Internet? And, which assumptions regarding the academic enterprise must be discarded?
- **Rising Expectations** Student expectations are changing, along with government and tax-payer expectations for accountability which are intensifying.
- **Declining Revenue** Declining state revenue is the "new normal" along with escalating costs of higher education to taxpayers and students.

The Plan's Desired Outcomes

- Streamlined, relevant, high impact learning experiences for students
- Competitive, customer-focused delivery of services in support of teaching and learning
- Optimal use of limited human and physical resources
- Increased revenue

Initiatives (Note: Task Forces are currently working to develop specific action plans with timelines, measurable outcomes, and responsible parties for each of the 20 initiatives listed)

The following 8 initiatives were developed to achieve the outcome of streamlined, relevant, high impact learning experiences

"More than just grades"

Curriculum initiatives:

- 1) Revise Essential Learning Program (General Studies)
- 2) Create integrated and interdisciplinary programs
- 3) Implement experiential learning for college seniors
- 4) Expand student literacy to all areas of technology and media
- 5) Create co-curricular experiences that emphasize leadership, engagement, civic responsibility and positive human interaction

Teaching and Learning initiatives:

- 6) Establish a technology-supported, collaborative and creative teaching and learning center to provide appropriate resources and tools to create high-impact learning experiences
- 7) Refine and redefine course delivery models
- 8) Promote standards of quality for courses and teaching

The Following initiatives were developed to achieve the outcome of competitive, customer-focused delivery of services in support of teaching and learning

"Quality Service Every Time"

- 9) Develop a campus-wide definition and process for student advising and schedule building
- 10) Initiate a review of internal service gaps and establish a plan to improve communication and timely completion of services
- 11) Review all campus services for relevance and efficiency
- 12) Initiate a review of internal service gaps with respect to academic computing services

13) Establish a deliberate collaborative process to improve communication and effective teamwork across all areas of the college

The following initiatives were developed to achieve the outcome of optimal use of limited human and physical resources

"Work SMART" (Specific, Measurable, Attainable, Relevant, and Time-bound)

- 14) Based on the campus-wide review of services for relevance and efficiency (#11 above) reallocate human resources more effectively according to mission-critical processes and functions as opposed to historical silos
- 15) Implement a system of assessment and accountability for ensuring quality of mission critical functions
- 16) Differentiate and streamline the role and responsibilities of faculty and staff
- 17) Initiate a digital document and self-service plan for process flow improvement, accountability, document storage and retrieval, and paper reduction

The following initiatives were developed to achieve the outcome of increased revenue

"The New Normal"

Note: The previous 17 initiatives are intended to indirectly enhance revenue for the College, however, the following three initiatives are specific to revenue generation.

- 18) Reallocate one or more existing personnel lines to focus exclusively on market development
- 19) Develop internal support for grant-writing
- 20) Build on fundraising momentum developed during the Vision 2011 Comprehensive Campaign

In terms of priorities for the above twenty intentional initiatives, the college needs to focus on those that deal with reorganization in support of scalability and functionality. Therefore the strategic plan hinges on the timely implementation of initiatives 11 and 14. After extensive discussions about the drivers of higher education change – rising expectations, rapidly changing technology, and revenue – and the resulting initiatives we wish to accomplish, along with mission critical accountability issues in regard to student services and accreditation and assessment, the college is proposing a functional reorganization of administrative, professional and support staff and faculty with an eye to creating champions for these areas. This reorganization recognizes the fact that "if it is everyone's business, then it is no one's business."

Accomplishment of mission critical activities require that someone is the leader for each activity and that leader has the power and authority to make things happen. In addition the reorganization must be accomplished in an environment of fewer resources and done with regard to efficacy and efficiency. In short, we must strive to do a better job for more students and with fewer resources. The following pages encapsulate the proposed possibilities for functional reorganization. The changes are **revenue neutral** and seek to refocus the sphere of work, not increase it. The changes also build on the robust technology of the NeSIS system by streamlining service delivery and eliminating individual silos of turf and expertise in favor of strong cross-training.

Reorganization of Academic Affairs:

Academic Affairs is seeking to re-design the roles and job descriptions of the academic deans along functional lines rather than historical turf. Individual deans will be designated as champions of certain mission-critical functions and will then work collaboratively with the Deans Council to accomplish those tasks across campus

- Dean of Teaching and Learning and Dean of the School of Liberal Arts This dean will direct the new Teaching and Learning Center (TLC) and will focus on the design of creative and interactive learning environments, especially using new technologies, as well as various delivery modalities. In addition the TLC will provide one-on-one and just-in-time training in pedagogy and technology for faculty. He or she will also be the primary liaison with Human Resources regarding searches for full and part-time faculty and staff, and supervise the FFYBE (Faculty First Year Blended Experience) for full-time, part-time, and online faculty. While this academic dean will be the direct supervisor of faculties in the School of Liberal Arts, he/she will also work with the entire faculty membership on issues of improvement of instruction and will be involved with the teaching and scholarship component of the annual evaluation for all faculty members.
- Dean of Curriculum and Academic Advancement and the Dean of the School of BEAMSS This dean will be in charge of curriculum reform including the structure and sequence of curricula, as well as the coordination of curriculum in support of collaborations, e.g. dual high school credit, dual masters degrees, professional curriculum regarding businesses such as Cabela's, the RHOP program, globalization efforts, and new markets. He/she will oversee the re-design of the General Studies core curriculum, as well as the new initiative for the development of high impact practice interdisciplinary and multidisciplinary courses across disciplines and departments and the senior experiential learning capstone. This dean will direct the assessment programs for General Studies and academic programs, along with the requirements for regional (HLC) accreditation and specialized accreditation for Business (ACBSP). In addition this dean will head advanced or graduate studies regarding academic issues, plans of study, and graduate assistants. This dean will also chair the Graduate Council and oversee the graduate program. While this academic dean will be the direct supervisor of faculties in the School of Business, Entrepreneurship, Applied &

Mathematical Sciences & Sciences, he/she will also work with the entire faculty membership on accreditation and assessment and will be involved with the service component of the annual evaluation for all faculty members.

- Dean of Professional Licensure and Dean of the School of Education, Human Performance, Counseling, Psychology and Social Work Given the tactical and technical mine field associated with continuing NCATE accreditation and our 2012-13 visit, this academic dean will shepherd the Education unit and all aspects of NCATE accreditation, TK-20 Education assessment, teacher candidate advancement, teacher certification and field placement, and serve as liaison with the public schools. In addition this dean will deal with the issues of state licensure for professional occupations in counseling, social work, and teaching and oversee the specialized accreditation for Social Work (CSWE). While this academic dean will be the direct supervisor of faculties in Education, Human Performance, Counseling, Psychology and Social Work, he/she will also work with the entire faculty membership on accreditation and assessment issues in teacher education and will be involved with the teaching, scholarship, and service components of the annual evaluation for all faculty members in the integrated education unit across campus.
- Annual Faculty Evaluations and School Budgets The three academic deans comprise the Deans Council. The Council will work together to finalize the annual evaluations for all faculty after individual deans provide parts of the evaluations for the council to review. This should result in very consistent annual evaluations for all faculty members and avoid the differences caused in the past by using three different deans independently. In addition the council will oversee an academic instructional budget for all three schools as a whole and make group decisions that will be better informed and involve the entirety of academic affairs, thus providing appropriate and consistent support for all programs offered by CSC.
- Extended Campus Programs Many of the historical functions of the Extended Campus Programs Office are the same functions performed in admissions and advising. Those redundant operations will be shifted to the central admissions and advising offices and the focus of the current Assistant VP for Extended Campus Programs, will be shifted to another critical area of need, new market development. This would focus a high level professional on work that will enhance enrollments and provide coordination with the internal constituents when collaborations and curricular adjustments are needed to meet the needs of new markets.

Reorganization of Enrollment Management and Student Affairs:

As is the case with Academic Affairs, Enrollment Management and Student Affairs seeks to redesign the roles and job descriptions of the professional and support staff along functional lines rather than historical turf. One of the outcomes of the discussions during the strategic planning process was the acknowledgement that units within Enrollment Management and Student Services at Chadron State College have arrived at an intersection of changing technology,

changing expectations of the customer, outdated processes and practices, and a staffing pattern that supports place over function. A thorough review of processes and practices and an environment of continuous assessment and process improvement are needed.

During the past few years Chadron State College has begun to realize both the challenge and the potential of several system-wide and local initiatives:

- The new student information system (NeSIS).
- The emergence of the 8 week format for courses to meet the needs of non-traditional learners.
- The expansion of online learning.
- Changing and additional focus of marketing efforts targeting populations of potential undergraduate and non-traditional undergraduate and graduate students.

These changes have called into question our past practices and processes and historical responsibilities. With the advent of the new student information system (NeSIS), we are receiving better data sooner but with the current configuration of personnel, Enrollment Management and Student Services is not taking full advantage of the system to improve services. If we reorganize according to broad functions rather than historical responsibilities, we will be able to utilize the system better and serve constituents more reliably and efficiently.

Enrollment Management and Student Services proposes to reorganize personnel, budgets, and services around the *processes* that need to be provided to students, rather than the disjointed, sometimes redundant, historical silos where students must physically go from office to office (student gauntlet) to get their needs met.

The desired outcomes for the reorganization are:

- A service interface that permits human to human interaction or web based access
- Access to services on-demand
- The right information/service at the right time
- Cross-functional teams that develop processes and support the service interface

The key to the reorganization is the development of a student interface that provides access to functions needed by in-bound and existing students. Students using the interface will access functions through the web or through a **generalist**, who will be the student's point of contact to **run the gauntlet for the student**. For planning, problem solving and assessment, personnel will be organized into five teams representing the five broad functions of the Enrollment Management and Student Services unit. The five teams are the Recruiting Team, the Enrollment Team, the Retention Team, the Records Team, and the NeSIS Team. The teams will be crossfunctional. That is to say, the composition of each team will be made up of personnel from the different, but interrelated, areas of expertise such as admissions, records, financial aid, etc. Each

team will be headed by a Team Leader. Because the NeSIS team manages the integrated database that drives all functions, the team will consist of the Team Leaders for each of the other four teams. Personnel and budget will be organized around these five teams.

Administration and Finance

As with the Academic Affairs and Enrollment Management and Student Affairs divisions, the planning in the Administration and Finance division revolved around function dictating how future processes would be structured rather than maintaining historical silos of responsibility. Because the Administration and Finance units were found to be more closely aligned to current functional needs, broad reorganization of the unit was not required.

However, it is critical that Administration and Finance conduct a thorough review of internal service gaps, reduce the amount of time to completion of service requests, and develop a process to improve communication with campus constituents.

A second focus will be to work with the Human Resources Office and the System Office to expand the job descriptions of support staff so they can have broader responsibilities than their contracts currently allow. For example, if custodial job duties could be expanded beyond cleaning to allow them to do tasks such as touch-up painting and weeding of planting beds near their building, existing staff could be more effectively utilized.

Units in the Administration and Finance division are also one on the largest generators of paper in the form of reports, pay applications; forms (work orders, expense reimbursements, leave reports, state documents, etc). Administration and Finance will lead the campus in developing a digital document and self-service plan for process flow improvement, accountability, document storage and retrieval and the reduction of the amount of paper consumed and stored.

Conclusion

As we strive to re-image Chadron State College in the 21st century, we are seeking support from the Board of Trustees for the broad concepts of reorganization as described in this presentation. Specific changes needing Board approval, such as position titles, will be brought forward at the June 2011meeting. Please note that recommendations for reorganization will comply with Board Policy, negotiated agreements, and the designations of the professional staff study that was recently completed. Because of their implication for reorganization, we have focused on a subset of the initiatives in the strategic plan in this presentation. In the future we look forward to sharing with the Board the progress we make on all of the initiatives.

ACTION: Approve Chadron State College Reorganization

Priority: Educational Excellence Throughout the System

Financial Strength of the System Goal: 4. Improve efficiency of operations

At the last Board meeting, President Park and her staff presented information regarding a proposed reorganization of the college. The proposed restructuring will result in more efficient operations both academically and administratively, which will better serve CSC students.

The following bullets provide a summary of the paperwork submitted to the Board of Trustees for their approval at their June 2, 2011 meeting. The changes involve either changes in title or reporting line or both. The college has submitted change of title/new position forms as well as a revised organizational chart with new titles and reporting lines to accompany this summary sheet.

Academic Affairs:

- 1. New title Dean of Teaching & Learning and Dean of Liberal Arts.
- 2. New title Dean of Professional Licensure and Dean of Education, Human Performance, Counseling, Psychology & Social Work.
- 3. New title Dean of Curriculum and Academic Advancement and Dean of Business, Entrepreneurship, Applied and Mathematical Sciences & Sciences.
- 4. New title Associate Vice President for Market Development formerly the Assistant Vice President of Extended Campus Programs.
- 5. Change in reporting line Associate Vice President for Market Development now reports to the President and no longer to the Vice President for Academic Affairs.
- 6. Change in reporting line The members of the Instructional Technology Center will now report to the Dean of Teaching & Learning, Charles Snare, and no longer to Steve Taylor, the Associate VP of Market Development. These individuals include: Elizabeth Ledbetter, Bryant Serres, Jereme Patterson, Telecommunications Technician vacancy.
- 7. Change in reporting line Ashley Dent, Director of the Physical Activity Center will report to Dr. Randy Rhine, VP of Enrollment Management and Student Services, and no longer report to Margaret Crouse, Dean of Professional Licensure.
- 8. Change in reporting line Kristal Kuhnel, Assistant for Graduate Studies, will now report to the Dean of Curriculum and Academic Advancement and no longer report to the Dean of Professional Licensure.

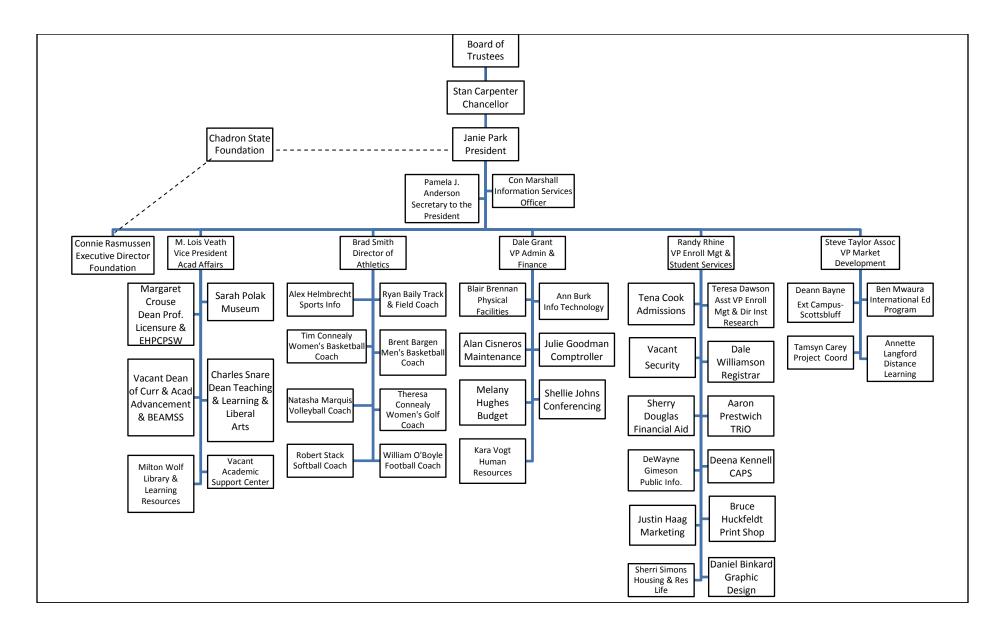

Student Affairs:

1. Change in reporting line – Office Assistant II, from the Registrar, to Director of Financial Aid.

- 2. Change in reporting line Academic Advisor, Extended Campus Programs, from the Assistant Vice President for Extended Campus Programs, to Director of Financial Aid.
- 3. Change in reporting line Academic Advisor, Extended Campus Programs, from the Assistant Vice President for Extended Campus Programs, to Director of Financial Aid.
- 4. Change in reporting line Counselor, from the Vice President for Enrollment Management and Student Services, to Director of the SSS Grant and Retention Team Lead.
- 5. Change in reporting line Coordinator of Student Activities, from the Vice President for Enrollment Management, to Director of the SSS Grant and Retention Team Lead
- 6. Change in reporting line School Nurse, from the Vice President for Enrollment Management and Student Services, to Director of the SSS Grant and Retention Team Lead.

The System Office and CSC recommend Board approval of the proposed reorganization.

ACTION: Approve Exercise Science Minor for Peru State College

Priority: Educational Excellence Throughout the System

Goal: 4. Strengthen academic programs

Currently, the Health and Physical Education program at Peru does not include a minor in exercise science. This minor will require coursework from the major already in place at Peru. The required courses currently exist thus, no new coursework or faculty will be required and there will be no impact on resources. This minor will provide the students another curricular option.

ACTION: Approve Peru State College Strategic Plan

Priority: Educational Excellence Throughout the System

Financial Strength of the System Greater System Prominence

Over the past year the Peru State College community has been engaged in a strategic planning process. To provide direction for this process the theme, "Essential Engagement – enhancing institutional effectiveness and reputation" was chosen. This theme reflects current research on student achievement and the importance of actively engaging students in learning experiences.

A strategic planning committee was formed that included individuals representing students, faculty, staff, athletics, alumni, the PSC Foundation and the community. The strategic planning process took advantage of the concurrent work of the College's Higher Learning Commission Self-Study Committee, the Enrollment Management Committee, the Strategic Marketing Committee, and the Athletic Strategic Planning Committee. Input from all constituencies, including students, has been crucial in developing the plan. This input came from surveys, College senate and departmental meetings, focus group meetings, and town hall style meetings.

The process has resulted in a shared understanding of who we are as a college as expressed through our vision, mission and core values; the identification of key strategies; and a prioritized list of select strategies that fit within the context of the NSCS Strategic Plan. The Peru State College Sesquicentennial Plan provides focus for the institution through the college's sesquicentennial year in 2017. While the strategies focus on the next six years they were developed to prepare a vibrant future for Peru State College ten to twenty years into the future.

The following vision statement gives direction for the college as the plan is implemented:

Peru State College will be a college of choice fostering excellence and student achievement through engagement in a culture of inquiry, discovery, and innovation.

To achieve this vision Peru State College will direct its resources and energy over the next six years toward the following two transformational goals:

- 1) Creating excellence through essential engagement.
- 2) Increasing prominence.

This focus will position the college for continued success well into our future. Specific strategies for each transformational goal define key initiatives.

Transformational Goal: Excellence Through Essential EngagementStrategies

- 1. Enhance the student experience through distinctive engagement.
- 2. Foster engaged learning and achievement through proven best practices.
- 3. Create a dynamic learning environment for the campus community focused on professional development and technology.

Transformational Goal: Increased Prominence

Strategies

- 4. Strategically communicate college strengths, distinctiveness and successes.
- 5. Develop a long-term resource acquisition strategy to support initiatives for a strong future.
- 6. Improve campus facilities.
- 7. Create a sustainable long-term growth strategy.
- 8. Improve the quality of life in Peru and the surrounding area.

The System Office and PSC recommend approval of the Peru State College Strategic Plan.

The complete PSC Strategic Plan will be provided to the Board in a separate mailing.

ACTION: Approve Designation of Presidential Associate for Mrs. Dianne Frye

Priority:

Educational Excellence Throughout the System

Goals:

- 2. Create a college experience that enriches the lives of our students and prepares them for their chosen
- 5. Create a diverse intellectual and social environment

In accordance with Board Policy 5024, the spouse of a campus President may be designated as the Associate of the President if approved by the Board of Trustees. This appointment acknowledges the Associate's oversight responsibility in acting as an official agent of the System and/or the President for the purpose of performing services that further the official business purposes of the System or a member State College, if the spouse is available and chooses to so perform. The appointment as an Associate is without salary or benefits and conveys no rights associated with employment by the Nebraska State College System or the State of Nebraska except as specifically provided in policy.

ACTION: Approve Continuation of Nebraska State College System Advantage

- NSCS Advantage at Chadron, Peru and Wayne State Colleges

Priority: Educational Excellence Throughout the System

Goal: 3. Recruit, retain and invest in excellent faculty and staff

At the February 27, 2009 meeting, the Board of Trustees approved a pilot program for new freshmen students enrolling for the 2009-10 academic year at Chadron, Peru and Wayne. The program is a system effort designed for entering first-time freshmen students who receive a federal Pell Grant. This program assures that these students will not have to pay tuition at any of the Nebraska State Colleges. The participants in this program must be:

- A Nebraska Resident
- A federal Pell Grant recipient
- A new first-time freshman
- Enrolled in at least 12 on-campus credit hours

The award is limited to a maximum of 16 credit hours per semester. Additional limitations are in place for the award of any remissions for online courses taken in addition to the 12 on-campus credit hours. The award is not available for transfer students.

For eligible participants, the program provides the difference between the cost of tuition and the amount of all other awards. Other awards include Pell, Supplemental Educational Opportunity Grant (SEOG), Nebraska Scholarship Grant (NSG), Academic Competitiveness Grant (ACG), institutional waivers, foundation scholarship assistance, and other awards.

Continuation in the program requires the recipient to receive a federal Pell Grant every semester and to remain enrolled in one of the Nebraska State Colleges.

As a part of this program, the Colleges will have the authority to exceed remission limits established in Board Policy #3400, if necessary, to accommodate this program.

The program has been a success; therefore the System Office recommends approval to continue the Nebraska State College System Advantage – NSCS Advantage at Chadron, Peru and Wayne State Colleges' tuition remission program as part of its regular and on-going business operation.

June 2, 2011

ACTION: Approve Continuation of One Rate Any State Program at Peru State College

Priority: Financial Strength of the System Goals: 2. Increase enrollment and retention

3. Strengthen fiscal, environmental, technological and physical resources

Strategy: e. Increase number of out-of-state students

At the April 17, 2009 meeting, the Board of Trustees approved a pilot project for Peru State that provides a special tuition rate for non-resident on-site undergraduate students at \$1.00 per credit hour above the resident undergraduate tuition rate. The additional \$1.00 will be waived via tuition remissions to result in a net tuition charge equivalent to the resident undergraduate rate. As approved, the pilot project became effective with new on-site freshmen entering in fall 2009.

At its June 19, 2009 meeting, the Board of Trustees approved an amendment to the pilot project extending the reduced tuition rate to all new and returning non-resident on-site undergraduate students. This change standardized the treatment of non-resident undergraduate student billings. It also eliminated the need for multiple codes to designate the various tuition rates that apply to non-resident undergraduate students. Peru State's analysis at that time indicated the change would have a minimal fiscal impact.

The program has been a success at Peru; therefore the System Office and Peru State recommend approval to continue the One Rate Any State tuition program as part of its regular and on-going business operation.

June 2, 2011

ACTION: Approve the Following Tuition Rates and Online Rates Per Credit Hour for 2011-2012:

TUITION

Undergraduate, resident \$135.25 Graduate, resident \$171.75 Undergraduate, non-resident \$270.50 Graduate, non-resident \$343.50

PERU STATE NON-RESIDENT TUITION

Undergraduate, non-resident (on-site) \$136.25

ONLINE RATE

Undergraduate Online \$200.00 Graduate Online \$250.00

Mission Statement: The Nebraska State College System serves our students, communities and state by providing

high quality, accessible educational opportunities.

Core Values: Assure financial, programmatic, and geographic access to NSCS institutions

Maintain affordable tuition and fees

Priority: Financial Strength of the System Goal: 2. Increase enrollment and retention

Strategy: f. Keep Board of Trustees informed on the financial status of the colleges and system

TUITION

Board policy states that undergraduate resident tuition rates will be established, and the graduate rate will be one hundred twenty-five percent (125%) of the undergraduate rate. Non-resident undergraduate rates will be established at no more than two hundred percent (200%) of resident undergraduate rates, and non-resident graduate rates will be established at one hundred twenty- five percent (125%) of the non-resident undergraduate rate. The rates for 2010-11 were as follows:

TUITION

| Undergraduate, resident | \$128.75 |
|-----------------------------|----------|
| Graduate, resident | \$163.50 |
| Undergraduate, non-resident | \$257.50 |
| Graduate, non-resident | \$327.00 |

The impact of the tuition increase to a full-time, undergraduate resident student is \$97.50 per semester. The increase takes into consideration the state appropriation level for Fiscal Year 2011-12 as well as the impact of significant anticipated increases in operational expenses. The tuition increase will fully cover the "core needs" increases for 2011-12.

ON-LINE RATE

The on-line rates are inclusive of all tuition and fees. The 2010-11 single, system-wide rates were:

ON-LINE RATE

Undergraduate On-Line \$190.00 Graduate On-Line \$237.50

Each college will propose the distribution formula for the on-line rate, which must be approved by the Chancellor.

11-12 Tuition Increase

ACTION: Approve Distribution of Operations Appropriations for Fiscal Year 2011-2012

Priority: Financial Strength of the System
Goals: 1. Ensure financial accountability
4. Improve efficiency of operations

Strategies: f. Keep Board of Trustees informed on the financial status of the colleges and system

g. Continually find ways to stretch limited resources as far as possible

The General Fund appropriation for FY 2011-12 is \$44,846,037, which is contained in LB 374 (2011).

The Cash Fund appropriations displayed include the level contained in LB374 plus adjustments for the proposed FY 2011-12 tuition increase. Additional cash fund appropriation adjustments may be considered by the Board during the fiscal year.

The General and Cash Fund distributions proposed cover all of the "core needs increases" for the Colleges and System Office for 2011-12.

The Revenue Bond appropriation reflects the appropriation level contained in LB 374, as well as adjustments based on the College's preliminary revenue bond budgets included in Item 4.9.

The Federal Fund appropriation reflects the amount contained in LB 374, which were increased significantly for 2011-12 to reflect the move of Peru State and Wayne State to the federal direct lending program for students. Additional adjustments may be made to the Federal Funds appropriation as needed by the Colleges.

ACTION: Approve Revised Operating Budgets for 2010-2011

Priority: Financial Strength of the System
Goals: 1. Ensure financial accountability
4. Improve efficiency of operations

Strategies: f. Keep Board of Trustees informed on the financial status of the colleges and system

g. Continually find ways to stretch limited resources as far as possible

The budgets have been revised to reflect encumbrances and carry forwards from 2009-10, cash fund adjustments approved by the Board of Trustees, as well as the Nebraska Opportunity Grant and other funds received through the Coordinating Commission for Postsecondary Education. Federal funds awarded during 2010-11 are also included.

A table comparing the preliminary budgets along with the revised budgets follows.

ACTION: Approve Revised Revenue Bond Budgets for 2010-2011

Priority: Financial Strength of the System Goals: 1. Ensure financial accountability

4. Improve efficiency of operations

Strategies: f. Keep Board of Trustees informed on the financial status of the colleges and system

g. Continually find ways to stretch limited resources as far as possible

The Colleges have submitted their revised revenue bond budgets for the 2010 -2011 fiscal year.

Board Policy 9005 requires Chadron and Wayne to maintain a 110% debt service coverage and Peru to maintain 125%. The budgets indicate the colleges will exceed required debt service coverage as follows:

| | <u>Preliminary</u> | Revised |
|---------|--------------------|---------|
| Chadron | 210% | 205% |
| Peru | 238% | 317% |
| Wayne | 231% | 239% |

Approve the Preliminary 2011-2012 Revenue Bond Budgets as Submitted by ACTION:

the Colleges

Priority: Financial Strength of the System Goals: 1. Ensure financial accountability Improve efficiency of operations

Strategies: f. Keep Board of Trustees informed on the financial status of the colleges and system

g. Continually find ways to stretch limited resources as far as possible

The Colleges have submitted their preliminary revenue bond operating budgets for the 2011-2012 fiscal year.

As required by the master resolution, these budgets will be submitted to the NSCS bond trustee, Wells Fargo, as information. The bond resolution requires at least 110% debt service coverage for each of the colleges. Board policy requires 110% for Chadron and Wayne and 125% for Peru. The preliminary budgets indicate the Colleges exceeding those required coverages as follows:

| Chadron | 279% |
|---------|------|
| Peru | 232% |
| Wayne | 185% |

Approval of these preliminary budgets will authorize the Colleges' appropriations to be revised to the "Operations/Maintenance Total" level for 2011-12, which will include changes from the amount in the appropriation bill as follows:

| Chadron State | 100,000 |
|---------------|-----------|
| Peru State | 234,683 |
| Wayne State | (186,283) |

These changes reflect the Colleges' actual revenue bond budgets as compared to an appropriation level that is set at the beginning of a biennium. The Board has the authority to adjust the appropriation level based on the revenue bond operating budgets.

ACTION: Approve the Resolution Authorizing Peru State College to Spend Revenue Bond Surplus Funds for Contingency Maintenance Projects at the College

Priority: Financial Strength of the System

Goal: 3. Strengthen fiscal, environmental, technological and physical resources Strategy: g. Continually find ways to stretch limited resources as far as possible

j. Maintain facilities and improve physical environment

Peru has submitted a list of contingency maintenance projects for its revenue bond facilities, along with financial information related to the status of its revenue bond programs. The data has been reviewed by System Office staff, and the request reflects appropriate uses of funds. Financial projections indicate adequate support for the programs and planned improvements. The System Office supports the request.

PERU STATE COLLEGE PERU, NE

RESOLUTION TO WITHDRAW FUNDS

WHEREAS, Section 5.2 of Article V of the Master Resolution adopted by the Board of Trustees of the Nebraska State Colleges June 11, 2002 requires the Board to operate revenue bond facilities in an efficient, sound and economical manner and as a revenue producing enterprise, maintaining, preserving, and keeping the facilities in good repair, working order, and condition, and from time to time promptly making all necessary and proper repairs, renewals, replacements, additions, extensions and betterments thereto, and,

WHEREAS, Section 3.7(2) of Article III of the Master Resolution states that the Board may expend funds from the Surplus Fund for purposes of making "any extraordinary acquisitions, repairs, renewals, replacements, renovations, equippings and furnishings to the Facilities," and,

WHEREAS, certain repairs, remodeling and furnishings are required in the revenue bond facilities at Peru State College in order to maintain the maximum use and occupancy of the facilities, and,

WHEREAS, there is on deposit with Wells Fargo Nebraska, N.A., Lincoln, Nebraska, Trustee, as of February 28, 2011 in the Surplus Fund not less than the amount requested, which funds are restricted for use on revenue bond properties.

BE IT RESOLVED that the Board of Trustees of the Nebraska State Colleges, in compliance of the Master Resolution, does approve and hereby directs Wells Fargo Nebraska, N.A. Lincoln, Nebraska to pay appropriate orders out of the Series 2002 Surplus Fund for the following:

| 1. | Campus Wide | Fire & Life Safety | 200,000 |

ACTION: First & Final Round Approval of Revisions to Board Policy 7010; Purchases; Bids; Public Lettings

Priority: Financial Strength of the System Goal: 4. Improve efficiency of operations

A proposed change to Board Policy 7010 would allow an exception to purchasing processes in the case of a major disaster. An additional revision allows for the NSCS to use another public entity's bid pricing. The System Office recommends approval of the revisions to this policy. Attached is a copy of Board Policy 7010.

POLICY: 7010 Purchases; Bids; Public Lettings Page 1 of 5

BOARD POLICY

Public Lettings

All public lettings made by the Colleges and the System Office shall meet the requirements of state statute for such activities. Advertisements for bids shall fix the day and time upon which bids shall be returned, received and opened. When a public contract is to be awarded to the lowest responsible bidder, a resident bidder shall be allowed a preference over a nonresident bidder from a state which gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the nonresident bidder. This provision shall not apply to any contract for any project upon which federal funds would be withheld because of such provisions.

All contractors bidding on public lettings in the System shall file with the bid form, a statement that he/she is complying with, and will continue to comply with, fair labor standards in the pursuit of his/her business and in the execution of the contract on which he/she is bidding. If it is shown that any contractor submitting a bid has not complied with fair labor standards in the pursuit of his/her business, such lack of compliance shall be the basis for disqualification of the bid.

The State of Nebraska's Drug-Free Workplace Policy requires those engaging in or seeking to engage in business with the State to establish a drug-free workplace policy. All contractors and vendors wishing to enter into a contract with a College must either submit a copy of their drug-free workplace policy or submit a statement that they are in compliance with the State of Nebraska's Drug-Free Workplace requirement. Purchase Orders used to obtain products or services shall contain a statement that, by virtue of accepting the Purchase Order, providing the project or services and receiving payment for the same, the vendor is verifying that his/her business is in compliance with the State's Drug-Free Workplace Policy.

All contractors shall register and use a federal immigration system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.

No person who is in charge of any bids prior to the time fixed for opening, shall open them prior to the time or otherwise disclose to any bidder the contents, amount or other details of any rival bid.

Purchases

The responsibility for the purchasing, receiving, storing and distributing of all materials, supplies, moveable furniture and moveable equipment to support the activities and programs of each College and the System Office, unless otherwise provided, is delegated by the Board to the President of each College or to the Chancellor. The Vice President for Administration and Finance of the College shall serve as the Principal Purchasing Agent for the College and shall be responsible for the development and implementation of College processes and procedures which conform to the requirements of the Board of Trustees. Should such processes and procedures include the appointment of a College purchasing agent and a decentralized purchasing function, responsibility for conformance with Colleges ' and Board of Trustees' requirements shall remain with the Principal Purchasing Agent.

POLICY: 7010 Purchases; Bids; Public Lettings Page 2 of 5

While a staff member as a prospective user may informally seek information and confer with a vendor about the characteristics and list price of a product, negotiation for purchase of such product must be done in compliance with the College/Board of Trustee's policies. In instances where the College has a decentralized purchasing function which may involve the prospective user of a product, the Principal Purchasing Agent shall retain responsibility for assuring compliance with procurement procedures. If correspondence is carried on between a prospective user and a vendor, copies of such correspondence shall be included along with other price documentation accompanying a purchase order to the extent determined appropriate by the Principal Purchasing Agent. Employees are to be aware of and follow the requirements stated in Policy #5002, Conflict of Interest; Employment Requirements when working with potential vendors for their College.

Purchasing processes and procedures shall be designed to assure that all materials, supplies, equipment and contractual services, using appropriate standards and specifications, can be purchased at the most advantageous price. Where feasible and appropriate, each College shall attempt to determine its annual supply and equipment needs so that purchasing may be coordinated to realize the potential economies of standardization of materials and large scale purchases. State purchasing assistance or contracts may be utilized where found to be advantageous. Payment will be made on satisfactory evidence that the materials have been received or the services rendered; that the designated specifications have been met; and that the price charged is correct. In that the State of Nebraska prefers that electronic payments be made to contractors and suppliers when possible, the following text shall appear on all State College Requests for Proposals, bid requests, contracts and purchase orders: "The Colleges may request that payments be made electronically instead of by State warrant."

All purchases of and contracts for services, materials, supplies, or equipment, and all leases of property, shall be made in the following manner, except in emergencies approved by the Chancellor:

- By a competitive formal sealed bidding process in all cases in which the purchases are of estimated value in the amount of twenty-five thousand dollars (\$25,000) or more;
 - Competitive formal sealed bids are price quotations secured from vendors by means of A Quotation Request form. A minimum of fifteen (15) calendar days shall elapse between the time formal bids are advertised or called for and the time of their opening. Bids are opened publicly at the time and date specified in the Quotation Request. Facsimile quotes or e-mails received by the institution are not allowed during this process.
- By a competitive informal bidding in all cases in which the purchases are of estimated value equal to or exceeding ten thousand dollars (\$10,000) but less than twenty-five thousand dollars (\$25,000);
 - Informal competitive bids are price quotations for goods and services which are secured by a written request for bids and which are documented in writing by the vendors after solicitation by the College/System Office. Informal competitive bidding requires written specifications to be sent to prospective bidders with a specified date for the return of the sealed bid, but a time opening of the bids is not required. Facsimile quotes or e-mails received by the institution are not allowed during this process.
- By an informal bidding process in all cases in which the purchases are of estimated value equal to or exceeding two thousand five hundred dollars (\$2,500) but less than ten thousand dollars (\$10,000);
 - Informal bids are price quotations for goods or services which are secured by telephone calls or letters to potential vendors or from the vendors' published material. If the bids are obtained by telephone, the College/System Office is required to document such bids in writing.

POLICY: 7010 Purchases; Bids; Public Lettings Page 3 of 5

- By a non-bidding process in all cases in which the purchases are of estimated value less than two thousand five hundred dollars (\$2,500). If it is determined by the College/System Office that solicitation of bids for items costing less than two thousand five hundred dollars (\$2,500) would result in a better quality product or lower cost, informal bids may be secured by telephone or in writing.
- 5) All contracts for services, purchases and leases shall be bid as a single whole item. In no case shall contracts be divided or fractionated in order to produce several contracts which are of an estimated value below that required for competitive bidding.
- Purchase Orders or Purchase Requisitions shall be prepared to serve as notification of award and documentation for the purchase of supplies, materials or equipment when the item(s) are being purchased under an existing State of Nebraska or College contract. Purchase orders are not required when purchasing supplies, materials, equipment or services that cost less than \$1,000. A contract document shall be used for capital construction projects, leases of property and services when the cost of the contract exceeds \$50,000. A Notice of Award shall be issued prior to the execution of contracts for capital construction projects, leases of property or for retainage of services.
- 7) In addition to the requirements of this policy, acquisition of specialized equipment must also follow the purchasing requirements established by the Office of the CIO Division of Communications (telecommunications equipment), Office of the CIO Information Management Services (computer equipment), and DAS Transportation Services Bureau (motor vehicles).
- 8) Items may be purchased without competitive bidding when the price has been established by the federal General Services Administration or participation in a contract competitively bid by another state or group of states or other appropriate public entity.
- 9) Used vehicles, equipment, materials, or supplies may be purchased by a non-bidding process up to the amount of \$25,000 with the approval of the appropriate President or the Chancellor. Documentation justifying the purchase should be included with the purchase order for future reference.
- 10) Library acquisitions may be purchased by a non-bidding process when comparable pricing is checked through the Library's automation software or other specialized price comparison software available specifically for library acquisitions.

Competitive Bids

The Department of Administrative Services/Materiel Division has delegated purchasing authority to each College and bidding shall follow the requirements of the Board. State purchasing assistance or State contracts and other procurement procedures may be utilized where found to be advantageous.

If articles are to be purchased by competitive bidding, the Colleges and System Office shall prepare standards and specifications for these articles in such a manner it will be possible for three or more manufacturers, vendors, or suppliers to submit competitive bids. If a requisition for articles exceeds ten thousand dollars (\$10,000) and bids cannot be obtained from three bidders, then the standards and specifications of the articles upon which bids are being sought shall be reviewed. If it then is determined by the College, in consultation with the System Office staff, that because of the special nature of the articles sought to be purchased, the standards and specifications should remain as written, bids may be accepted from a fewer number of bidders than three with the approval of the Chancellor.

POLICY: 7010 Purchases; Bids; Public Lettings Page 4 of 5

All purchases, leases or contracts of articles, property or services which are required to be based on competitive bids, shall be made to the lowest responsible bidder, taking into consideration the best interest of the College, the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery. In determining the lowest responsible bidder, in addition to price, the Colleges may develop criteria specific to a purchase or may give the following elements consideration where applicable:

- 1) The ability, capacity and skill of the bidder to perform the contract required;
- 2) The character, integrity, reputation, judgement, experience and efficiency of the bidder;
- 3) Whether the bidder can perform the contract within the time specified;
- 4) The quality of performance of previous contracts;
- 5) The previous and existing compliance by the bidder with laws relating to the contract;
- 6) The life-cycle costs of the personal property in relation to the purchase price and specific use of the item;
- 7) The performance of the personal property, taking into consideration any commonly accepted tests and standards of product usability and user requirements;
- 8) Energy efficiency ratio as stated by the bidder for alternative choices of appliances or equipment;
- 9) The information furnished by each bidder concerning life-cycle costs between alternatives for all classes of equipment, evidence of expected life, repair and maintenance costs, and energy consumption on a per-year basis:
- 10) The results of the United States Environmental Protection Agency tests on fleet performance of motor vehicles. Each bidder shall furnish information relating to such results; and
- 11) Such other information as may be secured having a bearing on the decision to award the contract.

A minimum of fifteen (15) calendar days shall elapse between the time formal bids are advertised or called for and the time of their opening; provided, however, that this requirement may be waived by the Chancellor in case of an emergency.

Any or all bids may be rejected by the College or Board of Trustees, including the bid of any bidder who has failed to perform a previous contract with the Colleges or the State of Nebraska. In any case, where competitive bids are required and all bids rejected, and the proposed purchase is not abandoned, new bids shall be called for as in the first instance.

No employee of the Colleges or the System Office shall be financially interested, or have any beneficial personal interest, directly, or indirectly, in the purchase or leasing of any articles or property, nor in any firm, partnership, corporation or association furnishing them. No such person shall receive or accept directly or indirectly from any person, firm or corporation submitting any bid or to whom a contract may be awarded, by rebate, gift or otherwise, any money or other thing of value whatsoever, or any promise, obligation or contract for future reward, or compensation.

POLICY: 7010 Purchases; Bids; Public Lettings Page 5 of 5

Emergency Situations

In the event of a natural disaster or other catastrophic event, competitive bidding procedures may be waived with the approval of the Chancellor or designee.

ACTION: First & Final Round Approval of Revisions to Board Policy 8064; Capital Construction; Bids

Priority: Financial Strength of the System Goal: 4. Improve efficiency of operations

TI O . . O.

The System Office recommends approval of the revisions to this policy, which indicate that copies of advertisements for capital construction bids will be kept on file at each of the Colleges. Attached is a copy of Board Policy 8064.

POLICY: 8064 Capital Construction; Bids Page 1 of 4

BOARD POLICY

The Board shall, within the limits prescribed by law, prepare specifications, advertise projects, evaluate and award all bids for capital construction projects in the State College System.

No State College employee or Board member shall furnish or cause to be furnished any technical information, or solicit proposals and/or prices or take any type of action, which would or could be construed to give a direct or indirect advantage or disadvantage to a potential bidder for a State College Project.

No person shall attempt to influence in any way or participate or assume responsibility in the evaluation of proposals and selection of contractors when participation constitutes a conflict of interest.

FORMAL PROCEDURE

Construction projects exceeding fifty thousand dollars (\$50,000) shall observe the following bidding procedures:

- 1. Specifications: All specifications and plans for buildings to be renovated or constructed, where the estimated project cost exceeds eighty thousand dollars (\$80,000) or amount adjusted by State Building Division for inflation, are to be prepared by professional architects and/or engineers. The specifications and plans shall be prepared in such a manner that the completed building, landscaping and parking facilities, including the cost of equipment and fixtures necessary for the project, or the completed renovation cost shall not exceed the amount authorized for that purpose.
- 2. Advertising project: The public notice shall appear once a week for three (3) consecutive weeks in a publication based in or near the locality of the project and in other widely circulated publications as deemed necessary by the State College. The notice shall not appear on a weekend or holiday. A minimum of fifteen (15) calendar days shall elapse between the time formal bids are first advertised or called for and the time of their opening.

The notice shall include, at a minimum, the following information:

- a) Name of Board of Trustees/College
- b) Description of project
- c) Date, place and time when bids must be received
- d) Person to contact for information
- e) Locations where bid documents can be viewed/obtained

A copy of the advertisement shall be <u>kept on filed with the College responsible for placing the advertisement and will be made available to in-the System Office upon request.</u>

3. Bid Opening: Bids shall be submitted in a sealed envelope with notation of the project on the front. Bids shall be opened on the date, time and place as advertised. The bid opening shall be conducted in public so that all bidders and interested parties may be present. No bids are to be received after the specified time and are to be returned unopened. The bidder's envelope is to be attached to the back of the bid form. The professional consultant shall be responsible for opening and reading aloud the bids. Bid documents shall be considered public information after they have been opened. The following requirements shall be noted at the time of opening the bid:

POLICY: 8064 Capital Construction; Bids Page 2 of 4

- a) Conformance with bidding instructions
- b) Use of proper bid forms
- c) Accompanied by bid bond or certified check
- d) Acknowledgment of any addendum
- e) Bid is signed
- 4. Bid Evaluation: When bids for construction are received, publicly opened and read, the contractors shall not be notified of the final decision until a later date so that adequate study and analysis can be made of the bids received. The professional consultant shall evaluate the bids received and make a recommendation to the college. Awarding of the contracts shall be based on competitive bidding with award to the lowest responsible bidder, taking into consideration the best interests of the State of Nebraska and the State College System, the quality or performance of the firm and the materials to be supplied, their conformity with specifications, and the times of completion. In determining the lowest responsible bidder, in addition to price, the following elements shall be given consideration:
 - a) The ability, capacity, and skill of the bidder to perform the contract required;
 - b) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;
 - c) Whether the bidder can perform the contract within the time specified;
 - d) The quality of performance of previous contracts;
 - e) The previous and existing compliance by the bidder with laws relating to the contract;
 - f) The life-cost of the article or property in relation to the purchase price and the specific use of the item;
 - g) The performance of the article or property, taking into consideration any commonly accepted tests and standards of product usability and user requirements;
 - h) Energy efficiency ratio as stated by the bidder for alternative choices of appliances or equipment; and
 - I) Such other information as may be secured having a bearing on the decision to award the contract.

When a public contract is to be awarded to the lowest responsible bidder, a resident bidder shall be allowed a preference over a nonresident bidder from a state which gives or requires a preference to bidders from that state.

A capital construction contract may be conditioned upon later refinements in scope and price and may permit the College in agreement with the contractor to make changes in the project without invalidating the contract. Later refinements shall not exceed the scope of the program statement contained in the request for proposals.

All bidders on State College projects must file a statement that they are complying with, and will continue to comply with, fair labor standards in the pursuit of their business and in the execution of the contract on which they are bidding. All bidders must also comply with the State of Nebraska's Drug-Free Workplace requirement. The proposal form used to bid projects shall contain a clause which, when the proposal is signed by the bidder, certifies that the firm has a drug-free workplace policy in accordance with State requirements.

The contractor must specifically agree not to discriminate against any recipient of services on the basis of race, color, sex, religion, creed, age, marital status, physical or mental disability, political affiliation, national origin or ancestry, and not to discriminate against any employees or applicant for employment on the basis of race, color, sex, religion, creed, age, marital status, physical or mental disability, political affiliation, national origin or ancestry.

All contracts will contain equal opportunity statements to ensure compliance with Federal Government requirements associated with Title VI and Title VII of the Civil Rights Act of 1964, and other appropriate equal opportunity procurement policies.

POLICY: 8064 Capital Construction; Bids Page 3 of 4

The recommendation, bid tab sheet and other applicable materials shall be provided to the System Office for approval by the Chancellor. All actions shall be reported to the Board at the first Board meeting following System Office action.

For any project that has a total cost of more than fifty thousand dollars (\$50,000), the successful bidder for the project shall be required to furnish a Performance Bond and a Labor Material Payment Bond, each in the amount of 100% of the contract sum, written by a Surety licensed to do business in the State of Nebraska.

If the recommendation is to reject the lowest bid for any one or more of the reasons stated above, the recommendation must include the reason(s) for the rejection. The Board always reserves the right to reject any or all bids.

INFORMAL PROCEDURE

Construction projects with a total project cost between \$15,000 and \$50,000 shall observe the following bidding procedure:

- 1. Three or more quotations for the project shall be solicited from responsible bidders. Original quotations may be obtained in writing or verbally. Any verbal quotations must be followed up with a written or faxed confirmation for project files.
- 2. A fixed bid receipt date or public opening is not required.
- 3. A formal contract shall be executed for the project after negotiating a price that is reasonable and within budget. The contract may be the State College System's short form for construction projects or a letter of agreement.

A capital construction contract may be conditioned upon later refinements in scope and price and may permit the College in agreement with the contractor to make changes in the project without invalidating the contract. Later refinements shall not exceed the scope of the program statement contained in the request for proposals.

- 4. All resulting quotations or refusals to quote shall be documented by the State College for reference.
- 5. Information on these construction contracts shall be reported to the Board of Trustees at the first Board meeting following campus acceptance of the contract.

OPEN SOLICITATION

Construction projects with a total cost of less than \$15,000 shall follow the open solicitation process, as follows:

- 1. Competitive bidding is not required.
- 2. The State College may contract directly with a responsible contractor after negotiating a contract price that is reasonable and within budget.

POLICY: 8064 Capital Construction; Bids Page 4 of 4

Special Situations

- 1. Emergencies -- Emergencies are defined as situations where a clear and foreseeable danger will exist without the State College taking appropriate measures to reduce or remove the danger. In such cases, the College President, after consulting with the Chancellor, shall be responsible for making whatever modifications to the bidding processes are deemed most appropriate to obtain the needed services within the required time frame.
- 2. Sole Source -- In the event that the requirements of a project require that it be supplied by a single firm or other unique circumstances preclude the opportunity to receive competitive bids, the College President and Chancellor may negotiate a price for the project with a single qualified contractor. Documentation justifying the sole source process shall be included in the project file for possible future reference. Prior to the award of a sole source contract in excess of \$50,000, a Request for Proposal form shall be made public for fifteen (15) days to assure public awareness of the project.
- 3. Fewer than Three Bids -- In the event that the prescribed procedures for competitive bidding are carried out and the resulting bids received number less than three (3), the agency may award the project based upon the bids submitted, or rebid the project. Documentation shall be provided to the Chancellor and placed in the college's project file to show compliance with the appropriate bidding procedures and show that it is in the Board/College's best interest to enter into an agreement with the selected bidder.

A capital construction contract may be conditioned upon later refinements in scope and price and may permit the College in agreement with the contractor to make changes in the project without invalidating the contract. Later refinements shall not exceed the scope of the program statement contained in the request for proposals.

ACTION:

Accept Wayne State President's Recommendation to Name the Track at Memorial Stadium in Recognition of Individuals Who Have Provided Service to the Track and Field and Cross Country Programs and Substantial Financial Gifts

Priority: Financial Strength of the System

Goal: 3. Strengthen fiscal, environmental, technological and physical resources Strategy: g. Continually find ways to stretch limited resources as far as possible

Board Policy 8020 provides the naming of an NSCS facility. According to Section 8 of the policy, "If a State College wishes to name a section of a facility, such as a room...the proposed name shall come to the Board as a recommendation of the College President." Pursuant to this Policy, Wayne State proposes to name the track at Memorial Stadium as the Dr. LeRoy Simpson Track in honor of Dr. LeRoy Simpson.

The naming request is in recognition of his service as the college's track and field and cross country coach from 1968-1997 and his major financial gifts to the college. It is also at the request of major donor Regg Swanson '75 in lieu of a naming opportunity for himself. This naming request brings honor to not only Dr. Simpson but also Wayne State and the Nebraska State College System.

The System Office supports this request.

ACTION: Authorize the Following Reallocation of Contingency Maintenance Funds for Wayne State:

From:

Resolution 2008 \$8,618.71 #8 Rec Center Student Weight/Cardio Room

(renovation and equipment)

To: Resolution 2009 \$8,618.71 #6 Rec Center Repairs and Equipment

Priority: Financial Strength of the System

Goal: 3. Strengthen fiscal, environmental, technological and physical resources

Strategy j. Maintain facilities and improve physical environment

The two items (#8 in the 2008 Resolution and #6 in the 2009 Resolution) are for the same project – completing the renovation of one of the racquetball courts into a student weight/cardio room and replacing some of the outdated weight/cardio equipment. WSC seeks to transfer the balance from the 2008 Resolution to the 2009 Resolution so it can close out the 2008 Resolution as of June 30, 2011.

The System Office recommends approval of the authorization to reallocate the above noted contingency maintenance funds.

Goal: 5. Strengthen fiscal, environmental, technological and physical resources

Strategy: j. Maintain facilities and improve physical environment

Chadron State requests requesting approval to utilize \$250,000 from capital improvement fee funds toward completing the construction of the Kline Parking Lot.

At the September 10, 2010 meeting, the Board approved a proposal to convert the swimming pool area at PSC to a fitness center. The Board approved a one-time cash fund adjustment of \$180,000 to fund the project. As planning and design work have proceeded, Peru State's consultants have indicated that additional mechanical and electrical work will be required to convert the space to a suitable facility.

Peru State requests use of up to \$150,000 of capital improvement fee funds for the fitness center project.

Wayne State requests approval to transfer back \$57,403.94 of unused capital improvement fee funds from the Library Art Gallery, Stadium Decking/Fire Code and Peterson Fine Arts HVAC projects.

The System Office recommends the approval of these requests.

Priority: Financial Strength of the System Goals: 1. Ensure financial accountability

5. Secure public and private funding sources

Strategies: f. Keep Board of Trustees informed on the financial status of the colleges and system

j. Maintain facilities and improve physical environment

CSC has been notified of a grant award by the NCAA totaling \$24,594.25 over three years. Funds will be used to comply with NCAA eligibility standards which require Division II schools to have a Compliance Officer. This grant will provide supplemental salary, computer technology and professional development over a three year period for an employee to assume the required duties of an NCAA Compliance Officer for CSC. Year one grant funding will be \$11,370; year two \$7,255 and year three \$5,969. At the end of the grant period, CSC will need to sustain the salary at the increased level of funding.

Since the grant funding period is scheduled from July 1, 2011 through June 30, 2014, Chadron requests the Chancellor be given authorization to approve the acceptance of the grant if grant conditions are met and the appropriate position request form is approved.

Assessment Update

Priority: Educational Excellence Throughout the System

Goals: 1. Promote educational excellence through academic achievement

2. Create a college experience that enriches the lives of our students and prepares them for their chosen

careers

Strategy: a. Assess student learning outcomes

The Voluntary System of Accountability (VSA) was developed as a method for colleges and universities to provide data to education stakeholders, including prospective students, their parents and the federal government. This came at a time when the federal government mandated that certain types of information, which could be compared across institutions, be made available to the public.

As part of the VSA project, the "College Portrait" was the format developed for providing information related to enrollment, graduation and retention rates, financial aid, college costs and assessment outcomes. At the time of its adoption, the VSA and its accompanying College Portrait were advertised as the premier method to provide information to the public and to meet the federal demands of greater accountability for higher education.

With the knowledge of the Board, the Colleges joined the VSA and began the process of gathering and reporting the data on the College Portrait. Changes in College assessment procedures were implemented in order to comply with the requirements of the VSA. Initially there were no costs to participate. However, the VSA now charges the Colleges for participation. This prompted a discussion as to whether or not there was a benefit to the Colleges for continuing with the VSA College Portrait.

Along with Chancellor Carpenter and Vice Chancellor Tande, the College presidents and chief academic officers explored the VSA/College Portrait along with other options for meeting federal requirements. After a great deal of research and discussion, all agreed that there was no real benefit for the Colleges to remain in the VSA/College Portrait. It does not appear to be a critical resource for students and their parents when seeking information about colleges, as they most often search for information directly at the college websites.

The Colleges will continue to meet federal requirements, that information be made available to the public, via data on their websites. Board Policy 4220 requires the Colleges to provide assessment outcomes to the Board. As such, the academic officers are currently working with Vice Chancellor Tande to develop a reporting schedule and format.

Reports of Personnel Actions (For Information Only)

Priority: Educational Excellence Throughout the System

Goal: 3. Recruit, retain and invest in excellent faculty and staff

Board Policy 5021 states that all full-time (0.75 FTE or more) and part-time (less than .75 FTE) personnel appointments, overload assignments and summer school contract extensions be approved by the Presidents and reported to the Chancellor. The reports are included in the Board materials to establish a record of such action.

Continuation of Nebraska State College System Advantage – NSCS Advantage at Chadron, Peru and Wayne State Colleges

Priority: Educational Excellence Throughout the System

Goals: 1. Promote educational excellence through academic achievement

2. Create a college experience that enriches the lives of our students and prepares them for their chosen careers

Strategy: a. Assess student learning outcomes

The pilot NSCS Advantage program was approved February 27, 2009 and has been successful at each of the Colleges. Therefore, the Board will be asked by the Enrollment and Marketing Committee to approve the continuation of the Nebraska State College System Advantage – NSCS Advantage at Chadron, Peru and Wayne State Colleges' tuition remission program.

The program is a system effort designed for entering first-time freshmen students who receive a federal Pell Grant. This program assures that these students will not have to pay tuition at any of the Nebraska State Colleges. The participants in this program must be:

- A Nebraska Resident
- A federal Pell Grant recipient
- A new first-time freshman
- Enrolled in at least 12 on-campus credit hours

The award is limited to a maximum of 16 credit hours per semester. Additional limitations are in place for the award of any remissions for online courses taken in addition to the 12 on-campus credit hours. The award is not available for transfer students.

For eligible participants, the program provides the difference between the cost of tuition and the amount of all other awards. Other awards include Pell, Supplemental Educational Opportunity Grant (SEOG), Nebraska Scholarship Grant (NSG), Academic Competitiveness Grant (ACG), institutional waivers, foundation scholarship assistance, and other awards.

Continuation in the program requires the recipient to receive a federal Pell Grant every semester and to remain enrolled in one of the Nebraska State Colleges.

As a part of this program, the Colleges have the authority to exceed remission limits established in Board Policy #3400, if necessary to accommodate this program.

Television/Radio Commercial Update

Priority: Greater System Prominence

Goals: 1. Emphasize the benefits of a three-college system

- 2. Increase awareness of the system
- 3. Market distinctiveness of the system
- 4. Promote collaboration within the system

Strategies: a. Communicate that many graduates stay in Nebraska

- b.. Publicize collaborative efforts and programs
- e. Market the investment of an NSCS degree

Plattform Higher Education of Lenexa, KS, was selected to write and produce television commercials and coordinating radio spots for the Nebraska State College System. Each college will have TV and radio commercials specific to the institution. The joint Master of Science in Organizational Management degree will be marketed systemically with one TV and two radio commercials promoting the program.

There are four separate work teams – one for each college and one joint team for the MSOM program. Each team has met and selected a concept or concepts for their commercials. The completion date for the commercials has been moved to the end of June. The Board will have the opportunity to view the ads prior to their airing in the fall.

 - c. Publicize collaborative efforts and programs
 - e. Market the investment value of an NSCS degree

Vice Chancellor for Academic & Student Affairs, Korinne Tande, is working with the Council of Admissions and College Relations Officers for the annual retreat to be held June 1. At this event, the Council evaluates the marketing efforts completed in 2010-11 and recommends a new list of marketing priorities for 2011-12 academic year. The recommendations will be used in conjunction with the priorities established at past board retreats and the information gained from working with students, faculty and staff the last few years.

Vice Chancellor Tande will provide a summary of the retreat at the meeting.

2010 Optimal Enrollment Model Report (For Information Only)

Core Values: Provide a Stimulating, Caring, and Enriching Learning Experience

Maintain Affordable Tuition and Fees

Priority: Financial Strength of the System
Goal: 2. Increase enrollment and retention

Strategy: a. Develop and implement a plan for optimal enrollment

In April 2007, the Board approved the NSCS Optimal Enrollment Model. The model was developed by System Office and college representatives as a means to measure enrollment capacities for each of the colleges.

The attached document provides data for four years. The information will assist in determining enrollment potential and capacity in seven defined areas including:

- Resident Hall Capacity
- Resident Parking Capacity
- Commuter Parking Capacity
- Cafeteria Capacity
- Classroom Space Utilization
- Lab Space Utilization
- Faculty to Student Ratio

^{***}WSC - The Square Footage and Station figures for the Optimal Enrollment report, the data is provided by Ruth Smith, Construction Projects Coordinator. She extracts the data by her own calculations from t actual drawing files. As far as the classroom and lab actual usage, this data is from the number enrolled in the Course files extracted from PeopleSoft.

Notes:

Column 1 - Description to include building and room number.

Column 2 - The floor area of the room as measured from the inside finish of permanent outer walls or permanent partitions.

Column 3 - The number of classroom seats the room is designated to accommodate. One student station is one classroom seat.

Column 4 - Self-explanatory.

Column 5 - Number of registered students on October 15 IPEDS census date X course credit hours per student.

Utilize "hours met" rather than credit hours to assure appropriate utilization.

Column 6 - Column 3 X 20.

Column 7 - Percent of Student Station Utilization Based on 20 Hours. Column 5 / Column 6 X 100.

Column 8 - Percent of Room Utilization Based on 20 Hours. Column 4 / 20 Hours X 100.

General Notes:

- Item 1 All values originate from fall occupancy & income reports.
- Item 2 Resident parking lot capacities provided by individual campus staff or master plan documents. Capacities may change with lot modifications or space assignments. Target values are based on UNL existing capacities provided by Dan Carpenter of UNL.
- Item 3 Same as item 2.
- Item 4 Formula for determining capacity was provided by Roger Kruse of Kruse Consulting and is based on design values Kruse would use in 2007.
- Item 5 Space Utilization standards have been established by the CCPE.
- Item 6 Same as item 5.
- Item 7 Faculty/Student Ratio values to be provided by end of term Instructional Load report. This report will require modification to accommodate new categories.

Peru State Bookstore Contract Update

Priority: Financial Strength of the System
Goals: 1. Ensure financial accountability
4. Improve efficiency of operations

Strategies: b. Increase number of students in residential housing

f. Keep Board of Trustees informed on the financial status of the colleges and system

PSC issued a Request for Proposals for Campus Bookstore Operations and received one proposal in response, from Peru State's current vendor, Validis Resources.

The contract with Validis Resources is to operate the bookstore in the Peru State Student Center for a period of three years, beginning with the 2011-2012 academic year, with renewal options to the 2015-2016 academic year. For the right to operate the bookstore, Validis Resources will pay commission of 6.5% on sales up to \$1,000,000 and 7.5% on sales over \$1,000,000. The Chancellor was authorized to sign the contract at the March 24-25, 2011 Board of Trustees meeting.

Fiscal, Facilities & Audit Committee

Cap Peterson, Chair Bill Roskens Riley Machal

June 2, 2011

Grant Applications and Awards for Information Only

Chadron Award

 Kaleidoscope Project (Next Generation Learning Challenge (NGLC) funded by the Gates and Hewlett Foundations) -- \$750,000 for consortium; ~ \$75,000 for CSC

Wayne Awards

- ECO 24/7 Studies and Implementation on Bowen Hall (Department of Energy State Energy Program-ARRA through Nebraska Energy Office) --\$200,000
- USCA Equipment Grant (Easton Foundation Equipment Grants for US Collegiate Archery Clubs) -- \$1,374 donated equipment and \$1,600 monetary award
- "We Agree" Project (Mini-grant from Nebraska Collegiate Consortium to Reduce High-Risk Drinking funded by the Nebraska Office of Highway Safety/Northeast Community College) -- \$1,950

Priority: Financial Strength of the System

Goals: 3. Strengthen fiscal, environmental, technological and physical resources

5. Secure public and private funding sources

Strategies: f. Keep Board of Trustees informed on the financial status of the colleges and system

g. Continually find ways to stretch limited resources as far as possible

Board policy 6024 states that grant applications and awards that have, as part of the <u>Agreement</u>, an obligation to accept fiscal responsibility in future years, or which require maintenance of effort on the part of the college, require Board approval. Grant applications and awards not requiring maintenance of effort or an obligation to accept fiscal responsibility in future years are attached for information only.

| About Next Generation Learning Challenges | | | | |
| NGLC focuses on identifying and scaling technology-enabled approaches to dramatically improve college readiness and completion by addressing a continuum of interrelated issues spanning secondary and postsecondary education from grades 6 through college. NGLC is led by EDUCAUSE in partnership with The League for Innovation in the Community College, the International Association of K-12 Online Learning, and the Council of Chief State School Officers. In addition to funding, NGLC is gathering evidence about effective practices, and working to develop a community dedicated to these persistent challenges. The Bill & Melinda Gates Foundation and the William and Flora Hewlett Foundation helped design the Next Generation Learning Challenges, and fund the initiative. | | | | |

2010 Optimal Enrollment Model Report (For Information Only)

Core Values: Provide a Stimulating, Caring, and Enriching Learning Experience

Maintain Affordable Tuition and Fees

Priority: Financial Strength of the System Goal: 2. Increase enrollment and retention

Strategy: a. Develop and implement a plan for optimal enrollment

In April 2007, the Board approved the NSCS Optimal Enrollment Model. The model was developed by System Office and college representatives as a means to measure enrollment capacities for each of the colleges.

The attached document provides data for four years. The information will assist in determining enrollment potential and capacity in seven defined areas including:

- Resident Hall Capacity
- Resident Parking Capacity
- Commuter Parking Capacity
- Cafeteria Capacity
- Classroom Space Utilization
- Lab Space Utilization
- Faculty to Student Ratio

The complete report can be found under Item 6.6 in the Enrollment and Marketing Section.

Continuation of Nebraska State College System Advantage – NSCS Advantage at Chadron, Peru and Wayne State Colleges

Priority: Educational Excellence Throughout the System

Goals: 1. Promote educational excellence through academic achievement

2. Create a college experience that enriches the lives of our students and prepares them for their chosen careers

Strategy: a. Assess student learning outcomes

The pilot NSCS Advantage program was approved February 27, 2009 and has been successful at each of the colleges. Therefore, the Board will be asked by the Enrollment and Marketing Committee to approve the continuation of the Nebraska State College System Advantage – NSCS Advantage at Chadron, Peru and Wayne State Colleges' tuition remission program.

The program is a system effort designed for entering first-time freshmen students who receive a federal Pell Grant. This program assures that these students will not have to pay tuition at any of the Nebraska State Colleges. The participants in this program must be:

- A Nebraska Resident
- A federal Pell Grant recipient
- A new first-time freshman
- Enrolled in at least 12 on-campus credit hours

The award is limited to a maximum of 16 credit hours per semester. Additional limitations are in place for the award of any remissions for online courses taken in addition to the 12 on-campus credit hours. The award is not available for transfer students.

For eligible participants, the program provides the difference between the cost of tuition and the amount of all other awards. Other awards include Pell, Supplemental Educational Opportunity Grant (SEOG), Nebraska Scholarship Grant (NSG), Academic Competitiveness Grant (ACG), institutional waivers, foundation scholarship assistance, and other awards.

Continuation in the program requires the recipient to receive a federal Pell Grant every semester and to remain enrolled in one of the Nebraska State Colleges.

As a part of this program, the Colleges have the authority to exceed remission limits established in Board Policy #3400, if necessary to accommodate this program.

Chancellor's Report

1. <u>Legislative Update</u>

The two legislative issues we have focused most of our time on this session are the Appropriation (Budget) Bills and the proposed CIR changes. Both of these are addressed below. Outside of these two issues, there has been little of major significance to the NSCS that has moved out of legislative committees.

2. Budget

As I reported to the Board earlier, the Legislature has approved, and the Governor signed the budget bills for the 2011-13 biennium. Outside of the elimination of the 1% depreciation assessment requirement and the related funding for that assessment, the NSCS funding for FY 2011-12 remains relatively stable. A small increase is included for FY 2012-13 general fund appropriation.

3. CIR

On May 20, the Unicameral moved the CIR bill from select file (second reading) to final reading. The bill meets our stated needs for consistency, predictability, and process. We believe the bill will serve us well in the future, if we ever have to turn to the CIR to resolve our labor negotiations.

4. <u>Legislative Interim Study – Governance and Coordination of Postsecondary</u> Education

Legislative Resolution 198, introduced by Senator Adams, calls for an interim study of postsecondary education governance and coordination in Nebraska. The study is to be conducted by the Education Committee of the Legislature. We do not have any further information regarding the direction the study will take at this time, but will keep you informed as we learn more.

5. Meeting with Secretary of Education Duncan

On April 29, I met with Secretary Duncan, Governor Heineman and several of Nebraska's education leaders representing both K-12 education and higher education, including Commissioner Breed. We were able to share our concerns in an open and frank discussion. For the higher education representatives, the focus of the discussion centered on the issue of State Authority. As you may recall, the State Authority requirement is part of the reauthorization of the higher education, act and it requires that institutions be granted "authority" from all states in which it conducts business. The legislation expanded the scope of authority to include all distance learning opportunities, including online courses and programs. There has been serious debate over the requirements, and institutions are now finding themselves facing financial and workforce burdens associated with meeting the requirements. As a result of concerns raised across the country, the Department of Education, has delayed required compliance until July 2014.

We were also able to share with Secretary Duncan our view of the world of higher education, especially as it pertains to Nebraska. We know that higher education is not the same as it was 20 or 30 years ago. The nature of students attending the State Colleges is different from those attending the University of Nebraska and others like it. Our students are typically from small high schools in rural Nebraska, often older, with many juggling family demands and full-time jobs while attending school. This often results in periods when students "stop out" or take a lighter class load. We also know that students at the State Colleges change their majors two or three times before deciding on a career path. Even though we all want students to graduate in a timely manner, the push to have students graduate in 4 to 6 years is sometimes not realistic for many of our students. As you know, we support the need to be accountable and good stewards of the public trust and monies; as a result, we have implemented policies and procedures to meet the national goals as well as the demands and expectations of our students, their parents and Nebraska state government. However, national goals often do not reflect an understanding of the NSCS mission and needs of the students we serve.

While at the meeting, I also had a chance to visit with John White, Deputy Assistant Secretary for Rural Outreach. I first met Mr. White during a trip to D.C. to meet with our delegation and several agency heads. We discussed the College Center in South Sioux City, and as a follow-up to our meeting, I sent him several news articles and brochures for his reading pleasure.

6. <u>College Access Summit: Building a Culture of College Access and Success in Nebraska</u>

On May 12, Vice Chancellor Tande and I attended an all day summit, "Building a Culture of College Access and Success in Nebraska," which was sponsored by Nebraska's P-16 Initiative and the EducationQuest Foundation. Representatives in attendance from the Colleges included President Frye, President Hanson and Vice President Carstens. In the afternoon, I was one of six panel members that discussed the challenges in college access, graduation, and finding and retaining a college-educated workforce. The master of ceremonies (MC) for the panel was Commissioner Breed. The audience and panel represented various education, business and industry sectors from across Nebraska.

During his opening, Governor Heineman discussed his commitment to education and the need to increase the number of qualified graduates into the workforce. He emphasized the P-16 goals, especially in terms of raising the high school graduation rate, the college-going rate and improving the time to graduation. The Governor identified the NeSIS Project and College Center in South Sioux City as examples of what can be accomplished through collaboration resulting in efficiencies and cost savings.

Other matters raised at the Summit included postsecondary education as the "engine for the development of human capital," student debt, educational policy decisions in D.C., the reduction in Pell Grants, and the ever increasing cost of higher education.

Chadron State College President's Report June 2011

The Next Generation Learning Challenges Program To Improve Success of At-Risk Students: The Kaleidoscope Project at Chadron State College

Chadron State College is a member of a consortium of seven colleges that has been awarded a \$750,000 grant for its Kaleidoscope Project from the Next Generation Learning Challenges (NGLC) competition. Out of 600 applications submitted only 30 were selected for funding. Designed and funded by the Bill & Melinda Gates and William & Flora Hewlett Foundations, NGLC focuses on identifying and scaling technology-enabled approaches to dramatically improve college readiness and completion by addressing a continuum of interrelated issues spanning secondary and postsecondary education from grades 6 through college. NGLC is led by EDUCAUSE in partnership with The League for Innovation in the Community College, the International Association of K-12 Online Learning, and the Council of Chief State School Officers. In addition to funding, NGLC is gathering evidence about effective practices, and working to develop a community dedicated to these persistent challenges. The Bill & Melinda Gates Foundation and the William and Flora Hewlett Foundation helped design the Next Generation Learning Challenges, as well as funding the initiatives.

The Kaleidoscope Project will implement a fully open general education curriculum across seven colleges that serve predominantly at-risk students. The project's use of open educational resources will virtually eliminate textbooks costs as an obstacle to success for low-income students. It will also allow institutions to collaborate to refine and improve course content, closing the loop between course design and student learning outcomes by using premier open educational courseware designed through millions of dollars of grant money by leading universities in the United States.

Our core mission at CSC is to support the academic achievement of our students, many of whom are low-income and/or first-generation college students. Our participation in the Kaleidoscope Project allows us to bring to this critical charge the resources of the Gates and Hewlett Foundations, the expertise of open education resources (OER) from the Massachusetts Institute of Technology and Carnegie Mellon University and our innovative Kaleidoscope Project partners who include five community college systems and two Masters comprehensive institutions that span the US from New York to California. Chadron State is the only public Masters comprehensive institution in the consortium.

Led by Cerritos College, which serves as the fiscal agent for the project, the Kaleidoscope Project includes the following partners: Chadron State, College of the Redwoods, Mercy College, Palo Verde College, Rancho Santiago Community College District and Tompkins Cortland Community College. The seven colleges collectively serve more than 100,000 students annually; 69 percent of these students are at risk of dropping out.

A team of respected, global open education experts will support the college partners including Norman Bier from Carnegie Mellon's Open Learning Initiative, Chris Coppola from rSmart, Cable Green from the Washington State Board for Community and Technical Colleges, Vijay Kumar of MIT, Kim Thanos of Thanos Partners and David Wiley from Brigham Young University. The project will also benefit from use of the Sakai collaboration platform for course delivery, and the use of both Sakai analytics and the Association of American Colleges and Universities VALUE rubrics to assess student learning.

Chadron State will design three courses in transitional reading, writing, and English composition that utilize OER to reduce costs to students and to serve place-bound learners through distance education. Prior to this time these courses were only offered in the residential setting on campus, thereby shutting out adult learners in our expansive service region who may not possess the basic skills to be successful in their pursuit of a college education. The courses will include individual modules for specific skill sets that enable our instructors to customize the learning environment to the needs of individual learners. These modules will also be used in a summer bridge program to increase the retention and success rate of learners who will attend the bridge program prior to their first semester at CSC in the fall. In addition CSC will pilot courses designed by other Kaleidoscope partners including fundamentals in chemistry and biology, transitional mathematics, and geography. A total of nine courses will be developed, piloted, and refined in this first wave of the NGLC.

Peru State College President's Report June 2011

Freshman Fusion

College campuses across the country are using a variety of programs to address alcohol use and abuse by students, and Peru State College is no exception. Our most recent approach, however, is unique. We have created a program that utilizes a holistic approach to address early the underlying issues that may impact student drinking.

PSC's Freshman Fusion Experience program is designed for first-year students interested in living in an experience rich, substance-free environment. Our mission is to encourage students to engage in leadership opportunities while also promoting excellence in collegiate achievement. The program utilizes academic and social resources providing a mentor to mentee relationship, focusing on academics, student engagement, social integration, leadership and healthy living.

Participants contractually agree to live in a substance-free environment and to remain substance free for the duration of their participation in the Freshman Fusion Experience. There are currently 45 spots in the program with a modest waiting list of other students who wish to participate in the program. Each freshman is assigned an upperclassman mentor at the beginning of the fall semester. They live in a suite-style environment with other participants and mentors in Mathews residence hall. This arrangement allows participants to build a network of people they can connect with for the rest of their college career.

Mentors receive extensive training on resourcing, personal decision making, academic resourcing and program planning, and facilitate bi-weekly, individual meetings with their mentees. They lead mandatory monthly programming designed around themes like self awareness, personal decision making, working and living with others, and servant leadership. One of the most popular programs is "Daring Discussions." Participants have an opportunity each week to discuss controversial issues like abortion, drug use, dating, career paths, politics and even global warming – all of which are moderated by a staff member.

Additionally, the Freshman Fusion Experience provides participants with the opportunity to take part in separate workshops with speakers from the college's Distinguished Speaker Series. Students in the program also conduct community outreach service projects. Most recently, students volunteered at the Belle Terrace Skilled Nursing Facility and Assisted Living and Ridge View Towers in Tecumseh where they planned and executed a "Remember When" themed prom for residents.

Combatting the *Animal House* expectation of college is no easy task. While we are under no illusion that one program is going to be a cure-all for drinking on college campuses, we will continue to do whatever we can to mitigate students' use of alcohol and to change what they may hold to be true about the college experience.

Wayne State College President's Report June 2011

It is not often that a construction trailer rises to a level importance that justifies its inclusion in a president's report. But this report is not about just any construction trailer. In 1985, a construction trailer came to the Wayne State campus, and there has been one on campus ever since. Coincidentally, I came to campus that same year.

The Recreation Center addition to Rice Auditorium marked the first of more than 25 straight years of construction at the college and created a physical education complex sorely needed at the college. The project was the first significant construction at Wayne State in more than a decade.

The tunnel infrastructure project followed close on the heels of the Rice improvements. The project involved putting in new tunnels and piping to buildings across campus.

The tunnel project was the first of many that came out of an ambitious campus master plan that called for utilities infrastructure renovation, completion of Gardner Hall, renovation and enhancement of the outdoor recreation sports complex, renovation and expansion of the Student Center, the construction of Heritage Plaza, renovation of the former power plant into the Studio Arts Teaching Facility, an additional 600 parking spaces, and complete renovation of Connell Hall.

Included in Gardner Hall's 40,000 square feet are a 200-seat auditorium, four 55-seat lecture halls, two networked computer labs, two 48-seat table-style classrooms, a 35-seat seminar room, a 42-seat arm chair-style classroom, student study area, 20 faculty offices, offices for the Dean of the School of Business and Technology, the Nebraska Business Development Center, and offices and computer labs for the Computer Technology and Information Systems Department. Gardner Hall was the first new academic building built at the college in more than 20 years

The Student Center addition and renovation provided much needed meeting space, offices and enhanced facilities for our students. The atrium has become a campus landmark over time and serves as an impressive welcoming area for prospective students and other college constituents.

The ubiquitous construction trailer also marked the spot for several residence hall renovations. Terrace, Neihardt, and now Pile hall were modernized, yet still retain the historical look and feel of the original construction. The residence hall projects are at least partially responsible for the high occupancy rate on campus.

Private donors contributed more than \$100,000 to the Wayne State Foundation to cover the entire cost of the Dr. Lyle E. Seymour Heritage Plaza project. The Mignery sculpture, which sits at the heart of Heritage Plaza, was begun by alumnus Herb Mignery at the time of construction on the plaza. Mignery created the clay cast for the statue in the obsolete power plant to garner funds for renovating the building into a state-of-the-art teaching facility. By 1997, the Foundation announced that the fund-raising goal of \$1.35 million had been reached and would be used to turn the former power plant into the 14,700-square-foot Studio Arts Teaching Facility.

The stadium and track project included the track, restrooms, stadium plaza and ticket booth. The renovation allowed WSC to resume hosting track meets.

In addition to the stadium and track renovation project, the Recreation Center indoor track and floor were replaced along with the Rice floor and seating. Both of these areas serve our students and fans well for intramurals, recreational activities and the always exciting Wildcats NSIC athletic programs. The Pete Chapman baseball and softball complex was also renovated during this quarter century construction period.

Other athletics projects include the stadium weight room and locker room renovations. Those with long memories will recall that the area under the stadium was marked by a dirt floor and unimproved areas mainly used as a workshop and storage. The area now provides a top-notch fitness area for our athletic teams and modern locker rooms.

Ramsey Theatre was renovated during this period as well, updating this central performance facility and expanding the college's ability to serve as a cultural hub for Northeast Nebraska. Visitors, students and prospective students are often pleasantly surprised by the excellence of our performance arts facilities.

Other more recent projects include the renovation of Rice to expand classroom and office space, construction of new facilities for Network and Technology Services and Facility Services, Phase I of Carhart Science, which provided the college with undergraduate research laboratories unequaled by any in the state, the construction of the Campus Commons area and another renovation of the Dr. Lyle E. Seymour Heritage Plaza that served to integrate the design of that area with the new commons.

The state's One Percent for Art program has also kept the trailer on campus. The Rocks and the Prairie Winds Sculpture were funded by the program and serve as campus landmarks.

New campus projects ensure the trailer will be here for a few more years to come. The Hahn Administration Building is being evacuated, as I write, by many offices to make room for vital fire and life safety updates, Phase II of Carhart, renovation of Pile Hall, which will vastly improve a quite aged residence hall, and the planned restoration of the Willow Bowl, are all in keeping with Wayne State's excellence stewardship of state funds and a testament to the fundraising abilities of the Wayne State Foundation.
