BACKGROUND AND GENERAL INFORMATION

The Nebraska State College System (NSCS) is seeking proposals for auditing services related to the annual audit of the Nebraska State Colleges Facilities Corporation, the NSCS’s Revenue Bond Programs, the Federal Uniform Guidance Audit, and NCAA Agreed-Upon Procedures. The purpose of this Request for Proposals is to gather information from your organization relative to the NSCS required scope of service and key selection criteria. Organizations selected as finalists may be expected to address more detailed issues regarding financial and other specifics of their organization and operations. These same finalists may be interviewed and make a presentation at the NSCS System Office to the selection committee.

Nebraska State College System
The NSCS serves over 8,000 students from Nebraska and the surrounding states through three geographically diverse institutions: Chadron State College, Peru State College, and Wayne State College. The State Colleges, along with the System Office and the Board of Trustees, constitute the Nebraska State College System.

Nebraska State Colleges Facilities Corporation
The Nebraska State Colleges Facilities Corporation (Corporation) is a nonprofit corporation incorporated in 1983 and is considered a component unit of the NSCS. The Corporation was formed in response to the passage of LB 410 (1983) allowing the Board of Trustees to make certain renovations and other related improvements for the State Colleges. The bill authorized the sale of long-term bonds to pay for projects, with the State obligating cigarette tax revenues to make the required principal and interest payments. Bonds were issued in 1983, 1987, 1992, 1999, 2001, 2006, 2014, and 2016. All the bonds except the 2014 and 2016 Series Bonds have been repaid.

In 2016, the Legislature approved and the Governor signed LB 957, which expressed intent to continue appropriating $1,125,000 annually to the Board of Trustees for the second biennium period and expressed intent to continue such funding for ten years beginning July 1, 2020 and continuing through the fiscal year ending June 30, 2030, to undertake maintenance, repair and renovation projects at the State Colleges. Matching funds are required by the Board of Trustees. For fiscal year 2021 and forward these matching funds are $1,440,000 annually. Matching funds are provided from the State Colleges’ Capital Improvement Fund, which is derived from a per-credit-hour charge on all students attending a State College.

In 2019, the Legislature approved and the Governor signed LB 297, which authorized the issuance of bonds for a renovation and addition project to the Math Science building at Chadron State College; and extended funding of $2.2 million per year (currently used for the 2014 issue) through fiscal year 2035. The NSCS anticipates the issuance of bonds in the spring, 2020.

Bonds payable at June 30, 2019, totaled $29,510,000.

The Nebraska State Colleges Facilities Corporation requires an annual audit covering its fiscal year ended June 30. The statement of net assets and related statements of revenues, expenses, and changes in net assets and cash flow are prepared on an accrual basis of accounting and presented in accordance with U.S. generally accepted principles. The audit opinion must cover the financial statements that comprise the Corporation’s basic financial statements. Financial statements only contain assets, liabilities, revenues, and expenses related to the Corporation bonds. Corporation assets do not include facilities and/or improvements as they are transferred and reported in the NSCS financial statements. Documentation for the Corporation’s transactions is retained by the System Office in Lincoln. A copy of the fiscal year ended June 30, 2019 audit is available on the website at https://www.nscs.edu/for-nebraska/audit-reports.
Revenue Bond Programs
The Nebraska State Colleges Revenue and Refunding Bond Funds, which are funds of Chadron State
College, Peru State College, and Wayne State College, were established to account for revenues and
earnings derived from the operation of all revenue facilities and special student fees, which are pledged for
the payment of principal and interest of the revenue bonds.

The State Colleges’ Revenue Bond Programs requires an annual audit covering the fiscal year ended June
30. The statement of revenues collected and expenditures paid and changes in fund balances of the Revenue
and Refunding Bond Funds are prepared on the basis of cash receipts and disbursements and do not reflect
receivables, capital assets, notes payable, bonds payable, accounts payable, and accrued items. During the
fiscal year 2019 $21,406,261 in revenues were collected and $21,511,420 in expenses were paid from the
revenue bond programs. At June 30, 2019, the Revenue and Refunding Bond Fund balance totaled
$33,045,329. Outstanding bond principal at June 30 totaled $40,350,000 and consisted of the 2012, 2013,
is retained by the separate State Colleges. A copy of the fiscal year ended June 30, 2019 audit is available
on the website at https://www.nscs.edu/for-nebraska/audit-reports.

Federal Funds and Uniform Guidance Audit
Chadron State College, Peru State College, and Wayne State College receive funds from various federal
agencies and other pass-through entities. The NSCS requires an audit for these federal funds covering the
fiscal year ended June 30. The basic financial statements required for the federal audit submission to the
Federal Clearinghouse will be audited by the Nebraska Auditor of Public Accounts (APA). The audit report
for these basic financial statements is anticipated from the APA sometime in December of each year. Each
State College retains its own documentation related to federal programs.

For fiscal year 2019, total expenditures of federal awards were $44,580,501. Of this amount, $43,257,761
related to the Student Financial Aid Cluster. For fiscal year June 30 the Student Financial Aid and Trio
Clusters were audited as major programs. The NSCS does not expect any major changes in total federal
awards for fiscal year 2020. The only federal programs the NSCS expects to have over $750,000 in federal
expenditures are the Student Financial Aid and Trio Clusters. Due to severe flooding in the community in
2019, Peru State College may have additional federal funding from FEMA. A copy of the fiscal year ended
June 30, 2019 audit will be available when completed on the website at https://www.nscs.edu/for-
nebraska/audit-reports.

NCAA Agreed Upon Procedures
Chadron State and Wayne State Colleges participate in NCAA Division II athletics. As such, they require
an Agreed Upon Procedures audit every 3 years.

Perkins Close-Out Review
Only Wayne State College has a remaining Perkins Program. The College anticipates closing out that
program during the period covered by this RFP.
SCOPE OF SERVICE

The organization selected will provide the following services:

- For the Nebraska State Colleges Facilities Corporation:
  - An annual audit covering the fiscal year ended June 30, 2020. The audit will express an opinion on the financial statements that comprise the Corporation’s basic financial statements. Financial statements will consist of a statement of net assets; statements of revenues, expenses, and changes in net assets; and a cash flow. Statements will be prepared on an accrual basis of accounting and presented in accordance with U.S. generally accepted principles.
  - The audit will include examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation.
  - Financial statements, footnotes, and additional information contained in the audit report will be prepared by the NSCS System Office.
  - The audit must be completed by September 30, 2020, in order for the Nebraska State Colleges Facilities Corporation to accept it at their annual Board meeting in November.

- For the Revenue Bond Programs:
  - An annual audit covering the fiscal year ended June 30, 2020. The audit report will include all three Colleges and will express an opinion on the statements of revenues collected and expenditures paid and changes in fund balances of the Revenue and Refunding Bond Funds. The statements will be prepared on a cash basis which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.
  - The audit will include examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and assessing the accounting principles used, as well as evaluating the overall financial statement presentation.
  - The audit will also show in reasonable detail in the supplementary schedules:
    - The revenue credited to the revenue fund during the year and the deductions and payments made therefrom
    - The financial statement of the State Colleges, the funds and accounts established in the bond resolutions
    - The transactions during the year relating to said funds and accounts
    - Rental income by facility
    - A review of the insurance carried on the facilities
    - Debt service coverage
    - The percentage of occupancy and use of the facilities and the number of students with respect to whom any fees are pledged and charge
    - Any other matters deemed relevant and necessary by the auditor to make the audit informative
  - Financial statements, footnotes, and supplementary schedules contained in the audit report will be prepared by either the NSCS System Office or the individual State Colleges.
The audit must be completed by October 28, 2020, as the Master Resolution for the bonds requires an audit within ninety (120) days of the close of the fiscal year.

For the Federal Uniform Guidance Audit:
- A Federal Uniform Guidance Audit covering the fiscal year June 30, 2020. The audit will include all three State Colleges and express an opinion on the combined schedule of expenditures of federal awards (SEFA) and whether it is presented fairly in all material respects in relation to the financial statements taken as a whole. The audit shall be conducted in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).
- The audit will also include a report on internal control and compliance related to the major programs as well as a schedule of findings and questioned costs. The report on compliance shall express an opinion as to whether the NSCS has complied with laws, regulations, and the provisions of contracts or grant agreements that may have a direct and material effect on each of its major programs.
- The vendor shall complete and sign specified sections of the data collection form.
- SEFA and footnotes will be prepared by the NSCS System Office from information provided by the State Colleges.
- Audit fieldwork shall be arranged to avoid peak times in the student financial aid office such as August and early September. Submission of audit package to the Federal Clearinghouse shall occur no later than January 31, 2021.

For the NCAA Agreed-Upon Procedures:
- Chadron State College (CSC) and Wayne State College (WSC), require per the NCAA Bylaw 6.2.3.1 “At least once every three years, all expenses and revenues for or on behalf of a Division II member institution's intercollegiate athletics programs, including those by any affiliated or outside organization, agency or group of individuals (two or more), shall be subject to agreed-on procedures approved by the Division II membership (in addition to any regular financial reporting policies and procedures of the institution) conducted for the institution by a qualified independent accountant…”
- The NCAA has developed minimum level of procedures considered necessary to achieve the objective:
  - Athletics Department Statement of Revenues and Expenses
  - Minimum Compliance Agreed-Upon Procedures
  - Minimum Agreed-Upon Procedures
- NCAA Bylaw 6.2.3.1.1. “The report created pursuant to the approved procedures shall be completed and presented to the president or chancellor on or before January 15 after the end of the institution's fiscal year.”
  - WSC Agreed-Upon Procedures due by January 15, 2022 and January 15, 2025
  - CSC Agreed-Upon Procedures due by January 15, 2023 and January 15, 2026
The institution’s agreed-upon procedures report shall be presented to the president or chancellor by the independent accountant. The report’s primary purpose is to ensure that the president or chancellor is made aware of all financial activity (both internal and external) for athletics purposes and to assist the institution in exercising control over financial activity made by or on behalf of the intercollegiate athletics program. The report should not be filed with the NCAA national office. However, should information supplied as a result of this initiative raise questions or prompt concerns about the proper application of NCAA legislation, an institution’s president or chancellor may wish to contact the NCAA administrative services staff for assistance. The report’s secondary purpose is to ensure the accuracy of the data the institution is submitting for sports sponsorship and grants-in-aid, which determines the calculation of several revenue distributions. The agreed-upon procedures scope of work shall include the reporting of revenue and expenses required in the EADA and NCAA financial reporting information. The definitions used in the agreed-upon procedures provide a consistent means of reporting intercollegiate athletics finances and will provide the presidents or chancellors and other campus decision makers of our member institutions with empirical data to assist them in making their formal decisions. Data available for the agreed-upon procedures may vary among institutions as a result of differences in athletics programs’ organizational structure, financial resources and accounting and budgetary methods.

- Perkins Close-Out Review:
  - Wayne State College will require a Perkins audit done in accordance with the Federal Student Aid Federal Perkins Loan Program Assignment and Liquidation Guide. Consideration can be given to include this audit requirement as part of the Single Audit or through a separate letter of engagement.

- All audit services will include obtaining an understanding of the NSCS’s internal control and financial structure and processes sufficient to plan the audit and to determine the nature, timing, and extent of audit procedures to be performed. The successful vendor will produce a report of the findings related to internal controls and processes that shall include proposed improvements and recommendations.

- A management letter detailing vendor’s recommendations shall be delivered to the NSCS at the close of each engagement.
