2.8 Approve Authorization for Chancellor to Negotiate and Sign an Educational Partnership Agreement with the University of Nebraska Board of Regents, for and on Behalf of the University of Nebraska Medical Center, to Continue the Rural Health Opportunity Program (RHOP) for the Nebraska State Colleges

Since April 2019, a series of meetings and collaborative conversations have been held to develop a system level agreement with the University of Nebraska Medical Center (UNMC) for the continuation of the Rural Health Opportunity Program (RHOP) for the Nebraska State Colleges. Over the past several months, several drafts of the agreement have been shared and reviewed by a number of individuals across the system, and their feedback has strongly informed the development process. Attached is the latest draft that is currently being reviewed by all parties. The goal is for a final draft of the agreement to be executed by early Spring 2020.

In accordance with Board Policy 7015, the Board is being asked to grant the Chancellor the authority to conclude negotiations and sign the agreement. 2.10 Approve Addition of Nutrition and Dietetics Undergraduate Degree Program for Chadron State College and Wayne State College

Chadron State and Wayne State jointly request approval to add the following undergraduate major beginning Fall 2020:

**Nutrition and Dietetics**

This new major for both colleges allows students who are interested in becoming nutrition and dietetics practitioners and earning the credential of Nutrition and Dietetics Technician Registered (NDTR). Previously, the degree required for this credential was an associate degree, but changes in the accreditation standards now require the completion of a baccalaureate program. By jointly offering this program through a collaborative offering of required course work and experiential learning opportunities, both Chadron State and Wayne State can serve the state in relation to the growing need for individuals who hold this credential, especially for rural regions of Nebraska.

A motion to approve the Addition of the Nutrition and Dietetics Undergraduate Degree Program for Chadron State College and Wayne State College was recommended by the committee to the full Board, which approved the motion. Voting **AYES:** Bieganski, Chaney, Engles, Blomstedt, and Zeiss.

4.1 First and Final Round Approval of Revisions to Board Policy 6008; Collection of Delinquent Debts; Writing Off Bad Debts and Board Policy 6022; Income; Systemwide Fees; Individual College Fees and Deletion of Board Policy 6009; Withholding Registration, Transcripts and Diplomas from Students Owing Debts and Board Policy 6020; Student Tuition/Fee Deferment

Policy 6008 is proposed for revision in line with the new System Student Account Guidelines. In addition, Policy 6009 on withholding registration, transcripts and diplomas due to outstanding debt and Policy 6020 on Student Payment Plans are being blended into Policy 6008 with proposed revisions.

Finally, Policy 6022 on Student Fees has revisions to include a consistent Late Payment Fee at all three Colleges, as well as a consistent Reinstatement Fee. These changes are also in line with the new Student Account Guidelines.

These proposed changes are the result of the Board’s and the Chancellor’s request to make student account practices more consistent. Such changes will assist students who are taking classes from more than one of our Colleges. Also, the time it takes to write-off charges on student accounts has been decreased significantly, with a goal to continue to look for ways to shorten that timeline.

A motion to approve the First and Final Round Approval of Revisions to Board Policy 6008; Collection of Delinquent Debts; Writing Off Bad Debts and Board Policy 6022; Income; Systemwide Fees; Individual College Fees and Deletion of Board Policy 6009; Withholding Registration, Transcripts and Diplomas from Students Owing Debts and Board Policy 6020; Student Tuition/Fee Deferment was recommended by the committee to the full Board, which approved the motion. 4.2 First and Final Round Approval of Revisions to Board Policy 8050; Reports to Board of Trustees and Deletion of Board Policy 8018; Space Utilization Reports Related to Capital Projects

Periodic facilities reports specified in Board Policy 8050 will be revised to eliminate the reference to biennial space utilization reports and physical plant status reports. The space utilization reports are no longer required by the Coordinating Commission for Postsecondary Education (CCPE), and will be eliminated. The physical plant status reports are redundant of the semi-annual Contingency Maintenance reports, the LB309 Projects reports, and the Quarterly Capital Construction reports, and therefore can be eliminated.

This Board item also eliminates the annual Optimal Enrollment Reports which were not approved through Board Policy. These reports are related to capacities for housing, food service and parking.
Optimal Enrollment Reports are difficult to prepare, they are often confused with other enrollment or housing reports, and the information they provide has limited use.

Board Policy 8018 was approved in 1994 in response to a CCPE requirement for biennial space utilization reports. Since the CCPE requirement no longer exists, Board Policy 8018 can be deleted.

A motion to approve the First and Final Round Approval of Revisions to Board Policy 8050; Reports to Board of Trustees and Deletion of Board Policy 8018; Space Utilization Reports Related to Capital Projects was recommended by the committee to the full Board, which approved the motion. Voting AYES: Bieganski, Chaney, Engles, Blomstedt, and Zeiss.

4.12 Approve Use of $775,000 in Appropriated and Unappropriated Cash Funds on a One-Time Basis for Chadron State College

Board Policy 7001 states: "If needed, revised budgets for the current fiscal year may be submitted to the Board for approval. Revised budget requests must clearly identify the funding source and be accompanied by a full explanation of the proposed program budget adjustments."

Chadron State College is requesting to use $775,000 from its cash funds toward the Math Science project on a one-time basis. Of this amount, $300,000 is from currently appropriated cash funds (through internal reallocation) and $475,000 is from unappropriated cash funds from its required reserves.

Board Policy 6005 notes that approval must be requested from the Chancellor before initiating any action that would cause the required reserve to drop below the eight percent (8%) minimum reserve.
