Good Afternoon Peru State Community,

Over the course of the past few weeks, the search and advisory committees have engaged in an extensive deliberative process, including two rounds of interviews. I want to thank the members of the committees for their dedication to the search process. I know it has been a significant time commitment, but their input has been invaluable as we move through the search process.

On behalf of the search committee, I am pleased to share that the president search committee has identified four talented finalists for the Peru State president position. The four finalists are:
