Report on the Schedule of Expenditures of Federal Awards

We have audited the accompanying schedule of expenditures of federal awards of the Nebraska State College System (System), a component unit of the State of Nebraska, for the year ended June 30, 2020 and the related notes to the schedule of expenditures of federal awards.

Management's Responsibility

Management is responsible for the preparation and fair presentation of the schedule of expenditures of federal awards in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the schedule of expenditures of federal awards that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedule of expenditures of federal awards based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of expenditures of federal awards is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of expenditures of federal awards. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of expenditures of federal awards, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of expenditures of federal awards in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of expenditures of federal awards.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedule of expenditures of federal awards referred to above presents fairly, in all material respects, the expenditures of federal awards of the Nebraska State College System for the year ended June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2020

Notes to Schedule

Basis of Presentation and Summary of Significant Accounting Policies

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of the Nebraska State College System (System) under programs of the federal government for the fiscal year ended June 30, 2020. The accompanying notes are an integral part of this Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the System, it is not intended to and does not present the financial position, changes in net position or cash flows of the System.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The System has elected not to use the ten percent de minimis cost rate allowed under the Uniform Guidance.

Loans Outstanding

The federal loan program listed subsequently is administered directly by the System, and balances and transactions relating to this program are included in the System's basic financial statements, which are issued separately. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule. The balance of loans outstanding at June 30, 2020 consists of:

Program Title

Federal Perkins Loan Program	CFDA #84.038
Wayne	\$ 748,302

Personal Protective Equipment (PPE) (Unaudited)

The Nebraska State College System received donated PPE during the year with an approximate fair market value of \$1,972.

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

Independent Auditor's Report

The Board of Trustees
Nebraska State College System
Lincoln, Nebraska

Report on Compliance for Each Major Federal Program

We have audited the compliance of the Nebraska State College System (the System), a component unit of the State of Nebraska, with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020. The System's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the System's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the System's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the System's compliance.

Opinion on Each Major Federal Program

In our opinion, the System complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the System is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the System's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the System's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Year Ended June 30, 2020

Summary of Auditor's Results

The financial statements of the Nebraska State College System were audited by the Nebraska Auditor of Public Accounts and were provided under separate cover. Certain items are summarized below.

Financial Statements

1. The type of report the Nebraska Auditor of Public Accounts issued on whether the financial statements audited were prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) was:

Unmodified Qualified Adverse Disclaimer

2. The Nebraska Auditor of Public Accounts independent auditor's report on internal control over financial reporting disclosed:

Significant deficiency(ies)? Yes None reported
Material weakness(es)? Yes No

3. Noncompliance considered material to the financial statements was disclosed by the audit by the Nebraska Auditor of Public Accounts? Yes No

Federal Awards

4. The independent auditor's report on internal control over compliance for major federal awards programs disclosed:

Significant deficiency(ies)? Yes None reported
Material weakness(es)? Yes No

5. The opinion expressed in the independent auditor's report on compliance for major federal award programs was:

Unmodified Qualified Adverse Disclaimer

Nebraska State College System
A Component Unit of the State of Nebraska
Schedule of Findings and Questioned Costs - Continued
Year Ended June 30, 2020

6. The audit disclosed findings required to be reported by 2 CFR 200.516(a)? Yes No

7. The System's major programs were:

Cluster/Program	CFDA Number
Student Financial Assistance Cluster	
Federal Supplemental Educational Opportunity Grants	84.007
Federal Work-Study Program	84.033
Federal Perkins Loan Program	84.038
Federal Pell Grant Program	84.063
Federal Direct Student Loans	84.268
Teacher Education Assistance for College and Higher Education (TEACH) Grants	84.379
COVID-19 Higher Education Emergency Relief Fund (HEERF)	84.425

8. The threshold used to distinguish between Type A and Type B programs was \$750,000.

9. The System qualified as a low-risk auditee? Yes No
