**ACTION: Accept the Audit Report for the Facilities Corporation for the Period from
 July 1, 2010 to June 30, 2011**

The audit firm KPMG LLP conducted an audit of the Nebraska State Colleges Facilities Corporation covering the period July 1, 2010 to June 30, 2011. The fee negotiated for the audit is \$8,650 and is paid from capital improvement fees.

The audit includes financial activity related to the LB 605 bond issue. The capital assets accrue to the colleges, while the debt remains a responsibility of the Facilities Corporation, resulting in the negative net assets (deficit) at the end of the year. The information from this audit will be included in our state audit, being performed by the Auditor of Public Accounts.

The letter to the Board indicates that, in the opinion of the KPMG auditors, the financial statements "present fairly, in all material respects, the net assets of the Facilities Corporation and the changes in financial position and cash flows for the year, in conformity with U.S. generally accepted accounting principles."

NEBRASKA STATE COLLEGES FACILITIES CORPORATION

Annual Report for Fiscal Year July 1, 2010 through June 30, 2011

Background Information

The organizational meeting of the Nebraska State Colleges Facilities Corporation was held on July 22, 1983. The corporation was formed in response to the passage of legislation (LB410) allowing the Board of Trustees to make certain renovations and land purchases at the colleges. The bill authorized the sale of long-term bonds to pay for projects, with the state obligating cigarette tax revenues to make the required principal and interest payments. The Facilities Corporation issued bonds in October of 1983 that were repaid by September of 1994.

From the **first sale through 1997**, the Facilities Corporation issued bonds amounting to \$36,065,000, including the following:

- 1987, for the purchase of computer equipment for the state college system;
- 1987, to renovate the Education Building at Peru State College and to add to and renovate the Cushing Coliseum at Kearney State College; and
- 1992, to build the Gardner Business Building at Wayne State College

The last of the historical bonds matured in 1997, and an audit of the Facilities Corporation was conducted by KPMG Peat Marwick for the time period ending October 31, 1997. The report was accepted at the February 1998 meeting of the Board of Directors.

The Facilities Corporation next issued **LB 1100 (1998) bonds in 1999**. The State appropriated \$400,000 annually to the Board of Trustees. Matching funds were provided from the NSCS Capital Improvement Fund, derived from a per-credit-hour charge on all students attending a state college.

The list of final expenditures for each approved project is provided below:

Chadron Memorial Hall renovation	\$2,145,984
Chadron Chilled Water Piping Extension	250,000

Final payment to the bondholders was made in September, 2009.

In 2002, the Facilities Corporation issued **LB 1 (Oct., 2001) bonds**. Payments for the debt service were provided by the State. Funding from the bond issue provided for completion of the Peru Library/ARC (now CATS) renovation and the Wayne Energy Plant purchase and renovation. Total expenditures from the bond proceeds were \$6,758,530 for the Peru Library/ARC project and \$4,149,219 for the Wayne Energy Plant project. Final payment to the bondholders was made in September, 2009.

LB605 Bonds - 2006

In April of 2006, the Legislature approved and the Governor signed LB 605, which appropriated \$1,125,000 annually to the Board of Trustees for the first biennium period and expressed intent to continue such funding for fourteen years beginning July 1, 2006 and continuing through the fiscal year ending June 30, 2020, to undertake maintenance, repair and renovation projects at the State Colleges. Matching funds are required by the Board of Trustees in the amount of \$200,000 in 2006-07, \$400,000 in 2007-08, \$600,000 in 2008-09 and \$1,200,000 for each of the remaining 11 years. The matching funds are provided from the State Colleges' Capital Improvement Fund, which is derived from a per-credit-hour charge on all students attending a state college.

In August, 2006, the Board of Directors approved the bond resolution and related bond documents. Bonds in the amount of \$21,915,000 were issued. The bonds were given an "A" rating with a stable outlook by Standard and Poor's and an "A2" rating with a stable outlook by Moody's. The average coupon rate for the bond issue was 4.32%. Ameritas Investment Corporation was designated as Underwriter for the bonds; and Wells Fargo Bank Nebraska, N.A. is the Trustee. Lauren Wismer of Gilmore & Bell served as bond counsel.
