**ACTION:      Accept the Audit Report for the Facilities Corporation for the Period from  
                 July 1, 2016 to June 30, 2017**

---

The audit firm BKD, LLP conducted an audit of the Nebraska State Colleges Facilities Corporation covering the period July 1, 2016 to June 30, 2017. The fee negotiated for the audit is \$9,525.

The audit includes financial activity related to the LB 605 bond issue and the 2014 Building Bonds. The capital assets accrue to the colleges, while the debt remains a responsibility of the Facilities Corporation, resulting in the negative net assets (deficit) at the end of the year. The information from this audit will be included in our state audit, being performed by the Auditor of Public Accounts.

The letter to the Board indicates that, in the opinion of the BKD, LLP auditors, the financial statements “present fairly, in all material respects, the financial position of the Nebraska State Colleges Facilities Corporation as of June 30, 2017 and 2016, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.”

## Annual Report Fiscal Year July 1, 2016 through June 30, 2017

### Background Information

The organizational meeting of the Nebraska State Colleges Facilities Corporation was July 22, 1983. The corporation's formation was in response to the passage of legislation (LB 410) allowing the Board of Trustees to make certain renovations and land purchases at the colleges. The bill authorized the sale of long-term bonds to pay for projects, with the state obligating cigarette tax revenues to make the required principal and interest payments. The Facilities Corporation bonds were issued in October of 1983 and were repaid by September of 1994.

From the **first sale through 1997**, the Facilities Corporation issued bonds amounting to \$36,065,000, including the following:

- 1987, for the purchase of computer equipment for the state college system;
- 1987, to renovate the Education Building at Peru State College and to add to and renovate the Cushing Coliseum at Kearney State College; and
- 1992, to build the Gardner Business Building at Wayne State College

The last of the historical bonds matured in 1997.

The Facilities Corporation next issued **LB 1100 (1998) bonds in 1999**, The State appropriated \$400,000 annually to the Board of Trustees. Matching funds were provided from the NSCS Capital Improvement Fund, derived from a per-credit-hour charge on all students attending a state college. Bond proceeds included \$6,980,354 toward construction. Projects receiving funding from the LB 1100 (1998) bonds were:

- Chadron Memorial Hall renovation and Chilled Water Piping Extension
- Peru Campus Services Building renovation/addition and Boiler Replacement/Distribution System
- Wayne Ramsey Theatre renovation, Broadcast Studio Relocation, Hahn Administration Asbestos Survey, Memorial Stadium Design/Development and Improvements, and the Rice Floor replacement

Final payment to the bondholders was made in September, 2009.

In 2002, the Facilities Corporation issued **LB 1 (Oct., 2001) bonds**. The State provided all payments for the debt service. Total expenditures from the bond proceeds were \$10,907,749 for the Peru Library/ARC project and the Wayne Energy Plant purchase and renovation. Final payment to the bondholders was made in September, 2009.

## LB 605 Bonds - 2006

In April of 2006, the Legislature approved and the Governor signed LB 605. LB605 authorized the appropriation of \$1,125,000 annually to the Board of Trustees for the first biennium period and expressed intent to continue such funding for fourteen years beginning July 1, 2006 and continuing through the fiscal year ending June 30, 2020, to undertake maintenance, repair and renovation projects at the State Colleges. Matching funds were required in the amount of \$200,000 in 2006-07, \$400,000 in 2007-08, \$600,000 in 2008-09 and \$1,200,000 for each of the remaining 11 years. The matching funds came from the State Colleges' Capital Improvement Fund, derived from a per-credit-hour charge on all students attending a state college.

The Board of Directors approved the bond resolution and related bond documents in August, 2006. Bonds in the amount of \$21,915,000 were issued.
