BOARD OF TRUSTEES OF THE NEBRASKA STATE COLLEGES ITEMS FOR DISCUSSION AND ACTION\FISCAL, FACILITIES AND AUDIT

ACTION: Approve Colle	Approve College Facility Master Plans
, 10, 10, 11	Tippie to conego i domey made. I fame

Campus Facility Master Planning is completed every ten years per Board Policy 8016. The Colleges, in conjunction with the consulting firms of RDG Planning & Design, and Advanced Engineering Systems, Inc., have completed required planning for the next decade. The process has involved consideration of issues including land use, buildings, infrastructure, open space, circulation systems, and landscape design. The process gathered and analyzed relevant background data and reports, stakeholder input, extensive assessment of existing building conditions, in order to evaluate and explore ideas and strategies to meet the needs of each College.

On April 21, 2022, a presentation of the College Facility Master Plans will be provided to the Board by RDG architects that have managed the process and developed the Plans over the last year.

The System Office recommends approval of the College Facility Master Plans.
