---

During the March 2021 meeting, the Board of Trustees approved the implementation of an annual review process for Low-Threshold Programs to monitor the ongoing efforts of the individual programs at each State College.

The Spring 2022 NSCS Low-Threshold Report provides updated data for NSCS academic programs which have been approved for continuation, with annual monitoring. The data in the report represent the number of students who graduated during that academic year and the 5-year graduate mean.
