ACTION: First and Final Round Approval of Deletion of Board Policy 6026; Income; State Lands

Policy 6026 summarizes language from Neb. Rev. Stat. §85-317 relating to the land and endowment funds designated for the State Colleges and managed by the Board of Educational Lands and Funds. This single sentence policy is not necessary and we believe it should be removed from the NSCS Policy Manual.

The System Office recommends approval of the Deletion of Board Policy 6026; Income; State Lands.
