#### **Independent Auditor's Report**

The Board of Trustees Nebraska State Colleges Student Fees and Facilities Revenue and Refunding Bond Program Lincoln, Nebraska

#### **Opinion**

We have audited the financial statements of the Nebraska State Colleges Student Fees and Facilities Revenue and Refunding Bond Program (the Program), as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Program, as of June 30, 2023 and 2022, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Nebraska State Colleges Student Fees and Facilities Revenue and Refunding Bond Program and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures in
  the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Program's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Program's basic financial statements. Schedules 1-5, 7, and 8 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Schedules 1-5, 7, and 8 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the report. The other information comprises Schedules 6 and 9 but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

The following is an overview of the financial position and changes in net position of the Nebraska State Colleges Student Fees and Facilities Revenue and Refunding Bond Program (the Program). Management has prepared the following discussion and analysis and it is intended to be read in conjunction with the financial statements and related notes that follow this section.

The Board, for the benefit of the Nebraska State Colleges, issues bonds to finance the construction, repair, and maintenance of revenue bond buildings owned and operated by the Board of Trustees of the Nebraska State College System. The Program provides funding for general operations as well as funding for various construction and renovation projects as specified by the individual bond documents. The Program is designed to provide greater flexibility to finance revenue bond projects at the three Colleges. The current revenue bond master resolution was approved in 2002 by the Board.

The financial statements include the following bonded projects for the years ended June 30, 2023 and 2022:

### Student Fees and Facilities Revenue and Refunding Bond Program Management's Discussion and Analysis Years Ended June 30, 2023 and 2022

The operations in the Program decreased in fiscal year 2023 with operating income posting a 16% decrease over 2022. The decrease in operations of the Program in fiscal year 2023 is mainly due to increased operating expenses due to inflation and a reduction in occupancy. This compares with an increase of 42% from fiscal year 2021 to 2022, mainly due to increased rental income and decreased repair and maintenance expenses.

The student fee portion of the Program is driven by a per credit hour fee paid by all students. For fiscal year 2023 the revenue bond portion of the facilities fee was \$16.75 per credit hour at Chadron State College, \$29.50 per credit hour at Peru State College and \$20.30 per credit hour at Wayne State College. The revenue bond portion of the facilities fee was \$16.75 per credit hour at Chadron State College, \$28 per credit hour at Peru State College and \$19.05 per credit hour (\$255 maximum per semester) at Wayne State College for fiscal years 2022 and 2021. Student fee revenue generated through this per credit facilities fee was \$3,793,121, \$3,651,687, and \$3,612,595 for fiscal years 2023, 2022 and 2021, respectively. The overall increase in facilities fee revenue from 2021 to 2023 was \$180,526 or 5.0%.

Overall Program occupancy of residence halls for fiscal year 2023 decreased with a 72.3% combined occupancy rate for the fall semester and a 65.2% combined occupancy rate for the spring semester. In 2022 and 2021, respectively, the combined occupancy rates for the fall semester were 74.3% and 72.8% and for the spring semester were 65.6% and 63.3%.

#### Capital Assets and Debt Administration

As of June 30, 2023, the Program had recorded \$46.2 million in the carrying value of capital assets. This includes land, buildings and improvements, equipment, and infrastructure, and is net of accumulated depreciation. This was a decrease of \$1.6 million from the previous year and is mainly due to the net effect of depreciation for the fiscal year, addition of equipment, and the expenditures related to the design of the new housing project at Wayne State College.

No new debt was issued during fiscal year 2021, 2022, or 2023.

At the end of fiscal years 2023, 2022 and 2021, the Program had \$31,755,000, \$33,965,000 and \$36,130,000, respectively, in outstanding debt. Debt service repayment will be entirely through charges for services and facility fees. Debt service payments decreased bonds payable by \$2,210,000 in 2023, \$2,165,000 in 2022, and \$2,115,000 in 2021.

#### Economic Outlook and Subsequent Events That Will Affect the Future

It is management's current belief that the Program will continue to realize revenues sufficient to cover debt service. Each College budgets expenses prudently while allocating sufficient funds to adequately repair and maintain the facilities so that services can be offered at competitive prices to students.

Upcoming revenue bond and auxiliary contingency maintenance projects include: Chadron State College Andrews Hall Corridor Upgrades & Lighting Retrofit, Kent Hall Elevator Upgrade, Revenue Bond Buildings Entrance Upgrades, Network Infrastructure Upgrades, Building Envelope Repairs & Mechanical Room/Infrastructure Upgrades, Student Center Equipment & Furnishings Replacements, and Residence Halls Room Furnishings, Repairs & Improvements; Peru State College Centennial Complex - Clayburn and Mathews Halls Roofs Replacement, Residence Halls Abatement, Painting, Flooring & Furnishings, and Oak Hill Apartments Demolition; Wayne State College Bowen Hall Water Softener & Water Line Replacement, Morey Hall Doors Replacement, Apartment Renovation & A/C Upgrades, Rec Center Recreation Improvements, Residence Halls Programming/Design for Renovation/Replacement, Student Center Exterior Improvements, Terrace Hall Restrooms, and Fire Sprinkler Heads & Window Improvements.

## Student Fees and Facilities Revenue and Refunding Bond Program Notes to the Financial Statements June 30, 2023 and 2022

#### Note 1: Description of the Entity and Program

The Board of Trustees (the Board) of the Nebraska State Colleges System (NSCS) was established in 1919 under a provision of the state constitution. The Board has seven members, six of whom are appointed by the governor to six-year terms with legislative approval. The Nebraska Commissioner of Education serves as an ex-officio member. The Board is responsible for policy and oversight of Nebraska's three state Colleges: Chadron State College (established in 1911), Peru State College (established in 1867) and Wayne State College (established in 1910).

The Board, for the benefit of the Nebraska State Colleges, issues bonds to finance the construction, repair and maintenance of revenue bond buildings owned and operated by the three state Colleges (the Colleges). The Student Fees and Facilities Revenue and Refunding Bond Program (the Program) provides funding for general operations as well as funding for various construction and renovation projects as specified by the individual bond documents. The Program is designed to provide greater flexibility to finance revenue bond projects at the three Colleges. The current revenue bond master resolution was approved in 2002 by the Board.

#### Note 2: Basis of Presentation

The accompanying financial statements of the Program, which include Bond Series 2012, 2013, 2014, 2015 and 2016, have been prepared in accordance with U.S. generally accepted accounting principles, as prescribed by the Governmental Accounting Standards Board (GASB) using the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange transaction takes place. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from nonexchange activities are recognized when all applicable eligibility requirements are met. Nonexchange transactions that are not program specific, investment income and interest on capital asset-related debt are included in nonoperating revenues and expenses.

## Student Fees and Facilities Revenue and Refunding Bond Program Notes to the Financial Statements June 30, 2023 and 2022

#### Note 3: Summary of Significant Accounting Policies

#### Cash and Cash Equivalents

Cash and cash equivalents held by the Nebraska State Treasurer are deposited on a pooled basis in a State fund or held by the bond trustee in money market accounts with brokers. Income earned by the pool is allocated to the Program based upon average daily balances. From time to time, the Nebraska State Investment Officer, as allowed by statute, participates in securities lending transactions, which make use of amounts on deposit from the Program. Securities lending transactions cannot be specifically identified as amounts on deposit from the Program and, as such, are not included in the financial statements for the years ended June 30, 2023 and 2022.

The Program considers all liquid investments with original maturities of three months or less to be cash equivalents. At June 30, 2023 and 2022, cash equivalents consisted of money market accounts held by the bond trustee and pooled funds invested by the Nebraska State Investment Officer. All amounts are considered restricted, either for debt service or by enabling legislation.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expense and other changes in net position during the reporting period. Actual results could differ from those estimates.

#### Accounts Receivable

The Program's accounts receivable consist primarily of charges for student room and board and facilities fees, charges for room and board for various summer camps, a guaranteed bookstore commission and vending contract receivable. The accounts receivable for charges for student room and board and facilities fees are recorded net of estimated uncollectible amounts. The allowance for uncollectible amounts was \$80,476 and \$238,239 at June 30, 2023 and 2022, respectively. Management does not believe an allowance for doubtful accounts is necessary for the other accounts receivable at June 30, 2023 and 2022.

## Student Fees and Facilities Revenue and Refunding Bond Program Notes to the Financial Statements June 30, 2023 and 2022

#### Note 3: Summary of Significant Accounting Policies - Continued

#### Capital Assets

The Program's capital assets are recorded at cost as of the date of acquisition, or acquisition value at the date of donation if acquired by gift. The Program follows the capitalization policy set forth by the Board for the NSCS. Generally, equipment that has a cost in excess of \$5,000 at the date of acquisition and has an expected useful life of two or more years is capitalized. Also, all land, buildings, infrastructure and construction in progress are capitalized if they are expected to meet the Program's capitalization threshold as dictated by the capitalization policy. Art objects, specimens, artifacts and collections are expensed so long as the items meet three conditions in accordance with generally accepted accounting principles. Asset depreciation is computed using the straight-line method over the estimated useful life of each asset beginning with the month of purchase. The following estimated useful lives are being used by the NSCS:

Buildings and improvements 25-50 years Infrastructure 10-30 years Furniture, fixtures and equipment 3-10 years

#### Compensated Absences

The NSCS's policies permit most employees to accumulate vacation benefits. Staff earn 12 to 25 days of vacation each year and may accrue vacation up to the maximums established in Board policy and/or in the respective bargaining agreements. An employee's accrued vacation is paid out to the employee upon termination. Expense and the related liability are recognized as vacation benefits when earned whether the employee is expected to realize the benefit as time off or cash. In addition, professional and support staff receive a cash payment of one-fourth of accrued sick leave upon retirement from the NSCS. Expense and the related liability for sick leave benefits are recognized when earned to the extent the employee is expected to realize the benefit in cash determined using the termination payment method. Sick leave benefits expected to be realized as paid time off are recognized as an expense when the time off occurs.

#### Unearned Revenue

Unearned revenue represents facilities fees collected in advance for the summer term for which the College has not met all the applicable eligibility requirements and longevity bonus revenues and investment (improvement) revenues from food service and/or vending contractors, which are being amortized over the life of the contracts.

### Student Fees and Facilities Revenue and Refunding Bond Program Notes to the Financial Statements June 30, 2023 and 2022

#### Note 3: Summary of Significant Accounting Policies - Continued

#### **Income Taxes**

As a state institution, the income of the NSCS and the Program is generally exempt from federal and state income taxes under Section 115(a) of the Internal Revenue Code and provisions of state law. However, the NSCS and the Program are subject to federal income tax on any unrelated business taxable income.

#### Deferred Outflows of Resources and Deferred Inflows of Resources

A deferred outflow of resources is a consumption of net position by the Program that is applicable to a future reporting period and a deferred inflow of resources is an acquisition of net position by the Program that is applicable to a future reporting period. Both deferred inflows and outflows are reported in the statements of net position but are not recognized in the financial statements as revenues and expenses until the period(s) to which they relate. Deferred outflows of resources of the Program consist of unamortized bond refunding amounts. The Program has no deferred inflows of resources as of June 30, 2023 and 2022.

#### Classification of Revenues and Expenses

The Program has classified its revenues and expenses as either operating or nonoperating according to the following criteria:

Operating revenues include activities that have the characteristics of exchange transactions, such as 1) student tuition and fees, net of waivers and 2) sales and services of auxiliary enterprises. Operating expenses represent the full cost of providing the services and goods associated with operating revenues. These expenses are accrued when incurred and measurable.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, investment income, and federal grants. Nonoperating expenses include debt service expenses.

#### Application of Restricted and Unrestricted Resources

When both restricted and unrestricted resources are available for use, it is the Program's policy to use restricted resources first, and then unrestricted resources as they are needed.

#### **Net Position**

Net position of the Program is required to be classified into three components – net investment in capital assets, restricted and unrestricted. The Program has no unrestricted net position component as any Program revenues not restricted by other sources are restricted for the purpose of the operation and maintenance of the Program per enabling legislation. The Program's net position is classified as follows:

## Student Fees and Facilities Revenue and Refunding Bond Program Notes to the Financial Statements June 30, 2023 and 2022

#### Note 3: Summary of Significant Accounting Policies - Continued

#### **Net Position - Continued**

The net investment in capital assets component of net position represents the total investment in capital assets, net of accumulated depreciation and outstanding debt obligations related to the acquisition, construction or improvement of those capital assets. Deferred outflows and inflows of resources that are attributable to the acquisition, construction or improvement of those assets, if any, are included in this component of net position. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets.

The restricted expendable component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), contributors, or law or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

#### Waivers

Room and board are reported net of institutional waiver allowances in the statements of revenues, expenses and changes in net position. The institutional waivers on room and board for the Program for the years ended June 30, 2023 and 2022, were approximately \$2,537,000 and \$2,572,000, respectively.

#### Note 4: Cash and Cash Equivalents

#### **Deposits**

All Program deposits are either insured or collateralized. By state statute, the State Treasurer is required to ensure that all state funds are either insured by the Federal Deposit Insurance Corporation (FDIC), collateralized by securities held by the cognizant Federal Reserve Bank or invested in U.S. government obligations. The Program's deposits with the State Treasurer are pooled with the funds of other state agencies and then, in accordance with statutory limitations, deposited in banks or invested as the State Treasurer may determine. Interest on funds held by the State Treasurer is periodically disbursed to the participating agencies. These funds are considered to be cash and cash equivalents which are available for expenditures as needed.

In the event of such default, the outstanding bonds contain a provision stating that the registered owners of 25% of the aggregate principal amount of the Bonds then outstanding may declare the principal of all bonds then outstanding to be due and payable immediately.

Note: Occupancy numbers are based on occupancy levels at the end of each term and do not reflect changes that may occur during the course of each term. The occupancy percentages are based on the number of beds occupied, as the rooms were designed. In many cases, students elect to pay a higher rate for a two-bed room and occupy it as a private room. The "room occupancy" rate, which is higher at all three colleges than the bed occupancy percentages, gives a clearer picture of the situation that exists.
