Ms. Grimes moved and Dr. Christensen seconded a motion to go out of executive session at 11:00 a.m. to reconvene in Work Session. Christensen, Gigstad, Grimes, Kolkman, and Lindau voted aye. Motion carried. (Hollis, Hunke and Renze were excused from the second half of the Executive Session.)

WORK SESSION
Mr. Kolkman, Chair, called the Work Session to order at 11:05 a.m. to continue the discussion of financial aid that began during the January 15 Board meeting. Dr. Krause led the discussion with the following points of interest:

- Nebraska ranks 38th in state-supported aid / scholarships
- Students have an average debt of $9,300 upon graduation
- Approximately 70% of State College students receive some form of financial aid
- Most State College financial aid is not for the full four years; the exception is the Board of Trustee scholarship and some Presidential grants.

Information provided by the System Office indicated the following distribution of financial aid in the State College System:

As tuition increases, the access to financial aid becomes even more important. Campus representatives expressed concern about the shift from grant aid to debt-based aid in the form of student loans. Board members were asked to consider:

- Should more financial aid be made available for all four years as opposed to only the first or second year?
- Should Board policy dictate that campuses fund a certain percentage of tuition waivers?

Board members agreed that increased funding for financial aid would only happen with more pressure on state and federal governments to support higher education.

Mr. Kolkman raised the question, "What must the Board do to make sure the student with financial need is able to stay in school?" Dr. Christensen asked that three scenarios showing various degrees of financial need and financial aid available be presented to the Board for review. Campus representatives will work with the System Office to prepare information to be shared with the Board at its September meeting.

The discussion turned briefly to athletic scholarships and athletic gender equity in general. Dr. Schultz noted that the State Colleges are making progress toward meeting the gender equity requirements. These include compliance in participation opportunities, financial aid awarded, and equivalence in other program areas. Board members asked that a plan be presented at its December meeting. The plan shall be structured so that full compliance will be reached within five to seven years with annual updates being provided to the Board.

OLD BUSINESS – Final Progress Report on MGT Recommendations

Dr. Krause presented the final report on the MGT of America recommendations for the Nebraska State College System. This brought closure to a project began in 1996 to review the administrative and programmatic structure of the System and provide recommendations to assure efficient and effective System and campus operations. While most action required by the recommendations has been completed, some activities have been delayed until the State’s new Nebraska Information System has been installed. The timeline for that project to be accomplished is FY 2004. In summary the following actions have been completed:

- A revised peer institution listing was approved by the Coordinating Commission
- Chadron State College reallocated four management positions partially funded by revenue bond funds to be completely funded by state funds
- Standardized forms were developed by the System Office to collect statistical data from the colleges, thus eliminating the need for regular data requests
- The DAS Materiel Division bidding process limits were raised from $5,000 to $10,000 with passage of LB 314 in 1997, thus reducing expenses and staff time
- A System Office web site was developed to make Board materials and other system information more readily available to system employees and the public
- Funding for a facilities planning position for the system has been requested as part of the 1999-01 budget
- A system-wide academic calendar has been established to begin in 1999-00
- An inter-institutional Advanced Studies degree is in the midst of being developed
- Telecommunications technology is in place on each campus and joint meetings among the three colleges and System Office have occurred
- Campuses have initiated course sharing in the areas of foreign languages, the honors program, social work, educational media and/or the MBA

SUBCOMMITTEE AGENDA
Academic Affairs, Student Life & Personnel Subcommittee
Dr. Christensen, Committee Member

Resignation of Dr. Richard Flynn
Dr. Christensen moved and Ms. Lindau seconded a motion to accept the resignation of Dr. Richard Flynn, Interim President at Peru State College, effective February 28, 1999, and adopt the following resolution of appreciation:

"Whereas, Dr. Richard Flynn has effectively and efficiently served the Nebraska State College System as Interim President of Peru State College from July 1998 until February 1999, and

"Whereas, Dr. Flynn's leadership has helped to unify the campus through interactive discussion and consensus building, and

"Whereas, his outreach efforts within and among the entire Peru State College service region have brought the communities of southeastern Nebraska together in support of Peru State College,

"Now therefore be it resolved that the Board of Trustees of the Nebraska State College System extends thanks and
appreciation for Dr. Flynn’s contribution to Peru State College and the State College System as a whole, and wishes him well in his new position.

Christensen, Gigstad, Grimes, Kolkman, Lindau and Renner; Hollis, Hunke and Renz voted aye. Motion carried.

**Preliminary Notification of New Programs**

Discussion of Policy 5011: Employment Contracts; President and Executive Director
The recent buy-out of the remaining six months of Dr. Robert Burns' contract has been in the press and has raised some questions regarding the policy provision allowing for such a buy-out. Board members reaffirmed their support of Policy 5011 that states, "During the final contract year, the Executive Director or President may be assigned administrative or other duties at one of the State Colleges or in the System Office. An alternate arrangement may be negotiated which is mutually agreeable to the person involved and the Board."

**Wayne State College, Administrative Computer Purchase**

At the November 12, 1998 Board meeting, authorization was given to Wayne State College to proceed with a financing arrangement through the State of Nebraska Master Lease Program for replacement of administrative computer equipment. Purchase of the proposed computing system was not to exceed a cost of $95,000, subject to receipt of sealed bids and approval of financing. Furthermore, Wayne State College requested that the Executive Director be authorized to approve the purchase of the proposed administrative computing system. After review of bids, the proposal from Great Lakes Computer of Grand Rapids, Michigan, met the proposed system requirements at a cost of $92,684. The Executive Director has given authorization to Wayne State College to proceed with the purchase.

Program for Certified Financial Planners
Ms. Grimes, a Certified Financial Plan Practitioner, reported that the industry is finding it difficult to hire certified financial planners. After reviewing the business/accounting courses currently offered by the State Colleges, she requested the campuses examine the possibility of offering a certified financial planning program. She provided some information to the Presidents showing the minor changes/additions that would be necessary to offer such an academic program.

INFORMATION ITEMS
Reports
Mr. Hollis reported that the Peru State College students are excited about campus activities. He also requested that the Board publish its stand on legislative bills of importance to the State Colleges. (It was noted that a copy of the testimony given by the Board Chair at the Education Committee hearing was distributed to all Board members and Presidents following the hearing.)

Dr. Martin reported that Peru State College administrators are involved in the major strategic and benchmark planning due to the Coordinating Commission by April 1. The campus has also hosted many middle school and high school students recently through a Business contest, History Day and music events.

Ms. Renze commented that Wayne State College students have been following with interest the progress of legislative bills relating to higher education. She also reported that Student Senate elections were held recently.
Dr. Halsey commented that Wayne State College scholarship applications are up for 1999-00 and 300 of the 800 dorm rooms have been wired for computer access.
